OVERTURES

The Stated Clerk presented the following overtures which were referred as indicated:

To the Standing Committee on Bills and Overtures, 1-7.

1. From the Presbytery of Abingdon:

Abingdon Presbytery respectfully overtures the General Assembly of the Presbyterian Church in the United States to initiate proceedings to make changes in the CONFESSION OF FAITH and in the new DIRECTORY FOR THE WORSHIP AND WORK OF THE CHURCH as follows:

(1) that the CONFESSION OF FAITH, Chapter XXIX, section IV, be amended by replacing the words: 'minister of the word, lawfully ordained,' with the words: 'person lawfully ordained and appointed thereunto.'

(2) that the CONFESSION OF FAITH, Chapter XXX, section II, be amended by replacing the words: 'minister of the gospel, lawfully called thereunto,' with the words: 'person lawfully ordained and appointed thereunto'.

(3) that the DIRECTORY FOR WORSHIP AND WORK, Section 209-1, be amended by adding the words: 'or a ruling elder when he is specifically authorized to do so by a church court'.

(4) that the DIRECTORY FOR WORSHIP AND WORK, Section 210-6, be amended by deleting the words: 'but baptism may be performed only by an ordained Minister'.

(5) that the DIRECTORY FOR WORSHIP AND WORK, Section 211-1, be amended by adding the words: 'or a ruling elder when he is specifically authorized to do so by a church court'.

We believe that these revisions should be made for the following reasons:

A. We have no biblical authority for restricting the administration of the sacraments to ordained ministers only.
   1. Paul considered preaching of more importance than the administration of baptism. (I Cor. 1:14-17) We encourage our ruling elders to develop the gift of preaching. Why then do we forbid the ruling elder from the administration of the sacraments?

2. Jesus himself did not baptize but left this to his disciples. (John 4:2)
3. When baptism is administered and when the Lord's Supper is observed in the New Testament church, we find no indication that any special person was required for the administration of these sacraments.
4. Scripture indicates that Paul was baptized by Ananias, who so far as is recorded was but a 'certain disciple'. (Acts 9:10-19, 22:12-16)

B. We do have biblical authority for insisting that the sacraments must be administered with proper forethought and understanding. If these proposed revisions are adopted, decency and good order are preserved.
1. Many ruling elders in our church are thoroughly qualified to administer the sacraments.
2. In certain areas where there are churches removed from or otherwise deprived of an ordained ministry, the proposed amendments would be particularly practical and helpful.

C. The parity of elders is a distinguishing mark of our church, nor do we believe that the distinction of ruling elder and teaching elder is sufficient authorization for our forbidding the ruling elder from the administration of the sacraments.
1. The requirement that only an ordained minister may administer the sacraments prejudices this parity and connotes doctrines of an episcopate, of priesthood, and or ordination, which are foreign to the New Testament.
2. The DIRECTORY FOR WORSHIP AND WORK, Section 211-5, plainly teaches that ordination is not necessary for a person to assist in the administration of the sacrament of the Lord's Supper.
3. The DIRECTORY FOR WORSHIP AND WORK, Section 210-6, provides that a ruling elder appointed by the Session may preside in the making of a profession of faith. Why then prohibit a ruling elder appointed by the Session from the administration of baptism?

2. From the Presbytery of Wilmington:

"Wilmington Presbytery respectfully overtures the General Assembly to appoint an Ad-Interim Committee to study the whole matter of licensing laymen to preach the gospel, requisite to pastorless churches, and other proper duties in the church, normally performed by ordained pastors."

3. From the Presbytery of Athens:

"The Presbytery of Athens respectfully overtures the 1963 General Assembly to appoint an ad interim committee charged with the responsibility of studying the whole matter of the administration of the sacraments, in the light both of the scripture and of the interpretations embodied in our standards of doctrine and polity, with special regard to the possibility and advisability of permitting persons other than ordained ministers of the word to administer the sacraments in an orderly manner to groups of communing believers."

4. From the Presbytery of Pee Dee:

"In view of certain recent deliverances of the United States Supreme Court with reference to prayer in the class-rooms of our Public Schools, Pee Dee Presbytery respectfully overtures the Assembly to join with other Churches in asking the Supreme Court to refrain from such deliverances as may tend to establish our Nation before the world as a Godless Nation, and may tend to establish a Godless humanism as a national religion."

5. From the Presbytery of Northeast Texas:

WHEREAS, the Church desires to witness to its faith and insights in a world with many problems and issues, and

WHEREAS, the insights of faith and the decisions based thereon must be made applicable within a recognized pluralistic society where all groups are close and interdependent, and at a time when secular values and standards ofttimes go counter to Christian values, and

WHEREAS, the Church, over the years, has, through its Courts, made pronouncements on various problems and concerns of our society in the name of the prophetic role of the Church, which role must be maintained, but which role is often jeopardized if the Church becomes merely another pressure group, and

WHEREAS, the actions of the Church Courts in making these pronouncements of

faith and Christian insight are often unclear concerning just to whom they are addressed, and just what further action should be taken, if any, and, by whom, and

WHEREAS, the real issue becomes, in the final analysis, the attitudes and decisions of individual members and local congregations,

The Northeast Texas Presbytery therefore overtures the General Assembly of the Presbyterian Church in the United States:

1. To establish a procedure and a form for the Presbyterian Church, U.S., to follow in making pronouncements and taking action concerned with issues of life in our society. This should be done in such a manner as would assure Christians seeking to be aware, and informed, concerning these issues, of the facts which study and scholarship have brought to light, of the special insights of the Christian Faith which the Biblical and theological tradition of the Church make available, and, of the assistance which this brings to personal understanding and conviction with regard to such issues.
2. That such procedure and form make especially clear to whom such studies, pronouncements, and advice are addressed, with ordinary preference being given to regarding them as "letters to the churches", or "pastoral letters", designed for study by the churches, and especially by the Sessions as they seek to give spiritual leadership to the local congregations. This appears to be especially appropriate as we deal with the Covenant Life Curriculum and its concern with Christian life and work, emphasizing personal understanding, personal attitudes, and personal commitment and action. This would counteract the effect which too often has accomplished "passing resolutions," namely, that of deluding ourselves into thinking we have really done something concerning the actual issues at hand simply by having passed a resolution. This type of procedure and form would also give leadership in the necessary exploration of how the people of the Church may best proceed to take action which will not be that of merely another pressure group, thus jeopardizing the true prophetic role of the Church.
3. That this whole matter be carefully studied and broadly conceived as relating to the whole mission and impact of the Church in the modern world, rather than just as a matter for a specific area of the Church's program, such as Christian Relations.

6. From the Presbytery of Granville:

WHEREAS, the Presbytery of Granville believes the following to be true:

1. The Lord Jesus Christ took upon himself the form of a servant, humbling himself, claiming no privileges, and he called on his followers to imitate his example.
2. The Apostles considered it their highest honor to be called "slaves of Christ", and the ordained ministry of the church is intended to continue in that tradition.
3. The Church is the Body of Christ and is intended to continue the work of Christ as the suffering servant of God in the world.
4. The use of the word "reverend" as a form of address and as a designation or title for ordained ministers is ungrammatical and suggests a "holiness" that draws a false distinction between the ministry and the laity who, as well as ministers, are called to be imitators of Christ.
5. The use of the word "reverend" as a form of address or title canot be justified by Scripture, nor is it consistent with our Reformed doctrine of the priesthood of all believers.
6. The use of academic degrees such as "doctor" as titles for ministers creates and sustains an artificial distinction between ministers in the Church, indicating little or nothing about the individual's commitment to the Lord Jesus Christ or his suitability to minister in the Church.
7. The Church has as a part of its mission in the world to eliminate false distinctions between men and to place no value on man made status symbols.
8. The Church in our time faces a serious threat posed by its easy acceptance by the world and by our culture, with the world seeing little difference between its standard of values and the church's, and if the Church is to bear witness to the Lordship of the Suffering Servant Jesus Christ, and do this by emulating his example, the leadership of the Church ought to forego gladly the use of status titles which hinder the true witness of the Church.
9. If the Church wishes to make any distinction as to the duties and responsibilities

of ministers within the context of the Church's total life, the adjective "reverend" and title "doctor" accomplish neither of these purposes.

10. Some other title such as "pastor" is a much clearer designation of function and removes much of the distasteful effects of the adjective "reverend" and title "doctor".

Be it therefore resolved that the Presbytery of Granville overture the General Assembly:

1. To declare its position on the use of the word "reverend", believing that it can no longer be justified in the life of the church and that the word "reverend" should no longer be used in church courts or Minutes of church business at all levels, and that the laymen of the entire church be encouraged to forego the use of same.
2. To discourage the use of titles based on academic degrees as titles for ministers in the church and that the General Assembly order that all use of degrees in the Minutes of the General Assembly be discontinued.

7. From the Presbytery of Suwanee:

The Presbytery of Suwannee respectfully overtures the General Assembly of the Presbyterian Church in the United States meeting in Huntington, West Virginia, April 25, 1963, to instruct its Permanent Committee on Christianity and Health to make a study of the effects of the consumption of tobacco on the human body.

To the Standing Committee on Assembly Operation, 8-12:

8. From the Synod of Georgia:

The Synod of Georgia overtures the General Assembly of the Presbyterian Church in the United States as follows:

> The Synod of Georgia requests the General Assembly to request the Committee on Assembly Operation to study the boundary problems among the Synods caused by the expansion of Metropolitan Areas Across Synod Boundaries.

9. From the Presbytery of Atlanta:

"That the Atlanta Presbytery requests the General Assembly in revisions of the Book of Church Order and the Confession of Faith, to arrange to publish the changes in a period of not less than three months, and that these changes become effective only after a period of six months after their final date of publication."

10. From the Presbytery of Central Texas:

Inasmuch as a DIRECTORY OF MINISTERS of the Presbyterian Church in the United States was prepared in 1941 and offered for sale; and

Inasmuch as this DIRECTORY was revised and re-issued in 1950-1951 and offered for sale; and

Inasmuch as a temporary spiral-bound supplementary edition was issued in 1956, thus anticipating a permanent-type edition for 1961, following precedent; and

Inasmuch as the General Assembly's Minutes of each year since 1951 has carried a listing of newly ordained Ministers, and those received from other denominations; and

Inasmuch as the DIRECTORY OF MINISTERS of the Presbyterian Church in the United States has proven useful and helpful;

THEREFORE, the Presbytery of Central Texas respectfully overtures the 103rd General Assembly of the Presbyterian Church in the United States:

To instruct the Stated Clerk's office to prepare and offer for sale a revised, permanent-type edition of the DIRECTORY OF MINISTERS as soon as possible.

11. From the Presbytery of Montgomery:

WHEREAS, the clerical leadership of our denomination is constantly changing, and

WHEREAS our present *Ministerial Directory* is thoroughly out-dated and

WHEREAS a new *Ministerial Directory* is desperately needed, not only for present reference, but for future source material,

THEREFORE, the Presbytery of Montgomery overtures the General Assembly of our church to take immediate steps to see that a comprehensive, thorough, up-dated *Ministerial Directory* be produced and published.

12. From the Presbytery of Northwest Misouri:

The Presbytery of Northwest Missouri respectfully overtures the General Assembly to instruct its committee of Assembly Operation to make sure that any city from which an invitation to the Assembly to meet herein is extended, will provide assurance that hotel and restaurant facilities will be made available to all commissioners equally without regard to race, that the Assembly make known to the churches that it will not meet in any city where racial discrimination is generally practiced in hotels and restaurants.

To the Standing Committee on Inter-Church Relations, 13-21, 37 and 39.

13. From the Presbytery of Central Mississippi:

"WHEREAS, the history of the National Council of Churches shows that there is no need for such a council; and

"WHEREAS, many of its attitudes revealed in its pronouncements are a hindrance to the propagation of the Gospel; and

"WHEREAS, many of its pronouncements have been contrary to the Word of God with regard to social and moral concepts;

"THEREFORE, the Presbytery of Central Mississippi overtures the General Assembly to withdraw its membership in the National Council of Churches, which withdrawal will in effect sever relationship with the World Council of Churches."

14. From the Presbytery of Missouri:

WHEREAS:

1. In our judgment the cause of Christ would be greatly advanced by a union of the Reformed and Presbyterian churches in our own land, and

WHEREAS:

2. Currents are now flowing which may well determine the way in which the Reformed faith will be channelled for generations to come; therefore, be it resolved that the First Presbyterian Church of Mexico, Missouri overture Missouri Presbytery to overture the General Assembly meeting in Huntington, West Virginia, on April 25, 1963:
   a. To continue negotiations now being conducted with the Reformed Church in America.
   b. With the consent of the Reformed Church in America to invite other Reformed and Presbyterian bodies to join these two bodies in their negotiations.
   c. To put on record its conviction that there should be ultimate reunion of the Presbyterian Church in the U. S. with the United Presbyterian Church in the U.S.A. on the basis of the Reformed faith and Presbyterian order.
   d. To broaden the instructions given to the Assembly's Committee on Interchurch Relations in 1962 to include negotiations for ultimate reunion with the United Presbyterian Church in the U. S. A.—to end that such plan of reunion establishing a national Presbyterian church may be prepared and presented to the respective Assemblies when and if the time be deemed propitious.

15. From the Presbytery of Suwannee:

At its Winter Stated Meeting in the Mandarin Presbyterian Church, Jacksonville, Florida on January 22, 1963 the Presbytery of Suwannee respectfully overtures the General Assembly of the Presbyterian Church in the United States meeting in Huntington, West Virginia on April 25, 1963:

1. To continue negotiations now being conducted with the Reformed Church in America.
2. To put on record its conviction that ultimately there should be reunion of the Presbyterian Church in the U.S., with the United Presbyterian Church, U.S.A. on the basis of Reformed Faith and Presbyterian Government.
3. That the General Assembly advise its Committee on Inter-Church Relations to accept any invitations to send observers to negotiations now being conducted by the United Presbyterian Church, U.S.A., the Protestant Episcopal Church, The United Church of Christ, and the Methodist Church in America.

16. From the Presbytery of Wilmington:

WHEREAS:

2. Currents are now flowing which may well determine the way in which the Reformed faith will be channelled for generations to come;

THEREFORE, BE IT RESOLVED BY THE PRESBYTERY OF WILMINGTON, meeting in Adjourned Winter Session on January 22, 1963, that:

1. Trinity Presbyterian Church, having overtured Wilmington Presbytery, asking that the Presbytery adopt as its own these resolutions, Wilmington Presbytery overtures the General Assembly meeting in Huntington, West Virginia, on April 25, 1963:
   a. To continue conversations now being conducted with the Reformed Church in America.
   b. With the consent of the Reformed Church in America to invite all other Reformed and Presbyterian bodies to join these two bodies in their conversations.

17. From the Presbytery of Greenbrier:

WHEREAS:

1. In our judgment the cause of Christ would be greatly advanced by a union of the Reformed and Presbyterian churches in our own land, and

WHEREAS:

2. Currents are now flowing which may well determine the way in which the Reformed faith will be channeled for generations to come; therefore, be it resolved that Greenbrier Presbytery overture the General Assembly meeting in Huntington, West Virginia, on April 25, 1963:
   a. To continue negotiations now being conducted with the Reformed Church in America.
   b. With the consent of the Reformed Church in America to invite other Reformed and Presbyterian bodies to join these two bodies in their negotiations.

   d. To broaden the instructions given to the Assembly's Committee on Interchurch Relations in 1960 to include negotiations for ultimate reunion with the United Presbyterian Church in the U.S.A.—to the end that such plan of reunion establishing a national Presbyterian church may be prepared and presented to the respective Assemblies when and if the time be deemed propitious.

19. From the Presbytery of St. Johns:

The Presbytery of St. Johns respectfully overtures the 1963 General Assembly as follows:

WHEREAS, exploratory negotiations are already in progress between the Presbyterian Church, U.S., and the Reformed Church of America, looking toward a union that would change the boundaries of our denomination, and

WHEREAS, there is, due to our 150 years of unity prior to the tragedy of 1861, more in common between our denomination and the United Presbyterian Church, U.S.A. than there is between us and any other part of the Reformed family, and

WHEREAS, our Reformed evangelical message would be heard in this country and in all the world in a much more forceful manner if we could speak as one voice, and

WHEREAS, we must ever move in the direction that affirms our belief in the One Church of Jesus Christ that is called to help answer our Lord's prayer in John 17:21, ". . . that they all may be one; . . . that the world may believe that thou hast sent me,"

NOW, THEREFORE, BE IT RESOLVED, that the Presbytery of St. Johns hereby

1. It is a growing conviction in our denomination that the "body of Christ" is one, and that we of the Reformed Faith should constantly move in that direction, and

WHEREAS:

2. We are endorsing this great working principle of the kingdom of God in our theme for the year namely, "Unity in Christ" and,

WHEREAS:

3. The General Assembly has instructed its Committee on Interchurch Relations to negotiate with the Reformed Church in American looking to possible union with that body; therefore, be it resolved that Memphis Presbytery overture the one hundred and third General Assembly:
    a. To instruct its Committee on Interchurch Relations to include the United Presbyterian Church in the U.S.A. and other Reformed and Presbyterian bodies in their negotiations with the Reformed Church in America to the end that we present a united front for Christ in our land to the world.

37. From the Presbytery of Potosi:

WHEREAS, the Presbytery of Potosi continues to believe that the union of the Presbyterian Church, U.S., with the United Presbyterian Church, U.S.A., is of urgent concern and imperative to the maintaining of best interests of religion;

WHEREAS, the continued separation of our two Churches does not fully serve the cause of Christ and in many areas directly hinders the mission of the Church, its witness and outreach;

WHEREAS, the Presbytery of Potosi, in agreement with the declaration of the Synod of Missouri of 1961 does not believe "that only the most limited benefits could be expected from any explorations dedicated to devising a plan of union with the UPUSA Church" and as yet has seen no reason given by either the 1961 or 1962 General Assemblies to justify this position;

WHEREAS, while not objecting to the current negotiations with the Reformed Church in America, we do not believe that these negotiations should in any way interfere with negotiations for union with the United Presbyterian Church, U.S.A.;

WHEREAS, we are well aware of the existing negotiations for merger between the United Presbyterian Church, U.S.A., the Protestant Episcopal Church, the Methodist Church, and the United Church of Christ, we do not believe that this in any way removes the urgency of our need to engage now in negotiations looking toward union in

the near future with the United Presbyterian Church, U.S.A., and further believe that we would benefit greatly in participating in the negotiations of the United Presbyterian Church, U.S.A., the Protestant Episcopal Church, the Methodist Church, and the United Church of Christ;

THEREFORE, the Presbytery of Potosi respectfully overtures the 103rd General Assembly as follows:

1. That the General Assembly proceed at once to take such steps as may be necessary to begin negotiations with the United Presbyterian Church, U.S.A., looking toward union of our two Churches at the earliest possible date; and
2. That the General Assembly approve participation as a full participant and not merely as an observer in the discussions undertaken by the United Presbyterian Church U.S.A., the Protestant Episcopal Church, the Methodist Church, and the United Church of Christ, with a view to "a plan of church union that is both catholic and reformed," if the invitation from the participating churches is still open, and if not that the General Assembly indicate to the participating churches that it would welcome a renewal of the invitation.

39. From the Presbytery of Southwest Oklahoma:

"The Presbytery of Southwest Oklahoma respectfully overtures the General Assembly meeting at Huntington, West Virginia that we begin to end the scandal of the division of the Body of Christ by taking whatever steps are necessary to hasten an end to the scandal of our division with our brethren in the United Presbyterian Church in the United States of America"

To the Standing Committee on Judicial Business, 22-29, and 38.

22. From the Presbytery of Central Texas:

WHEREAS, many congregations have in their membership Ruling Elders whose terms of active service have expired and Ruling Ellders who have transferred their membership from other congregations but who have not been elected to serve in their present congregations; and

WHEREAS, the Book of Church Order, Chapter 15-1, fails to take cognizance of these situations:

The Presbytery of Central Texas respectfully overtures the 103rd General Assembly to take steps to amend Chapter 15-1 of the Book of Church Order to the effect that "The Church Session consists of the Pastor (or Pastors) and the duly elected and installed Elders whose terms of service have not expired."

23. From the Presbytery of Appomattox:

"WHEREAS, in the Presbyterian Church, U.S. a certificate of dismission is granted by a Session only to the governing body of another Church,

The Presbytery of Appomattox respectfully overtures the General Assembly to reword Chapter 15, Paragraph 6, Item 5 of the Book of the Book of Church Order to eliminate the impression that certificates of dismission are 'given to parents'. We suggest the substitution of 'for' or 'with respect to' or 'of' or 'concerning' in place of 'to' as it now stands (e.g.—'given with respect to parents' instead of 'given to parents')."

24. From the Presbytery of Abingdon:

The Presbytery of Abingdon calls to the attention of the General Assembly of the Presbyterian Church in the United States that the request of the General Assembly to amend THE FORM OF GOVERNMENT, Section 29-11, reveals a continuing lack of clarity concerning the whole system of rotation of elders and particularly the status of an elder who has been rotated off of the Session.

THEREFORE, the Presbytery of Abingdon respectfully overtures the General Assembly of the Presbyterian Church in the United States to appoint a committee to study and clarify the whole system of the rotation of elders in THE FORM OF GOVERNMENT.

25. From the Presbytery of Central Texas:

WHEREAS, the 102nd General Asembly adopted a resolution (Assembly Minutes, p. 58, 2) initiating "proceedings to amend the Book of Church Order to permit a Ruling Elder whose term of service has expired to represent his church in the higher courts of the church when appointed by the Session"; and

WHEREAS, the pending amendment before the constituent presbyteries of the General Assembly on this subject concerns only Chapter 29-11, although Chapter 15-6 (15) was included in the original overture; and

WHEREAS, failure to amend Chapter 15-6 (15) will leave conflicting statements on the subject:

The Presbytery of Central Texas respectfully overtures the 103rd General Assembly to take the necessary steps to make Chapter 29-11 and Chapter 15-6 (15) of the Book of Church Order compatible.

26. From the Presbytery of Atlanta:

WHEREAS, the Book of Church Order, Section 25-3(a) and (b), preclude the possibility of an Associate Pastor or an Assistant Pastor succeeding the Pastor in a church which they serve together; and

WHEREAS these provisions, in the judgment of this session, are detrimental to the congregation, Assistant and Associate Pastors and Pastor; to wit

1. Prevents churches from maintaining a long-range plan of staff-development essential to spiritual growth.
2. Limits the ability of congregations to act in the selection of their ministers.
3. Forces the congregation to act contrary to its wishes in cases where an associate or assistant minister is desired as a successor to a pastor.
4. Discourages growth and dedication of ministers who are in dead-end positions regarding the congregations to which they minister as assistant or associates pastors.
5. Although the need is growing for assistant or associate pastors, the inducement to accept such positions is diminished.
6. Takes from pastors the satisfaction of working toward the development of their successors.

The Presbytery of Atlanta overtures the General Assembly to amend the Book of Church Order by the following deletions:

Section 25-3(a) "but an Associate Pastor is not eligible to succeed the Pastor in a church which they serve together."

Section 25-3(b) "An Assistant Pastor is not eligible to succeed the Pastor in a church which they serve together."

27. From the Presbytery of Red River:

The Presbytery of Red River respectfully requests the General Assembly of the Presbyterian Church in the United States to clarify the meaning of the word "certificates" in Chapter 27, Paragraph 5, Form of Government of the Book of Church Order. Since our Seminaries issue "certificates" to students who complete a three-year course of study, but do not complete the prescribed language studies, a literal interpretation of the wording of this paragraph would remove the necessity of receiving such a Candidate under the extraordinary conditions as set forth in this paragraph. If this is not the intent of the wording, the Presbytery of Red River further requests that the General Assembly take such action as is necessary to amend Chapter 27, Paragraph 5, to read "Certificates of Degrees from a standard four-year College and from a standard Theological Seminary . . ." instead of its present wording, "Certificates from a standard four-year College . . ."

28. From the Presbytery of Norfolk:

WHEREAS, the spelling of all words is modern in The Revision of the Book of Church Order except in The Directory for the Worship and Work of the Church, Paragraph 208-1, the next to the last word, therefore,

The Presbytery of Norfolk respectfully overtures The General Assembly to change the spelling of "becometh" in keeping with the modern spelling and grammatical use.

29. From the Presbytery of Kanawha—a "reference":

A RESOLUTION OF REFERENCE TO THE GENERAL ASSEMBLY OF 1963

"That Kanawha Presbytery submit a Reference to the next General Assembly asking its opinion on the constitutionality of committee examination of candidates and/or ministers seeking admission to this Presbytery (re BCO §27-5 and §16-5). The examination committee would make full report to Presbytery and provide opportunity for addi-

tional floor examination before the Presbytery. We feel there is some precedent in the present procedure of committee examinations of candidates being received under the care of Presbytery (re BCO §24-3, 4)."

38. From the Presbytery of the Everglades:

WHEREAS, in the examination of a candidate for ordination to the Gospel Ministry (Form of Government, Section 27-5) he is questioned in the Book of Church Order, including Government, Discipline, and Worship; and,

WHEREAS, the said candidate is only required to approve the government and discipline of the church (Form of Government, Section 27-6); and,

WHEREAS, Section 202-2 in the Proposed Directory of Worship states "the Pastor and the Session shall be mindful.... of the provisions of this Directory of Worship",

The Presbytery of the Everglades overtures the General Assembly of the Presbyterian Church in the United States to rule as to whether the compliance with the Directory of Worship is suggestive or mandatory; and, if mandatory, what are the interpretations of the terms "should" and "shall"?

To the Standing Committee on the General Council, 30-32:

30. From the Presbytery of Northeast Texas:

WHEREAS, the Covenant Life Curriculum has brought fresh emphasis and realization of the central place of the congregation's worship in transmitting the Gospel to the rising generations, and

WHEREAS, there is abroad throughout protestantism a fresh concern and renewed interest in worship as an effective witness to the great convictions of the faith, and

WHEREAS, there is no agency or board of our General Assembly given any responsibility for study and guidance in this whole vital area of the Church's life,

THEREFORE, the Presbytery of Northeast Texas respectfully overtures the General Assembly, meeting at Huntington, W. Va., April 25, 1963, to assign responsibility for study and the offering of guidance and information in this area either to some existing agency of the Assembly, or to create such an agency for this purpose.

31. From the Presbytery of Central Mississippi:

"WHEREAS, the Equalization Fund is basically dishonest because (1) it, without specific authorization, diverts designated funds given by a church, from one cause to another; (2) it has diverted substantial funds from World Missions and from Annuities and Relief; and (3) it has deterred giving;

"THEREFORE, the Presbytery of Central Mississippi overtures the General Assembly to abandon immediately its Equalization Fund."

32. From the Presbytery of St. Johns:

The Presbytery of St. Johns respectfully overtures the 1963 General Asembly to appoint an ad interim committee:

1. To make a careful study of the feasibility of providing a Group Insurance Plan for the insuring of the real and personal properties of our constituent congregations and denominational agencies, either through commercial firms in this field, or through the establishment of a denominational agency for this purpose; and, if any such plan is found feasible,
2. To recommend to the 1964 General Assembly a feasible plan for effectuating such a program.

To the Standing Committee on Annuities and Relief, 33-35:

33. From the Presbytery of Asheville:

Asheville Presbytery is concerned about the restrictions placed on the employment of retired ministers under the present terms of the Ministers Annuity Fund.

We understand that it is possible for a retired minister to receive practically unlimited income from employment other than that directly related to church activities and still receive his full Annuity Benefit.

If this be true, it would appear that the financial status of the assets of the Minister's Annuity Fund are adequate to meet the set payments as due, and that the restrictions regarding employment in activities directly related to the church are serving only to prevent the excessive use or employment of retired ministers. The purpose, it would

seem, is to encourage ministers to fully retire so that the church could secure younger men.

The record shows, however, that there are numerous places where retired men can serve, and where service would be much more effective if they could remain longer than a single period of thirteen weeks in any one year.

Further, there are weaker churches where they could serve in such capacity, if they were permitted to receive a modest remuneration from the field and still retain their Ministers' Annuity Fund benefits.

We are in full sympathy with the Board of Annuities and Relief in their conscientious effort to administer this Fund exactly as required by the terms approved by the General Assembly.

We are equally zealous that the restrictions be removed from the operation of the Fund, so that any minister may serve as he has opportunity and not be penalized by losing any of his Annuity Fund Benefits.

To this end, we respectfully overture the General Assembly of 1963 as follows:

That proper steps be taken to remove from the organizational plan of the Ministers Annuity Fund any reference to further service, or lack of service of a minister in any way whatsoever, and

That the fund be administered strictly as a retirement insurance program the amount of the retirement allowance to be calculated solely on the basis of participation by the minister, and the church, or churches, in his behalf with the understanding that he shall enjoy the benefits of The Fund on this basis alone without any reference or limitation whatsoever.

34. From the Presbytery of New Orleans:

Since present-day treatment of mental illness does not usually involve long hospitalization which would be covered by our Church's major medical insurance plan, but rather more often extensive drug and psychotherapy on an out-patient basis which is not presently covered by our insurance, the Presbytery of New Orleans respectfully overtures the General Assembly to instruct the Board of Annuities and Relief to investigate the possibility of the inclusion of this type of coverage.

35. From the Presbytery of Winston-Salem:

WHEREAS, the present policy of the Board of Annuities and Relief obviously circumvents the late Kate Bitting Reynolds' desire and intent to give the retired Presbyterian ministers of the Synod of North Carolina something extra when she left $400,000 in her will for this purpose; and

WHEREAS, the present policy of the Board of Annuities and Relief curbs the freedom of individuals to give or to bequeath funds to retired ministers as they see fit; and

WHEREAS, this policy discourages large donors in their desire to give freely according to the dictates of their conscience.

THEREFORE, the Presbytery of Winston-Salem respectfully overtures the General Assembly to instruct the Board of Annuities and Relief to rethink their policy and change it in such a way that the desire and intent of donors to give or bequeath funds to special causes as they see fit shall not be discouraged or circumvented.

To the Standing Committee on Women's Work, 36:

36. From the Presbytery of Nashville:

The Presbytery of Nashville respectfully overtures the General Assembly to request the Board of Women's Work to give serious consideration to conforming their statistical year to the calendar church year as kept by the denomination as a whole.

Resolutions

Rev. Harry Bryan, a Commissioner from the Presbytery of Mecklenburg, presented the following resolution which was received and referred to the Standing Committee on Television, Radio, and Audio-Visuals. (See page 49.)

Whereas, only a fraction of 1 per cent of the members of our denomination ever have an opportunity to attend a meeting of our General Assembly or have any means of observing the work of the General Assembly, such as (a) the manner in which overtures from presbyteries and reports of boards and other agencies are presented, (b) the manner in which commissioners are appointed to standing committees and the procedure for such committees and (c) the manner in which issues are presented and debated, carefully considered and acted upon, and

Whereas, this lack of information regarding the composition and work of our Gen-

eral Assembly leaves an inadequate impression throughout our church of the importance of the work of this great Court of our Church, and

Whereas, it is the belief of Mecklenburg Presbytery that if our churchwide membership could be given an opportunity to observe our Court in action, it would be not only of great interest to members throughout our church but would be a stimulus to the work of the entire church and would create greater interest in the reports and work of our various Boards and Agencies;

Now therefore be it resolved

That the Presbytery of Mecklenburg refer the foregoing considerations to the 103rd General Assembly of the Presbyterian Church in the United States with request that a proper study be made and, if the conclusion of such study gives evidence that such a project is warranted and practical, TRAV be authorized to prepare and make available to churches throughout our denomination, on a practicable basis, an audiovisual film of sufficient scope to show the organization, deliberations and procedures of our General Assembly, such film to be designed for use at family night meetings, new-officer training groups, men and women of the church and other interested groups; it being the opinion of this session that a portion of the expense of such a project would be met by a reasonable rental fee for such a film.

Rev. James E. Fogartie presented the following resolution which was received and referred to the Standing Committee on Inter-Church Relations. (See page 93.)

WHEREAS:

1. The 102nd General Assembly unanimously adopted a resolution affirming its common purpose with the General Synod of the Reformed Church in America as branches of the holy catholic Church, to seek together a fuller expression of unity in faith and action, and

WHEREAS:

2. There are other churches of Presbyterian and Reformed tradition also engaged in the Lord's work in the areas served by our two churches with which we already have a close fellowship, and

WHEREAS:

3. It may be that the Holy Spirit is leading one or more of these churches to desire the same purposes expressed in the "Joint Resolution", therefore,

BE IT RESOLVED, that the Presbytery of Mecklenburg respectfully overtures the General Assembly, meeting in Huntington, West Virginia, on April 25, 1963,

1. That the General Assembly express its desire to invite other members of the family of Presbyterian and Reformed Churches in the United States to participate in the discussions initiated by the General Synod and the General Assembly;
2. That the General Assembly request the General Synod of the Reformed Church to concur in this desire;
3. That the General Assembly and the General Synod invite each of the Presbyterian and Reformed Churches in the United States to participate in these discussions on the basis of the statements contained in "Joint Resolution".

Rev. William R. Sengel, a commissioner from the Presbytery of Potomac, presented the following resolution which was received and referred to the Permanent Judicial Commission.

Whereas it is conceivable that in the course of time and under the guidance of the Holy Spirit the Presbyterian Church, U. S., may be led to consider union with ecclesiastical bodies whose traditions are other than Presbyterian:

Therefore, be it resolved that the General Assembly approve the inclusion in the Form of Government, Chapter 18, paragraph 6, end of subparagraph 13, the words: "or those with which such a relationship is desired"; and the inclusion in the Form of Government, Chapter 18, paragraph 6, subparagraph 17, of the words: "or with other ecclesiastical bodies with which union is desired," this phrase to follow the clause "conformed to the doctrines and order of this Church."

RECOMMENDATIONS

A. STEWARDSHIP

1. That the Stewardship Emphasis Season begin October 19, 1964, and continue through November 15, 1964; that November 8 be designated as "Dedication Sunday" for the Every Member Canvass; and that the theme of the Canvass be "Thanks Be to God."
2. That presbyteries use the Every Church Canvass in 1963 to:
   a. Appeal to church officers to become tithers and to teach tithing to the members of their churches.
   b. Inform church officers about the benevolence program of the Church and encourage them to devote an increased percentage of the budgets of their churches to benevolences in 1964.
3. That churches use the revised *Every Member Canvass Manual* published by the General Council to conduct Every Member Canvasses in which every family in the congregation is visited and each individual member is asked to:
   a. Give prayerful consideration to the tithe as his minimum goal for giving to the Church.
   b. Adopt the tithe as a minimum goal and begin to move toward it by increasing in 1964 the percentage of his income which he gives to the Church.

This budget shows an increase of $163,000.00, or 1.7%, over the 1963 budget. The budget is held to a minimum because of the policy of the General Council to close the gap between askings and receipts. We believe, however, that the Church should know that requests for increases of $572,000.00 were denied. These requests, in the opinion of the Budget and Stewardship Committee, were all valid and sorely neded. We sincerely trust that the Church will meet these needs without an increase in the budget.

The Budget and Stewardship Committee is happy to report that in its examination of the accounts and balance sheets of the boards and agencies it is highly gratified to observe the splendid way in which the funds of the Church are administered. All the reports of the agencies now conform to the accounting principles adopted by the Assembly, and the allocation of expenses, endowments, reserves, and commitments are all set forth clearly in the reports of the agencies.

[*The preceding two paragraphs were received as information only. Stated Clerk.*]

7. That the budget presentation caption be revised to read "Ministerial Relief Administered by the Board of Annuities and Relief."
8. That the Church be reminded of the fact that the amount in the budget for the Board of Annuities and Relief is less than their needs and less than the amount appropriated by the Board for Ministerial Relief. In order to maintain the present appropriations to retired ministers, it is necessary that the Joy Gift be increased.
9. That the amount of *SURVEY* support to be supplied by the agencies of the General Assembly in 1964 according to the ratio between their budgets and the total General Assembly budget be set at a maximum according to circulation attained computed on the basis of a maximum of $99,896 for an average monthly circulation of 260,000 and $111,456 for an average monthly circulation of 270,000, interpolations being made on the basis of circulation.
10. That each church recognize its responsibility to see that it provides the full amount of its apportioned share of the support of each agency represented in the General Assembly budget, as well as each agency represented in the synod and presbytery budgets, before making over and above gifts to any causes.
11. That churches in presbyteries which equalize benevolence gifts secure the funds necessary to fulfill the foregoing responsibility either from regular budget contributions alone or from regular budget contributions and supplemental offerings sending all contributions to presbytery's central treasurer.
12. That churches in presbyteries which do not equalize benevolence gifts provide the funds necessary to fulfill the foregoing responsibility through either of the following methods best suited to the local situation:
    a. Include in the local budget the total amount asked for each General Assembly, synod and presbytery agency without the need for supplemental offerings, spreading the payments toward these budgeted amounts evenly throughout the year; or
    b. Include in the local budget the total amount asked for each General Assembly, synod and presbytery agency, making regular payments throughout the year only to those agencies for which no supplemental offering is to be received and forwarding the supplemental offerings for various causes as they are received. If it is estimated that the supplemental offering will not be sufficient to meet the amount budgeted for any particular cause, additional payments should be made throughout the year to bring the total contributed to that cause up to the amount budgeted for it.
13. That churches recognize that a supplemental offering is not an over and above offering, but an offering used to complete the budget of the agency for which it is recommended and that supplemental offerings for the following agencies of the General Assembly be approved for 1964:
    a. The Board of World Missions.
    b. The Board of Christian Education.
    c. The Board of Church Extension.
    d. The Board of Annuities and Relief for use in Ministerial Relief.
14. That churches recognize that a Special Offering is an over and above offering for work not in the budget of any agency and that a Special Offering be approved for the Department of Overseas Relief and Interchurch Aid of the Board of World Missions to be received on Easter, March 29, 1964.
15. That churches give to special campaigns for capital funds approved by the General Assembly, their synod, or their presbytery through the solicitation of over and above gifts and not by including the goals for such campaigns in their benevolence budgets.
16. That churches remit monthly one-twelfth of their total annual benevolence acceptance, making the contribution to benevolences the first responsibility to be paid by the church treasurer each month.
17. That the following text be approved and that upon its approval it be forwarded to Congressman Wilbur Mills, Chairman of the Ways and Means Committee of the House of Representatives, to Dr. James Hamilton, Associate Director of the National Council of Churches' Washington, D.C., office, and to the church and secular press:

The General Assembly of the Presbyterian Church in the United States has noted with gratitude the manifest concern of the Congress of the United States for the welfare of the churches and their schools, orphanages and other such agencies, as evidenced by the action of the Congress in increasing the percentage of income allowable as a deduction in the computation of taxes. The thirty per cent now permitted has been of benefit to the churches and their agencies. The status of contributions as fully deductible is, under our tax structure, vital to the continuance of the service of the churches to the national and world community.

This same concern of the Congress is also seen in the regulations which permit bequests and other capital gifts to be received untaxed. The work of the colleges, homes for the needy and many other charitable agencies of the church would be seriously impaired were this privilege to be denied.

Legislation now proposed threatens the work of the churches in both of these matters.

We believe that whatever restricts the churches in their works of charity and mercy is not in the public interest. We therefore respectfully urge you to give consideration to the welfare of the churches as legislation is framed to the end faith may flourish among us and that men of good will may be permitted the resources with which to undergird all proper charities.

20. That the ministers of our Church use the foregoing calendar as a suggested prayer calendar and be urged to remember weekly in their pastoral prayers the causes and agencies and those who serve the Church through them. In addition to those causes and agencies listed, those who labor in other agencies as well as in synods' and presbyteries' agencies should be remembered.

21. That the Annual Emphasis for 1966-67 be "The Holy Spirit in Our Life Today."

Recognizing that God in the person of the Holy Spirit called the Church into being and

Recognizing that the Holy Spirit works when and how He wills to quicken, convict, convert, teach, comfort, impel, empower and sustain,

Our objectives are:

To call the Church to recognize the ministry of the Holy Spirit in its life, to respond to His leading, to depend upon His power as it seeks to obey Christ, the Head of the Church;

To call God's people as members of the Church to submit to the Holy Spirit's leading, holding themselves alert to the surprises they may meet as the Lord of history re-forms and renews His Church today.

[*The above explanatory statements and recommendations 22 and 23 were received as information only.—Stated Clerk*]

22. That the General Assembly be informed of the following action taken by the General Council in connection with the work of the Inter-Agency Committee:

The General Council has adopted recommendations—

a. That appreciation be expressed to the members of the Planning and Administrative Committee of the Inter-Agency Committee who have prepared "The Worship and Work of the Congregation" and its attendant chart, "A Guide for Administration in the Local Congregation."

b. That our confidence in them be reaffirmed.

c. That these papers be recommitted for further study.

In view of the fact that the Program Committee of the General Council felt it necessary to delay final approval of the wording of the working paper on "The

Worship and Work of the Congregation" pending a joint meeting of the Program Committee and the Planning Group of the Inter-Agency Committee, the General Council authorizes its Program Committee in collaboration with the Inter-Agency Committee and its Planning Group to proceed with necessary plans for the introduction of the working paper to the local churches in the spring of 1964.

The General Council in this connection calls attention to the fact that this area of Worship and Work, originally designated as an aspect of the Covenant Life Curriculum, has been committed by the Assembly, at the suggestion of the Board of Christian Education, to all the boards and agencies working together in the Inter-Agency Committee. In order to implement the strategy for the introduction of this area to the churches as delineated in the working paper, it will be necessary that all strategy plans for the Covenant Life Curriculum be co-ordinated through the Inter-Agency Committee.

23. That the General Assembly be informed of the following information pertinent to the 1964 Youth Convention:
Date: Saturday, December 26, 1964 (beginning with supper) to Wednesday, December 30, 1964 (concluding with lunch)
Theme: "God's Here and Now"
Place: Richmond, Virginia
24. That beginning in 1964 the Presbyterian Church, U.S., through the General Council, enter fully into the work of the Long Range Planning Committee of the National Council of Churches.

C. PUBLICITY

25. That the General Assembly endorse the use by all churches of "The Assembly in Brief", a bulletin insert reporting the actions of the Assembly. Order blanks for the insert will be available at the Information Department's display stand at the Assembly.
26. That the General Assembly endorse the Area News Clinics wherein ministers and laymen in a certain area are gathered together under the leadership of the Secretary of Information of the General Council for the study of improved local church publicity. This study involves discussion of the use of church bulletins, church newspapers and the relationship of the local church to the local press and other news media.
27. That the Assembly commend its Boards and Agencies for increased cooperation in the printing and distribution of promotional material, and the General Council for past and present efforts in this direction, particularly through the work to date of the Inter-Agency Committee.

III. Supplemental Reports.

A. The Presbyterian Development Fund

A brief oral report by Dr. John Wellford was received as information, and it was noted that the Assembly has docketed a full report from the Committee of Twenty-Five.

We recommend that:

1. In view of mopping up operations that the Committee of Twenty-Five be continued.
2. Herman Jones act as supervisor of collections, that Robert S. Gaddis continue as Treasurer of the Presbyterian Development Fund and that the First National Bank of Atlanta continue to act as depository for funds collected.
3. Disbursements be made on a pro rata basis to participating Boards and Agencies periodically.
4. The Assembly approve the appointment of an Executive Committee of the Presbyterian Development Fund consisting of

J. G. Patton	Steve Harvin
Herman Jones	Tully Blair
Davison Philips	John Wellford
F. S. Hay	

with the power to act on behalf of the Committee of Twenty-Five and follow up the collection of pledges.
5. That the General Assembly express its deep appreciation to the firm of

Ketchum, Inc., its president and staff for the excellent manner in which this campaign has been managed. Special mention should be made of the devotion of Mr. Tom Keenan, the Director of the campaign. A member of our own communion, Mr. Keenan has given beyond the call of duty of his excellent leadership and direction.

B. Roster of General Council Staff serving on National Council of Churches' committees.

The following was received as information:
Executive Board: J. G. Patton, B. S. Hodges, Jr.
General Public Interpretation Committee: William P. Lamkin
Department of Stewardship and Benevolence: J. G. Patton, B. S. Hodges, Jr.
Committees of the Department of Stewardship and Benevolence:

Executive: J. G. Patton
Administrative: J. G. Patton
Finance: J. G. Patton, Chairman
Field: J. G. Patton
Every Member Canvass: B. S. Hodges, Jr.
Literature: B. S. Hodges, Jr.

IV. Report of the Nominating Committee relating to the General Council. It was noted that there are no expirations and no vacancies.

V. Overtures Nos. 30, 31, 32.

Overture No. 30, requesting assignment of responsibility for study and guidance in the area of worship as witness to the faith — We recommend that this be answered in the affirmative by instructing the committee on worship for 1964, which will be composed of the Moderator, the immediate past Moderator, the Host Pastor and the Stated Clerk, to coopt at least five persons knowledgeable in the area of worship to study the whole matter contained in this overture and to report, if possible, to the next Assembly.

Overture No. 31, asking abandonment of the Equalization Fund — We recommend that it be answered in the negative.

Overture No. 32, requesting a study of the feasibility of group insurance for the real and personal property of our congregations and agencies — We recommend that inasmuch as the 1952 General Assembly rejected such an undertaking upon recommendation of an Ad Interim Committee, this overture be answered in the negative.

Respectfully submitted,

Standing Committee on the General Council
David L. Stitt, Chairman

The Assembly adjourned until 8:30 A.M. Saturday.

THIRD DAY

SATURDAY

April 27, 1963, 8:30 A.M.

The Assembly met and engaged in a service of worship in Praise to God For His Presence and Power in the Holy Spirit, conducted by Rev. Robert P. Douglass.

The Minutes of Thursday's and Friday's sessions were read and approved.

The Assembly voted to reconsider the report of the Standing Committee on General Council in order that there might be further discussion on recommendation 24 of that report. The Assembly voted to postpone any further consideration of recommendation 24 of this report until after consideration of the report of the Standing Committee on Inter-Church Relations.

Report of the Standing Committee on Presbyterian Survey

Rev. David H. Edington, Jr., Chairman, presented the report of the Standing Committee on Presbyterian Survey. The report was adopted, and is as follows:

The Standing Committee on Presbyterian SURVEY received the following items:

I. Minutes of the Board of Directors of the Presbyterian SURVEY.

II. Report of the Board of Directors of the Presbyterian SURVEY, with its recommendations.

III. The report of the Permanent Committee on nominations relating to the Presbyterian SURVEY.

II. The Standing Committee recommends adoption of the report of the Board of Directors of the Presbyterian SURVEY with the following recommendations: (See Appendix, page 136)

RECOMMENDATIONS

1. That the General Assembly call to the attention of the Church its objective that every church take advantage of the Every Family Plan, sending the Church's official magazine into every home.
2. That churches be encouraged to use the automatic renewal plan for the EFP, making SURVEY a regular and integral part of their ministry.
3. That the churches be requested to observe PRESBYTERIAN SURVEY Week throughout the denomination April 19-26, 1964.
4. That the General Council again be requested to review and recommend to the General Assembly the annual budget of PRESBYTERIAN SURVEY and that the Council call special attention to the dilemma forced upon the magazine by its continuing subscription growth and a fixed ceiling on underwriting.
5. That the General Assembly call the attention of the Church again to the low annual subscription rates of SURVEY of $1 per family for churches participating in the Every Family Plan; $1.50 for churches subscribing for all officers, teachers and leaders; and $2 for individual subscriptions, emphasizing that the rates put SURVEY within reach of virtually every church and individual in the General Assembly.
6. That the Assembly record its appreciation of the SURVEY chairmen in the synod and presbyteries who helped to extend this ministry of word and picture in 1962 also to the SURVEY staff for providing an evangelical family journal with increasing relevance and appeal to the whole Church.
7. That the General Assembly approve PRESBYTERIAN SURVEY's Manual of Operation as revised and submitted herewith.
8. That the General Assembly commend the Board of Directors of the PRESBYTERIAN SURVEY for making the SURVEY an increasingly effective instrument in promoting the whole work of the church.

III. That the following persons be elected to the Board of Directors of the PRESBYTERIAN SURVEY:

Class of 1966
Rev. Felix B. Gear (2)
Walter R. Humphrey (3)
Walter Spearman (3)
G. D. Davidson, Jr. (1)

Miss Evelyn Green (Representing the Board of Women's Work)
Rev. David W. A. Taylor (Representing Board of World Missions)

Respectfully submitted,

    Rev. William H. McCorkle, Appalachia
    Rev. Paul M. Watson, Kentucky
    Rev. Robert G. Hall, North Carolina
    Rev. J. Kelly Neal, Texas
    Rev. James A. Allison, Jr., Virginia
    Rev. James M. Kennedy, West Virginia
  B. That the following ruling elders be elected to the Assembly's Committee in the class of 1966:
    Mr. Harold Walker, Alabama
    Mr. Stuart B. Campbell, Sr., Appalachia
    Dr. Robert C. Malcolm, Arkansas
  C. That the discrepancy between the respective Manuals of the Assembly's Committee on the Minister and His Work and the Permanent Nominating Committee be referred to the Assembly's Committee for study.
V. That the re-election of Mr. R. Graham White as Executive Secretary and Treasurer of the Assembly's Committee for a term of three years (1963-1966) be approved and that he be commended for his efficient and devoted service to the Church.
VI. That approval of Synod Conferences on the Minister and His Work be continued, that all members of Commissions on the Minister and His Work be encouraged to attend, and that synods and presbyteries continue to provide for the expenses of their representatives to those conferences.
VII. That orientation for new ministers, whether received by ordination or by transfer from other denominations, by presbyteries, groups thereof, or at the synod level, be encouraged.
VIII. That the General Assembly delay action on the revised Manual of the Assembly's Committee on the Minister and His Work until the report of the Committee mentioned in IV, C above.

Respectfully submitted,
James M. Gregory, Chairman

Report of the Standing Committee on Annuities and Relief

Ruling Elder L. Nelson Bell, Chairman, presented the report of the Standing Committee on Annuities and Relief. Rev. George H. Vick, Executive Secretary of the Board and Mr. Will Mann Richardson, Chairman of the Board, addressed the Assembly briefly in connection with this report. The report was adopted, and is as follows:

The following have been referred to the Committee:

I. The Annual Report of the Board of Annuities and Relief. (See separate volume of Annual Reports.)
II. Overtures 33, 34, and 35.
III. The Minutes of the Board of Annuities and Relief.
IV. The Recommendations of the Board of Annuities and Relief as printed in the Commissioner's Handbook.

RECOMMENDATIONS

I. We recommend that the Board's report be approved and the following recommendations adopted:

1. That the Assembly call the attention of the Presbyteries to the fact that the Ministers' Annuity Fund is the Official Plan of the Church to provide a means whereby our ministers and the Church accumulate credits during the ministers' active years, to make provisions for them and their dependents in the event of disability, and ultimately for their retirement years.
2. That the Assembly request the Presbyteries through Commissions on the Minister and His Work with reference to the call to urge strongly that young ministers and those received from other denominations establish membership in the Fund and arrange for participation in the Group Life and Major Medical Insurance Plan immediately after their reception into the Presbytery.
3. That the Assembly encourage the Presbyteries to urge vigorously all ministers to avail themselves of Social Security benefits as self-employed persons.
4. That the Assembly again urge all churches and Church Extension Committees, in determining the basis for payment of dues to the Ministers' Annuity Fund to add 15% for free use of manse, if any, regardless of ownership, to all sources of salary, and also to include any other fixed cash commitments, such as automobile or utilities allowances, etc., in order that ministers may build larger earned annuities.
5. That the General Assembly urge all churches and Church Extension Committees to adopt the plan of remitting the minister's 2½% dues and the church's 7½% dues in one check; this procedure greatly facilitates the handling of accounts and results in accounting economies to the benefit of the entire membership of the Fund. And, further, that the Assembly remind members and remitting treasurers that the dues to the Fund are due on the first of each month, for the month, and in advance. The commitments made by the Fund to minister members, that will be fulfilled in their years of retirement, are based actuarially on the premise of having the moneys in advance each month for investment beginning that month and earning interest from that date until the date of their retirement.
6. That the Assembly commend again to all churches and Church agencies and to non-ministerial employees of the Church the benefits of membership in the Employees' Annuity Fund and urge participation in it; calling to the attention of employee and employing agency that, under the present practice of the Board, the dues paid-in are 100% refundable to both the participating employer and employee, plus earned interest, should services terminate before retirement.
7. That the Assembly urge all churches and Church agencies to make available to their full-time salaried personnel the insurance coverage offered under the Group Life and Major Medical Plan which was adopted by the General Assembly. Those eligible for admission under the plan may enter without a physical examination in the month of January.
8. That the Assembly remind the synods, presbyteries and churches that the contribution to the Board of Annuities and Relief of the full share of the budgeted benevolent askings is essential, if the aged ministers of our Church and their dependents are to have provision made for their minimum needs, and the continued benefits of Major Medical Insurance for our Retired.
9. That the Assembly urge again a generous Joy Gift offering on the part of all organizations of all churches since it is a major source of income with which the Board ministers to the aged servants of the Church. The continued rise in the cost of living is making increasing demands upon the resources of Ministerial Relief, and this responsibility of the Church can only be met with a gracious supplemental Joy Gift offering. All local church and presbytery treasurers should recognize the Joy Gift as a "Supplemental Offering"—approved by the General Assembly and such receipts should be handled as "designated gifts."
10. That the Assembly authorize the Board to continue to use a portion of the funds of Ministerial Relief to supplement the inadequate annuities in the meeting of emergencies in the lives of annuitants, taking into consideration their other sources of income.
11. That the Assembly be advised that at the meeting of the Board, October 30, 1962, the following action was taken:

"Effective January 1, 1963 the formula for making grants from Ministerial Relief Funds be increased from $1700 annually to $1800 annually for individuals, all income considered; from $2600 annually to $2800 annually for couples, all income considered. This increase in the formula to be included in the Board's report to the 1963 General Assembly. Casual gifts such as Christmas presents are not included."

12. That the Assembly request the presbytery chairmen of Annuities and Relief and/or the Stated Clerk to advise the Board of emergency situations in the lives of our retired ministers and dependents.
13. That the General Assembly be advised that the Board has realized Capital Gains on the sale of securities from the Endowment Fund of Ministerial Relief in 1962 in the sum of $106,724. In adding this Capital Gain to the corpus of the Endowment Fund of Ministerial Relief the Board followed past practices and approved procedures. This was not a transfer from current operating income, reserves or surplus accounts but a realized gain added to a principal account in accordance with the "Manual for Uniform Financial Reporting" [Page 1-30(c),] prepared by the Management Service Division of Ernst & Ernst and recommended by the General Council.
14. That the Assembly call to the attention of the presbyteries and churches its approval of recommendations made to it by its Ad Interim Committee on Annuities and Relief in 1953; and that the Assembly re-affirm these principles which we quote:
    "1. That the Assembly remind the presbyteries that it is the accepted plan of the Presbyterian Church in the U.S. for a pastor to have provision made for his membership in the Ministers' Annuity Fund before finding the call "in order;" and charge the Assembly's Committee on the Minister and His Work to notify the Stated Clerks and the Commissions on the Minister and His Work of all presbyteries of the importance of full compliance with the provisions of the Book of Church Order.
    "2. That churches, supported in whole or in part by Church Extension, or Home Mission committees, be required by them to make arrangements with said committee for proper provision for participation of their ministers in the Ministers' Annuity Fund.
    "3. That the General Assembly instruct the Board of Annuities and Relief to place annually in the hands of the Stated Clerks of the presbyteries a list of the ministers of the presbytery who are not members of the Ministers' Annuity Fund; and that the Assembly urge presbyteries to insist on all such establishing membership in the Fund, which is the official plan of the Assembly for making retirement provision for all of her ministers.
    "4. That the General Assembly call to the attention of its ordained ministers who are not members of the Ministers' Annuity Fund that on and after January 1, 1954 in the case of those whose ordination took place subsequent to April 1, 1940, the date of the opening of the Fund, or who were received by transfer from other denominations subsequent to April 1, 1940, it shall not ordinarily be the obligation of the Ministerial Relief Fund to care for them. The same shall apply to the widows and the dependents of said ministers, but shall not prevent the continuance of appropriations to ministers, or their dependents, who on January 1, 1954 were already receiving appropriations from the fund of Ministerial Relief.
    "5. That the General Assembly also call to the attention of all non-ministerial employees who were employed subsequent to September 1, 1942, the date of the opening of the Employees' Annuity Fund, that unless they are members of this Fund when they come to retirement, it shall not ordinarily be the obligation of Ministerial Relief to provide for them or their dependents. However, this rule shall not prevent the continuance of appropriations to any such nonministerial workers or their dependents, who on January 1, 1954 were already receiving appropriations from Ministerial Relief."
15. That Mr. H. Roe Bartle be approved by the Assembly as the representative of the Board of Annuities and Relief on the General Council.

The following recommendations developed in the Annual Meeting of the Board of Annuities and Relief on February 26, 1963 and are referred to the Standing Committee for their consideration:

16. That the General Assembly approve the additional provisions for optional retirement benefits under Paragraph 1 of the Official Plan of the Ministers' Annuity Fund:

Joint and Survivor Options

Option A—A member shall have the option of electing a reduced annual retirement annuity, beginning upon retirement after attaining age 65, which will provide that after his death following such retirement an annuity equal to 75% of his reduced retirement annuity shall be paid to his widow during her widowhood, provided her marriage to the member took place before he retired on account of age or disability.

Option B—A member shall have the option of electing a reduced annual retirement annuity, beginning upon retirement after attaining age 65, which will provide a reduced retirement annuity payable to such member during the lifetime of both such member and his wife and which will provide after the death of either, following the member's retirement, an annuity equal to 75% of such reduced retirement annuity payable to the survivor, provided that the marriage of such wife to the member took place before he retired on account of age or disability. Such survivor annuity shall be payable to the member during his lifetime or such survivor annuity shall be payable to the widow during her widowhood.

The amount of the reduced annuity payable under either option shall be the actuarial equivalent, as determined by the Board of Annuities and Relief, of the member's normal retirement annuity otherwise payable. The election of either option will not alter the minor children's annuity benefits.

The payment of a 75% widow annuity under either option shall be in lieu of any widow annuity otherwise payable after the member's retirement under the provisions of Paragraph 11.

Either option may be elected by a member at any time up to one year before the effective date of his retirement annuity without submission of evidence of good health. If a member desires to elect either option less than one year before such effective date, he must submit evidence of good health satisfactory to the Board of Annuities and Relief.

The election of either option may be cancelled by a member at any time up to one year before the effective date of his retirement annuity. Cancellation less than one year before such effective date will require the approval of the Board of Annuities and Relief.

The election of either option shall be of no effect if (1) a member's wife at the time of the election of the option dies before the member's retirement or (2) a member subsequently elects to retire before attaining age 65.

17. That the General Assembly approve the improvement of the Official Plan of the Ministers' Annuity Fund by the elimination of Paragraph 5. This paragraph reserves to the Board the right to limit the maximum annuity to $2,000. Should the Assembly approve the elimination of Paragraph 5, the paragraphs that follow will be renumbered.

18. That the Official Plan of the Ministers' Annuity Fund be clarified by the following changes and additions to Paragraph 22. (This will be Paragraph 21 if Paragraph 5 is eliminated as suggested above.).

    (a) That the first sub-paragraph of Paragraph 22 be changed, in light of the interpretative Action of the 1941 General Assembly which directed that only ordained ministers should be included in the Ministers' Annuity Fund. The sub-paragraph to read:

        "The Ministers' Annuity Fund shall receive as members ordained ministers of the Presbyterian Church in the United States, who are devoting their lives to the service of the Church."

        (The statement in italics, indicating the 1941 Action of the General Assembly which has previously been carried in the body of Paragraph 22, shall be eliminated.)

    (b) The second sub-paragraph of Paragraph 22 to read:

        "Ordained ministers of the Presbyterian Church in the United States, who, with the consent of the Presbytery, are serving outside agencies, not classified as of the Presbyterian Church in the United States, are eligible as

rendering detached service on a salary basis of $1,200 or on their actual salary basis, to be determined by the Fund."

(c) The following sub-paragraphs are recommended as additions to Paragraph 22:
"In the event that an ordained minister of the Presbyterian Church in the United States makes application and enrolls in the Ministers' Annuity Fund two years or more after becoming eligible and is partially disabled or is not insurable at standard rates for life insurance at the time he applies for membership in the Fund, the Board of Annuities and Relief may limit the liability under the disability, widow's and minor children's provisions in such a manner or amount as is commensurate with the increased risk involved."
"Any minister who transfers from some other denomination to the Presbyterian Church in the United States shall be subject to the same provision as stated above at the time of his application for membership in the Ministers' Annuity Fund, as it relates to his disability and insurability, and as to the limitation of the liability of the Fund."

19. Reference is to Paragraph 8 of the Official Plan of the Ministers' Annuity Fund, with the advice and consent of the actuaries, Huggins & Company, Inc., that the following action, relative to disability maximums, be made effective as of July 1, 1963:

"That the following liberalization of the present $1,200 limit for total and permanent disability annuities be adopted to become effective as of July 1, 1963: 'If 90% of the member's age retirement annuity credits accrued to the effective date of the disability annuity is in excess of $600, the amount of the disability annuity shall be 90% of such age retirement annuity credits, subject to a limit of $1,500 and subject also to the limit of 40% of the average salary as outlined in the Official Plan'."

20. That the General Assembly endorse the following action of the Board at its meeting, February 26, 1963: Upon the advice and consent of our Actuaries, the "Temporary Modification of Rules Governing Retirement" of 1949 and "The Retired Minister and Compensation for Service Rendered in the Presbyterian Church in the United States" of 1958, both of which were recommended by the Board of Annuities and Relief and approved by the General Assembly be rescinded, as of June 30, 1963.

The following Modification of the Official Plan regarding suspension of annuities under Paragraph 4 of the Official Plan, to be effective July 1, 1963. This Modification shall be known as: "The Retired Minister: His Annuity and His Service."

"The Ministers' Annuity Fund was established by the General Assembly in 1940 to provide a retirement income for the ministers of the Presbyterian Church in the United States. Paragraphs 1 and 4 of the Official Plan provide for the payment of the annuity to a member upon complete severance of remunerative service to the Presbyterian Church in the United States. The Annuity Plan, in view of the dues required and benefits assured, is not designed to provide an automatic age-attained annuity. It is a plan that provides an annuity upon retirement.

"On September 1, 1949 a modification was announced (and approved by the General Assembly) that permitted a retired member of the Fund to continue to receive his annuity while engaged in some remunerative service to the Church, under clearly defined and limited circumstances.

"This 'Temporary Modification of Rules Governing Retirement' proved to be helpful but not to the degree anticipated.

"The General Assembly, in 1958, approved a recommendation of the Board of Annuities and Relief that is known as ,'The Retired Minister and Compensation for Service Rendered in the Presbyterian Church in the United States.' This additional modification has been helpful in many situations and received endorsement through a report, entitled 'A Study of a Retired Minister in Relation to Pastorless Churches, Board of Annuities and Relief and Other Church Agencies,' presented to the Home Mission Association in session during the Church Extension Conference at Montreat in 1961. (See General Assembly Minutes 1962, Appendix, Page 174.)

"After extensive consultations with actuaries and in light of favorable circum-

stances within the financial and actuarial structure of the Fund, it has been determined that certain modifications may be enacted without requiring additional capital funds or increase in the rate of dues.

"The following modification is effective July 1, 1963. It is subject to review, alteration or withdrawal upon the advice of the Board's consultant actuaries and by action of the Board of Annuities and Relief. The benefits provided under the modification are not contractual.

"A member of the Fund should note that the amount of remuneration received for services is not germane to his eligibility for continued annuity.

"The terms, 'Serve' and 'Service,' for purposes of this modification shall mean, salaried relationship for service in the Presbyterian Church in the United States.

I. A member of the Fund may continue to receive his annuity without interruption and serve as many churches and as many Sundays as opportunity affords so long as the service to any one church does not exceed three months (or 13 Sundays) in a twelve months' period. During such service no dues shall be payable and no additional annuity shall be established. (Note that service exceeding one month requires counsel with the Commission on the Minister and His Work: Book of Church Order, 25-4(c).)

II. Service of more than three months (or 13 Sundays) in a twelve months' period to the same church must be reported to the Fund's office in order that annuity payments may be suspended and dues billed on the remuneration involved for such extended period. The subsequent dues shall add annuity credits to the member's account.

III. A member who has qualified for and received payment of an annuity according to Paragraph 1 of the Official Plan of the Ministers' Annuity Fund, for at least three months, and who has attained the age of 75 years, shall receive his annuity without regard to any service he may render to the Church."

21. That the General Assembly endorse the following action of the Board: We announce, upon the advice and consent of Huggins and Company, Inc., our actuaries, the approval of a Special Favorable Experience Credit.

The Ministers' Annuity Fund was adopted and established as the official annuity program of the Presbyterian Church in the United States on April 1, 1940.

Although the Official Plan of the Ministers' Annuity Fund provides for payment of administrative expenses from the organizational dues (i.e. 7½% dues), it has been the practice of the Board not to use such funds for administrative purposes. None of the dues paid by the members into the Fund or the dues paid on a group basis and credited to the members' accounts, by the employing church or agency, suffer a reduction for operational costs. It has been possible to operate the Ministers' Annuity Fund without benevolent apportionment from the Church or deduction from dues because of initial grants and bequests for this purpose. In addition, through the years efficient and economical management, plus good investment experience, which have produced incomes larger than the required guarantee of 3% and necessary administrative and other costs, have added to the firmness of the financial foundations of the Fund.

At this point we pay tribute to the unselfish and dedicated service of Dr. Henry H. Sweets, Dr. Wade H. Boggs and Mr. Charles J. Currie, and to the wisdom and generosity of those who contributed to such administrative endowments. Further, we honor those far-sighted, intelligent, unselfish and devoted Board members who, without cost to the Fund and at times with much sacrifice, gave for the benefit of the ministers of our Church the fruit of their many years of experience in the world of business and finance. These business men on the Board, along with the others, selected and elected by the General Assembly for such an important service, merit our lasting gratitude.

Although the Fund has operated during periods when interest rates in many areas were less than 1%, as well as in happier situations, our actuaries advise in their valuation of December 31, 1962, as follows:

"Taking into consideration the assumptions as to the rate of withdrawal, death, disability, retirement and salary increment which entered into the determina-

tion of the reserve requirements, it is our opinion that the present assets of the Fund, with a 10% rate of dues in the future, and with interest credits at the rate of 3%, are adequate to provide the benefits of the Official Plan with reasonable safeguards against future adverse experience trends."

Our Actuaries further advise that they are satisfied with the ratio of the Fund Balance in Reserve, which represents a combination of an Administrative Expense Reserve, Interest Reserve, a Reserve for Investment Contingencies and a General Contingency Reserve, to the total Fund.

We are pleased to report, in view of the above, and as a result of a special study requested by the Board, that our actuaries in their valuation as of December 31, 1962, inform us that it will be possible on January 1, 1964 to add to each member's account a "Special Favorable Experience Credit." This "special credit" is possible at a cost of $248,869 for each 1% of accumulated annuity credits held by the Fund. This actuarial computation provides for the same percentage of increase in the amount of payment for those already receiving annuities, even as it provides an increase in credit to the accounts of those in active service.

As of January 1, 1964, sufficient reserves amounting to approximately $2,000,000 will be transferred from "Fund Balance in Reserve" to the "Actuarial Reserves of the Ministers' Annuity Fund," making possible an 8% increase in all annuities being paid as of that date and in all 1/80th annuity credits accumulated to that date.

Such recommendation would not change the terms of the Official Plan of the Ministers' Annuity Fund. These "special benefits" would be payable in addition to the normal benefits payable under the terms of the Official Plan.

This "Special Favorable Experience Credit" in no way affects the future accumulation of credits or the dues required as outlined in the Official Plan. The accumulation of credits in the future will be on the same basis as in the past.

Example:

(1) The member having earned annuity credits as of December 31, 1963 of $1,000 (i.e., the member has paid in $2,000) will have added to his account of earned annuity credits, 8% of such credits, which is $80.00. Thus, by this action, his anticipated and guaranteed retirement income has been increased by $80.00 annually.

(2) An annuitant of the Ministers' Annuity Fund, presently receiving annual payments totaling $1,000, will receive an additional $80.00 i.e., his monthly annuity checks will be increased in the amount of $6.67.

In making this announcement to the General Assembly, of this action of the Board, we record our gratitude to God for His goodness and His guidance and again express our thanks for the leadership He has provided through Dr. Henry H. Sweets, Dr. Wade H. Boggs and Mr. Charles J. Currie.

22. That the General Assembly approve the following changes in the Official Plan of the Employees' Annuity Fund, to become effective July 1, 1963.

The Board's actuaries, Huggins & Company, Inc., of Philadelphia, have agreed that it is advisable to make the following changes in the Official Plan of the Employees' Annuity Fund:

a. That the note under Section 2 of Article I be eliminated as no longer reflecting realistic conditions.

b. That Section 5A of Article I, be amended to add a definition of the word "retirement" similar to that in Paragraph 1 of the Official Plan of the Ministers' Annuity Fund. This would make this section begin as follows:

"Toward securing an age annuity for the member (single life annuity) upon retirement, i.e., the relinquishment of any or all salaried relationship for service in the Presbyterian Church in the United States, provided that . .."

c. That Section 5A (b) of Article I be eliminated. This sub-paragraph provides for automatic retirement ages. Elimination of this sub-paragraph (b) would change present sub-paragraph (c) to new sub-paragraph (b).

23. That the General Assembly be advised that good mortality experience under the Additional-Optional Term Life Insurance Policy, made available to the Ministers and Heads of the Boards and Agencies of our Church, through the Board of Annui-

ties and Relief, has enabled the Board to provide increases in the benefits again in 1963 at no additional cost to the insured.

(1) Double indemnity in event of accidental death; triple indemnity should accident occur on a common carrier

(2) Accidental Dismemberment

(3) Approximately 15% increase in death benefit from any cause

This additional "no-cost" to the insureds protection will be made available from good dividend experience at an approximate cost of $9,963 for the year 1963.

24. That the General Assembly be advised that the Board of Annuities and Relief, at its Annual Meeting, February 26, 1963, directed that the retired, receiving regular monthly assistance from Ministerial Relief, according to the formula presently sustained by the gifts of the Church, be granted an additional assistance. This assistance to be in the form of the payment by the Board, from the funds of Ministerial Relief, the $50.00 share of their Major Medical Insurance premium beginning July 1, 1963. The assumption of this additional payment for these will amount to approximately $27,400. This brings the total of Ministerial Relief expanded in insurance premiums for this group to approximately $60,000.

25. In view of the Church's generous support of the work of Ministerial Relief through the Joy Gift the General Council has approved, and will recommend to the General Assembly, a budget for this cause of less than it anticipates will be received and distributed. In arriving at the budget figure for Ministerial Relief, to be distributed through The Board of Annuities and Relief, the standards employed are different from those used for any other cause having a supplementary offering. In order that the Church may be aware of this special condition and understand that more than the suggested budgeted figure is necessary if the basic needs of the beneficiaries of Ministerial Relief are to be met on the same general basis as in the past, the General Council has approved and will recommend the following statement:

"That the Church be reminded of the fact that the amount in the budget for the Board of Annuities and Relief is less than their needs and less than the amount appropriated by the Board for Ministerial Relief. In order to maintain the present appropriations to retired ministers, it is necessary that the Joy Gift be increased."

In view of the general misunderstanding in regard to the special manner in which the Joy Gift is regarded for budget making purposes as a supplementary offering, The Board of Annuities and Relief respectfully requests the General Assembly to call to the attention of all church and presbytery treasurers and stewardship committees the following:

1. The explanatory statement of the General Council.
2. The fact that when the Board of Annuities and Relief receives for the purposes of Ministerial Relief 100% of the amount set forth in the General Assembly budgeted figure, this does not represent what the Church has given or can reasonably be expected to give nor does it represent what the General Council or the Assembly expects the Board to distribute.
3. The Joy Gift is the only supplementary offering which, in budget designing, is expected to aid in providing more than the amount set forth in the budget figure.
4. It is expected that The Board of Annuities and Relief will receive, for the cause of Ministerial Relief, more than the budgeted figure as a result of the anticipated generous response of the Church in the Joy Gift.

II. In response to the Overtures, we recommend:

1. That Overture 33 from Asheville Presbytery be answered in the negative, because, according to actuarial findings, it would require an additional four million dollars, in capital funds and increase of the dues from 10% to 11¾% annually.
2. That Overture 34 from New Orleans Presbytery be answered in the affirmative.
3. That Overture 35 from Winston Salem Presbytery be answered in the negative, for the following reasons:

A. Under the present policy no funds received from any source affect the amount received by any minister from the Annuity Fund.

B. In the distribution of Funds from "Ministerial Relief" all funds from whatever

source are considered in computing the amount to be disbursed to eligible participants.

C. The Board of Annuities and Relief is now administering the Ministerial Relief Funds committed to its Stewardship strictly in accord with policy approved by the General Assembly.

The Committee went into executive session and took the following actions.

I. That the Minutes of the Board of Annuities and Relief be found in order and approved.

II. That the General Assembly request the General Council to consider seriously recommending that receipts from the "Joy Gift Offering" be excluded from funds on which the 5% levy for the equalization shall apply.

III. That the Board of Annuities and Relief, the Executive Secretary, and the entire staff be commended for their diligence, efficiency, and devotion in carrying out the principles and directives established by the General Assembly for their work.

IV. In accordance with the nominations of the Permanent Nominating Committee the following are recommended to the General Assembly for election:

Class of 1966—Rev. R. R. Craig (2), Oklahoma
H. Roe Bartle (3), Missouri
Eldon D. Wilson (3), Virginia

to succeed Rev. James L. Fowle, resigned.
Class of 1966—Robert L. Maclellan (1) to succeed

V. That pending the approval of this report the Assembly recognize Dr. George Vick, in appreciation of his first year of service as Executive Secretary.

RECOMMENDATIONS

I. That the Minutes of the Board be approved.

II. That the Board's report be approved and that the following recommendations be adopted:

RECOMMENDATIONS

1. That the Church Extension Season, October 1-29, 1963, be observed as a time of rededication to the mission of the Church; that all pastors be requested to acquaint their people with the opportunities now before the Church to extend the Kingdom of God; and that the entire Church be summoned to earnest prayer and united effort in all areas of Church Extension work.
2. That all churches through their organizations be urged to make the widest possible use of the 1963 denominational adult study book, *Your Neighbor As Yourself* by Alan Keith-Lucas and Gordon A. Hanson, the recommended interdenominational books for all age groups and the supplementary materials prepared by the Board of Church Extension.
3. That every congregation be encouraged to observe October 13-20 as a week of prayer for Church Extension during which supplemental offerings will be made for the extension work of our denomination.
4. That each presbytery in the General Assembly promote in every congregation some plan of raising funds for church building purposes, it being understood that presbytery is to retain 80% of all such supplemental offerings for its own use and remit 20% to the Board of Church Extension for distribution to areas of particular need.
5. That Sessions give special attention to retooling the Church for evangelism using new aids prepared by the Division to help committees in creating a climate for evangelism, in contacting persons, cultivating them in the hope that God will lead them to make their commitment to Jesus Christ.
6. That Sessions continue to expand their plans for Missions of Friendship until these become a natural part of every organization.
7. That Sessions plan regular programs in Person-to-Person Evangelism, using materials available from the Division to prepare members for more faithful witness to Jesus Christ.
8. That Sessions plan for an Intra-Congregational Visitation for September, 1964, to enlist prayer and participation in church school and congregational worship October, November and December.
9. That Sessions continue to encourage Preaching Missions, Missions of Christian Action, Inquirers' Classes, and all other possible means of helping persons to become Christian.
10. That the General Assembly authorize and instruct the Board of Church Extension to initiate a re-study of its total work, including policy and program, finance it out of regular income and undertake to complete the task by the end of 1964; representative persons within and without the denomination, who have no official connection with the Board, are to make the study.

11. That the manual of the Board of Church Extension be adopted as amended. (See below.)
12. That the answer of the Board to Overture 21 from the Presbytery of Upper Missouri to the 1961 Assembly be adopted as the answer of this Assembly. This answer is as follows:

Overture 21, from the Presbytery of Upper Missouri, to the 1961 Assembly was referred to the Board of Church Extension "for study and report to the next General Assembly." The overture referred to requested the Assembly "to make a complete study to find ways and means to establish an instrument of our Church that can marshall the savings of our communicants for use in providing for mortgage financing on a sound basis to our Church and Church institutions." (G. A. Minutes 1961, pp. 29-30.)

The Board of Church Extension appointed the following persons as a special committee to study this overture and report their conclusions: Mr. Frank Lyon, Chairman, Little Rock, Arkansas; Mr. T. Jasper Lowe, Jackson, Mississippi; Mr. H. Sanford Weaver, Kansas City, Missouri; and, Rev. Malcolm L. Purcell, Houston, Texas. The committee had available for consultation additional legal and financial counsel in Little Rock. The special committee held its final meeting on November 27, 1962, and adopted the following recommendations:

1. That this committee recognizes the need for marshalling the resources of the whole Church to meet the Church Extension challenge, especially for building in rapidly expanding and needy areas. However, after review and study of all the plans for accomplishing this about which we have been able to secure information, it is the conviction of the committee that the establishment of such an Assembly-wide program is not feasible.
2. That, in lieu of such an agency, the committee commends two plans now being successfully used for marshalling the resources of a large segment of the Church to aid in guaranteeing local church loans and thus make it easier for a church to secure such financing. These programs are:
   A. A Loan Endorsement or Guarantee Plan developed by the Presbytery of Brazos and proved feasible through several years of successful operation. Under this plan, when certain clearly defined steps have been taken, upon recommendation of the Church Extension Committee, the presbytery approving a loan instructs its own trustees to endorse the note. The presbytery sets the final figure, checks quarterly on finances of all churches whose loans it has endorsed and maintains a reserve against any possible default in note payments. This reserve never exceeds 2% of total outstanding balances on loans which have been endorsed.
   B. The Guarantee Loan Plan now in use by the Board of Church Extension and adapted for its own use by Northeast Texas Presbytery, and possibly some others.
3. That the Board of Church Extension commend these two plans to the churches and instruct its Department of Administration to furnish full information about them to all synods and presbyteries.

The Board of Church Extension offers the above recommendations in answer to the 1961 Overture 21, with the understanding that, if accepted by the Assembly, detailed information on Plans A and B will be provided at once to the synods and presbyteries.

III. That the persons nominated by the Permanent Nominating Committee, except as noted, be elected as follows: To the Class of 1966, Rev. Warner L. Hall (3), Ben. S. Barnes, Jr. (3), Dr. Alan Keith-Lucas (3), Frank Lyon (3), Reid V. Robinson (2), Mrs. R. E. Wallin (3); E. T. Thompson (1), to replace Rev. Ronald S. Wilson (deceased). (This nomination was in place of C. A. McKnight, the nominee of the Permanent Nominating Committee.) To the Class of 1966, Rev. Henry W. Quinius (1) to replace Cecil H. Lang (term expired), and Jack Lawrence (1) to replace Ben L. Rose (term expired).

Respectfully submitted,

George Mauze, *Chairman*
Standing Committee on Church Extension

Resolution

The Assembly set aside the Standing Rules and received the following resolution. It was placed on the agenda for consideration following the report of the Standing Committee on Bills and Overtures. (See page 80.)

In the light of the number of churches within our Assembly without ministers, and in the light of the decreasing numbers enrolled in our Theological Seminaries, and in the light of the decreasing numbers of candidates for the Gospel Ministry under the care of our Presbyteries, and realizing that the continual organization of new churches will further increase the number of pastorless churches,

THEREFORE, BE IT RESOLVED: that the 103rd General Assembly of the Presbyterian Church in the United States request the Assembly's Permanent Committee on the Minister and His Work to make a study of the use of ordained ministers in work other than that of the parish ministry, to determine if qualified laymen can be used to fill some of these posts.

Respectfully submitted,

Commissioner R. L. Klunder,
Ruling Elder, Norfolk Presbytery

Standing Committee on Christian Relations (Cont.)

The Standing Committee on Christian Relations met with all members present, and its deliberations were opened with prayer by Rev. Kenneth J. Foreman. Careful attention was given to the following matters which were placed in our hands.

I. The report of the Permanent Committee on Christian Relations entitled "The Relationship Between the Races In the Area Served by the Presbyterian Church, U.S."

II. The report of the Permanent Committee on Christian Relations dealing with capital punishment.

III. The proposed Manual of Operations for the Permanent Committee on Christian Relations.

IV. The minutes of the Permanent Committee on Christian Relations.

V. A communication from Asheville Presbytery concerning pornographic literature.

VI. The report of the Permanent Nominating Committee with reference to nominations for the Permanent Committee on Christian Relations.

Rev. Irvin Elligan, chairman of the Permanent Committee, met with the Standing Committee to answer questions and to summarize the work of the Permanent Committee during the past year. Rev. Malcolm Calhoun, Secretary of the Division of Christian Action of the Board of Christian Education also was present for consultation.

I. We recommend approval of the Manual of Operations of the Permanent Committee on Christian Relations. (See Appendix, page 157)

II. We recommend the adoption of the report on "The Relationship Between the Races In the Area Served by the Presbyterian Church, U.S." (See Appendix, page 154) with certain clarifications.

III. We recommend approval of the recommendations of the Permanent Committee on Christian Relations concerning "The Relationship Between the Races In the Area served by the Presbyterian Church, U.S." with certain revisions. (See Appendix, page 156)

IV. We recommend the approval of the recommendations of the Permanent Committee on Christian Relations dealing with the 1961 Report on Capital Punishment. (See Appendix, page 158)

V. We recommend that the General Assembly join in the concern expressed by the following communication from Asheville Presbytery on pornographic literature, and call attention to the statement on this subject in last year's Report of the Permanent Committee on Christian Relations as recorded in the 1962 Minutes of the General Assembly, pp. 110-112.

"THE PRESBYTERY OF ASHEVILLE, of the Presbyterian Church in the United States, representing Presbyterian churches throughout the area of Western North Carolina, hereby records its great concern over the mounting evidence of moral decadence in our nation's life reflected in the flood of salacious and pornographic material to which both young people and adults are being subjected.

Most especially do we deplore the continued use of the United States mails for the dissemination of salacious and pornographic literature, despite action taken by postal authorities seeking to curb such use.

From earliest times the decadence of civilizations has been paced by an excessive preoccupation with sex and pornography. We believe that human nature is always tempted to immorality and that mankind, left to its own devices, will always turn to evil. There will always be a ready market for salacious material, wherever or however available. The public appetite should not be allowed to become the measurement of public morals. Unless informed and controlled by an enlightened public conscience, the standards of public decency and morality invariably will be lowered by the demands of immoral and depraved human appetites and the equally immoral and depraved business practices of those willing to satisfy those demands for a price.

We urge legislative and law enforcement agencies everywhere to attack this problem whereever it appears as the social evil it is, if necessary enacting legislation to curb the further production and dissemination of pornographic material, especially among young people."

VI. We recommend that the minutes of the Permanent Committee on Christian Relations be approved.

VII. We recommend that in accordance with the recommendations of the Permanent Nominating Committee, the following persons be elected members of the Permanent Committee on Christian Relations:

Class of 1966: Rev. Ralph L. Underwood, Jr., Frank B. Davis, Mrs. Robert MacDougall; and that to replace Rev. James Sprunt, resigned, Rev. Arch McD. Tolbert be elected to the Class of 1966.

VIII. We recommend that the Permanent Committee on Christian Relations be commended for its work.

Respectfully submitted,

Standing Committee on Christian Relations
Frank W. Price, *Chairman*

Report of Standing Committee on Christian Education

Rev. E. D. Witherspoon, Chairman, presented the report of the Standing Committee on Christian Education. Dr. Rachel Henderlite, Director of Curriculum Development for the Board of Christian Education, addressed the Assembly in connection with the report. The report was adopted, and is as follows:

The following items were referred to this committee:

I. From the Board of Christian Education:
   A. Minutes of the Board meetings for 1962.
   B. The Annual Report of the Board of Christian Education.
II. From the Mountain Retreat Association:
   A. Minutes of its Board of Directors meetings in 1962.
   B. The Annual Report of its Board of Directors.
III. From the Presbyterian School of Christian Education:
   A. Minutes of its Board of Trustees meetings in 1962.
   B. The Annual Report of the Presbyterian School of Christian Education.
IV. From Stillman College:
   A. Minutes of its Board of Trustees meetings in 1962.
   B. The Annual Report of its Board of Trustees.
V. From the Permanent Committee on Nominations:
   Nominations of members to be elected to the various agencies under the purview of the Standing Committee on Christian Education.
VI. From our four Theological Seminaries:
   Their Annual Reports.

These various matters were handled as follows:

I. *The Board of Christian Education*

Marked progress in the many areas of the work of the Board of Christian Education speaks of the quality of work being done by the Board and the contribution being made by it to the life of the Church. Particularly it is encouraging to note the forward movement of the Covenant Life Curriculum.

Your committee recomends:

(1) That the 1962 Minutes of the Board of Christian Education be approved.

(2) That the Board's answers to three special requests referred to it by the 1962 General Assembly be approved, as follows:

   (a) In reply to the recommendation from the Committee on Christian Relations of the 1962 General Assembly (see 1962 General Assembly Minutes, p. 86) requesting that "The Division of Family Life of the Board of Christian Education consider issuing a correspondence course on marriage and home building, to be used by those contemplating marriage, as well as by those who are already wed," the Board reports that this request has been considered and that a decision was made not to offer such a course because of the difficulty of handling it effectively by correspondence.

   (b) Concerning the request from the Committee on Christian Relations of the 1962 General Assembly (see 1962 General Assembly Minutes, p. 86) that "The Division of Family Life study the possibilities of organizing teams of

qualified persons to visit the Presbyteries and the churches with the message of Christian marriage and family life, speaking, teaching, and counseling with groups and with individuals," it is the judgment of this Board that local groups and churches might best be served in this area through teams their own choice selected for this purpose.

(c) In reply to the recommendation adopted by the 1962 General Assembly (see 1962 General Assembly Minutes, p. 147) concerning the *Brief Statement of Belief*, the Board of Christian Education reports that this Statement has been printed, as directed, and has been made available to the churches of the Assembly.

"The Consultation on the Enlistment of Negroes for the Ministries of the Presbyterian Church in the United States concluded that the pattern of racial segregation in our Church, especially as reflected in the continuation of racial presbyteries, is one of the most serious deterrents to enlistment of candidates for these ministries for the following two reasons:

"1. Both White and Negro young people have indicated reluctance to consider the ministry in a Church whose practice is contrary to its claim to be the church of *ALL* whom Christ loves, for whom He died and lives and whom He invites into membership in His body.

"2. Many young people are first confronted with the call to the ministry through presbytery camps, conferences, and special training programs. Segregation in these presbytery activities limits opportunities for the participation of Negro young people in them."

(14) That if the Directory for the *Worship and Work of the Church* is adopted by the General Assembly: (See page 109, for action so adopting.)

a. That the General Assembly recommend to its presbyteries that they direct their committees charged with the care of candidates to assist the sessions of churches within their bounds in developing and maintaining procedures for receiving under care of session candidates for church vocations not requiring ordination; to register such candidates in the records of the committee; to render such advice and assistance to both sessions and their candidates as may be requested; to register with the Division of Higher Education of the Board of Christian Education the reception of the candidate under care of session; and to provide such candidates, where practical, occasions for broader fellowship with other such candidates and candidates for the Ministry of the Word and Sacraments within the presbytery.

b. That the General Assembly approve Applicant Form No. 101 and recommend it for the use of sessions and presbyteries in receiving and registering candidates for the church vocations not requiring ordination. (See copy of form in Appendix, page 201); and that the Board of Christian Education be authorized to revise this form as may be expedient in the future.

c. That the General Assembly approve Applicant Form No. 105, Candidate for a Church Vocation, to be used by candidates for church vocations in applying for loans from the Fund of Education for the Ministry and Mission Service, (See copy of form in Appendix, page 199.); and that the Board of Christian Education be authorized to revise this form as may be expedient in the future.

(15) That the General Assembly urge the ministers and sessions of our churches to make available to public high schools both resource materials and resource persons to present and interpret church vocations.

(16) That the General Assembly take special recognition of the services rendered by Dr. Hunter B. Blakely, who after twelve years is retiring as Secretary of the Division of Higher Education, and that deep appreciation be expressed to Dr.

III. The Presbyterian School of Christian Education:

The report of the Presbyterian School of Christian Education calls our attention to several items of special interest. Among these items is the steadily increasing percentage of men enrolled in the school, the summer school for church workers, and the short summer session for the orientation of students from other nations who come to our church schools for study. Note was taken of the excellent work and continuing influence of Miss

Rachael Wylie, who retired as Dean of Students and professor of Christian Education in 1962.

Your Committee recommends:

(1) That the 1962 Minutes of the Board of Trustees of the Presbyterian School of Christian Education be approved.

(2) That the Assembly request each Presbytery and Synod to make a definite assignment of responsibility for the recruiting of men and women for full-time church vocations to the appropriate committee in its organization.

(5) That the Assembly instruct the Trustees as authorized by previous Assemblies to continue their efforts to raise funds for permanent improvements and endowment.

(6) That the Assembly approve the Manual of the Presbyterian School of Christian Education as amended.

Manual of Operation

The name of the city wherein its principal office in this state is to be located is Richmond. Its post office address is to be Richmond, Virginia.

II. Area of Responsibility

The purpose of the school is to prepare men and women for service in church vocations.

III. Duties or Functions

The Presbyterian School of Christian Education is governed by a Board of Trustees. The duties of the Board of Trustees shall be as folows: To control the corporation; to outline the policy of the School, adopt its curriculum, elect its faculty, and review its work; to consider all matters reported by the Executive Committee and the General Asembly, and to submit an annual report to the General Assembly of the Presbyterian Church in the United States for its information and review.

IV. Membership

The Presbyterian School of Christian Education is governed by a board of twenty-four trustees who are elected by the General Assembly of the Presbyterian Church in the United States.

These twenty-four trustees are divided into three classes of eight members each, and the members in each class are elected for a period of three years. It is so arranged that the terms of office of those in one class shall expire each year. No trustee shall serve more than three consecutive three-year terms; but a trustee may be re-elected by the Assembly after a lapse of one year.

V. Officers

The officers of the Board of Trustees consist of a President, a Vice-President, Secretary, and Treasurer. The Treasurer may or may not be a member of the Board. These officers are elected at the regular annual meeting of the Board to serve one year to begin January first after their election in November. No officer, except the Treasurer, serves longer than three consecutive years.

The President of the Board of Trustees presides at all meetings of the Board; he issues calls for all special meetings of the Board and for all meetings of the Executive Committee; he signs all contracts and other instruments of the corporation requiring such signatures, and performs such other duties as are incident to his office, or are properly required of him by the Board of Trustees.

The Vice-President presides at the meeting of the Board when the President is absent, and in case of the death or disability of the President, performs all the duties belonging to the President's office.

The Secretary issues notices of all meetings, keeps their minutes, has charge of the seal and of the records of the corporation, signs with the President such instruments as require his signature, and makes such reports and performs such other duties as are incident to his office, or as are properly required of him by the Board of Trustees.

The Treasurer receives and deposits promptly all funds and securities of the corporation in such depository or depositories as designated by the Executive Committee, and he pays or causes to be paid from the funds of the corporation all salaries authorized by the Board of Trustees or by the Executive Committee, and all bills that are proper debts of the corporation. Before making an investment, or negotiating a loan, the Treasurer must secure the approval of the Finance Committee, or the majority thereof. All notes given for loans negotiated, shall be signed by the Treasurer and President of the Board.

VI. Organization

The Board of Trustees at its regular annual meeting elects for a term of one year an Executive Committee consisting of a minimum of seven members, including the President of the Board of Trustees.

The President of the Board of Trustees is chairman of the Executive Committee. The Executive Committee elects its own Vice-President and Secretary.

Meetings of the Executive Committee are held at the call of the Chairman as the occasion may require.

A quorum of the Executive Committee consists of four members who have full power to transact any business that may come before the Committee.

During the intervals between the meetings of the Board of Trustees the Executive Committee has and exercises all the powers, privileges, and prerogatives of the Board of Trustees, except such as are expressly reserved by the Charter and by this Constitution to the Board of Trustees. The Executive Committee does not have the power to sell any real estate belonging to the corporation and does not have the power to elect or dismiss a member of the Faculty of the School. All the acts of the Executive Committee are subject to the review and control of the Board of Trustees.

When a vacancy occurs in the Faculty, the Executive Committee has power to appoint a temporary supply until the next meeting of the Board.

When a vacancy occurs in the Faculty, or an additional member of the Faculty is needed, it is the duty of the Executive Committee, in conjunction with the President of the Faculty to search out the most suitable person for the place, and to lay the facts about them before the next meeting of the Board of Trustees, with or without recommendations.

The Executive Committee shall appoint a Finance Committee consisting of four members and the Treasurer as an ex officio member.

The duty of this committee is to advise the Treasurer and approve all investments.

The Executive Committee is authorized to appoint such other committees as seem to be advisable.

The Executive Committee submits its minutes and records to the regular annual meeting of the Board of Trustees for its review.

The Executive Committee also submits to the annual meeting of the Board of Trustees such suggestions and recommendations as it deems expedient for the better administration of the affairs of the corporation and institution.

The Faculty of the Presbyterian School of Christian Education consists of a President and Professors. A Vice-President, a Dean of the Faculty, and a Dean of Students may also be elected.

The President presides at all meetings of the Faculty. In case of his absence or inability, the Vice-President or the senior member of the Faculty presides.

The President is the administrative agent of the School in matters of order and discipline, and exercises general supervision over the School in its daily routine. He makes an annual report to the Board of Trustees covering the life and work of the School during the past year, and setting forth its needs for the coming year. He also performs such other duties as usually pertain to this office in similar institutions.

The President and Professors are elected for a term of three years and upon the expiration of that term are eligible for re-election for another term of three years, and so on, until they reach the age of seventy years when they are automatically retired. However, this rule does not debar the Board of Trustees from continuing any President or Professor who has reached the age limit, from year to year, as long as the interests of the School are secured thereby.

The President and Professor upon their first election are formally installed by answering in the affirmative the following questions:

"Do you sincerely believe the Scriptures of the Old and New Testaments to be the Word of God, and the only infallible rule of faith and practice?"

"Do you sincerely receive and adopt the Confession of Faith of the Presbyterian Church in the United States as faithfully exhibiting the doctrines taught in the Holy Scriptures?"

"Do you now accept the teaching (or administrative) office to which you have been elected in the Presbyterial School of Christian Education as a call from

God, and do you now affirm your purpose, in cooperation with the Faculty and Staff, to serve Christ faithfully and diligently in the ministry to which you have been called?"

It is the duty of the Faculty to outline the curriculum of the Presbyterian School of Christian Education, to describe and teach the courses offered in the catalog issue of the Bulletin, and to interpret changes in the curriculum to the Board of Trustees from year to year for their approval.

Members of the Faculty shall have the privilege of attending the meetings of the Board of Trustees, and of submitting any suggestions which they believe will be for the good of the School, provided that the Board of Trustees shall always have the power to go into Executive Session when it may deem wise to do so.

VII. Meetings

The regular annual meeting of the Board of Trustees is ordinarily held the third Wednesday in November.

Special meetings of the Board of Trustees may be called at any time by the President of the Board of Trustees, or in case of his inability to act, by the Vice-President.

Notices of both regular and special meetings are sent by the Secretary to each member of the Board not less than ten days before any such meeting, and notices of special meetings must state the purpose thereof.

VIII. Quorum

A quorum at any meeting consists of twelve members who have full power to transact any business and to decide any question that may come before the meeting, except that in the sale or transfer of real estate a majority vote of all the members of the Board shall be required.

IX. Finance

The treasurer shall give bond for such an amount and in such surety or Trust Company as the Board of Trustees or the Executive Committee may approve. He makes a full report to the Board of Trustees at the annual meeting. His books are audited annually by a Certified Public Accountant approved by the Board of Trustees.

Annual budget requests are prepared by the finance committee in consultation with the administration and submitted for review and approval to the whole Board at its annual meeting in November. Travel and entertainment and other expenses of the Board and its committees are included in budget requests.

X. Reports to the General Assembly

Minutes of Board meetings, and annual audit, a report on the work of the School, and recommendations are submitted by the Board to the General Assembly's standing committee on Christian Education.

XI. Amendments

This manual may be amended, repealed, or altered in whole or in part, by a majority vote of the entire Board of Trustees, at any regular meeting, or at any special meeting with the following provisions: (1) Provided that every amendment shall receive the approval of the General Assembly before becoming effective. Any civil charter or amendment thereof needed shall similarly receive Assembly approval before being presented to the civil authority for recording. JOINT COMMITTEE WITH THE REFORMED CHURCH IN AMERICA

Judge John A. Fulton, Co-Chairman, presented the report of the Joint Committee with the Reformed Church in America. It was adopted, and is as follows:

REPORT OF THE JOINT COMMITTEE OF TWENTY-FOUR TO THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH IN THE UNITED STATES AND THE GENERAL SYNOD OF THE REFORMED CHURCH IN AMERICA

Fathers and Brethren:

The General Assembly of the Presbyterian Church in the U.S., meeting in Winston-Salem, North Carolina May 10-15, 1962, and the General Synod of the Reformed Church in America, meeting at Buck Hill Falls, Pennsylvania June 7-13, 1962, both unanimously approved the following resolution:

A RESOLUTION
prepared by
The General Synod Executive Committee of the Reformed Church in America
The Permanent Committee on Inter-Church Relations of the Presbyterian Church in the United States

I. We recommend to our respective judicatories for consideration and adoption that: the General Synod of the Reformed Church in America and the General Assembly of the Presbyterian Church in the United States affirm their common purpose, as branches of the holy catholic Church, to seek together a fuller expression of unity in faith and action.

We are moved by a desire to give more effective witness to the Gospel, and especially to the Reformation emphasis on the authority of Scripture and the Sovereignty of God as expressed in the Lordship of Jesus Christ.

Trusting the Holy Spirit, we reaffirm our readiness to be led into whatever forms of church life and work are revealed as God's will for us.

Such common affirmation and endeavor are not new to us. In 1874, a plan of cooperation between our two churches was adopted. The preamble of this plan stated:

"That we fully recognize it to be the duty of the followers of our Lord Jesus Christ to seek and embrace all proper means of manifesting such degree of unity in the faith of the Gospel as may exist among them; and that this unity may, in our view, be effectually manifested by us in the absence of

outward ecclesiastical uniformity, with which it ought never to be confounded, and which ought never to be purchased at the cost of truth."

Our churches stated in 1874 that "we have good reason to believe that the way is happily opened, under the guidance of God's Holy Spirit and holy providence for such intimate cooperative alliance as will prove comfortable and useful on both sides." Our fathers spoke of "a union, not organic, but nevertheless a union real and practical"—that is to say, unity of faith and action for the sake of mission.

In 1874 both churches affirmed their mutual recognition of each other's doctrinal standards, for the Reformed Church in America—the Belgic Confession, the Articles of the Synod of Dort, and the Heidelberg Catechism; and for the Presbyterian Church in the United States—the Confession of Faith, together with the Larger and Shorter Catechisms as "orthodox expositions and noble monuments of faith expressed by the Reformed Churches."

Linking our heritage with the present, we have in more recent times worked together for over a decade in close cooperation in the field of Christian Education and in the development of the Covenant Life Curriculum. We also share in united mission in Iraq, Taiwan and Mexico, as well as in other church councils at home and abroad.

II. We believe that we should now study and explore together the following suggested areas of common concern:

1. Doctrine and Polity, Worship and Liturgy
2. World Missions and Ecumenical Relations
3. Christian Education, including higher education
4. Theological Education, including exchange of students and professors
5. A nationwide strategy for Evangelism and Church Extension and Retention
6. Communicant referrals and mutual pastoral care, including Chaplains and Armed Forces personnel
7. Stewardship Education and Cultivation
8. Interchange of Ministers and Church Workers, including consideration of pensions and annuities
9. Men's Work, Women's Work, and Youth Work
10. Christian Social Concern and Action
11. Reciprocal studies of denominational administrative and organizational structure
12. Exchange of pulpits, conference leaders, consultants and advisors
13. Use of official church papers to acquaint our entire constituencies with the life and work of both churches, including church publications and communications media
14. Development of personal acquaintance through exchange of groups of fraternal delegates to the General Synod, the General Assembly, Synods, Presbyteries and Classes, to Men's, Women's, and Youth Assemblies and Conferences.

III. In consideration of the above, we recommend that the General Synod of the Reformed Church in America and the General Assembly of the Presbyterian Church in the United States each authorize by its own procedures a special committee of twelve persons to constitute a Joint Committee:

1. to engage in joint conference to study and explore areas of common concern;
2. to initiate correspondence and discussions between our Boards and Agencies having responsibilities in these areas;
3. to report annually beginning in 1963 to the General Synod and to the General Assembly the results of these studies and explorations; and
4. to recommend further steps to the General Synod and to the General Assembly toward fulfilling our common purpose as stated in this resolution.

This joint resolution is presented with earnest prayer that God may lead our Churches to joint action which will witness more effectively to the Gospel of Christ our Lord.

Respectfully submitted,

The General Synod Executive Committee
of the Reformed Church in America and
The Permanent Committee on Inter-Church
Relations of the Presbyterian Church in
the United States

This resolution was presented jointly to the General Assembly and the General Synod by the Permanent Committee on Inter-Church Relations of the Presbyterian Church U.S., and the Executive Committee of the General Synod of the Reformed Church in America as the result of several consultations by sub-committees and a meeting of the two groups held in Washington, D.C. April 3 and 4, 1962.

In accord with the above resolution, the following were appointed to the Joint Committee of Twenty-Four:

By the General Assembly of the Presbyterian Church U.S.

The Rev. Dr. Andrew R. Bird, Jr.
The Rev. Dr. Marion A. Boggs
Mr. John E. Bryan

Work in Progress

Subcommittee "A"—"Doctrine, Liturgy and Christian Action"

Recognizing the centrality of theology in all our discussions this subcommittee has undertaken an intensive study of the doctrinal standards, the vows taken by ministers, elders, and deacons, and the liturgical practices of the two churches. Basic in these discussions are the following documents:

Presbyterian Church, U. S.:

1. Westminster Confession of Faith
2. Longer and shorter catechisms as amended
3. Directory for Worship (Liturgies)
4. Book of Church Order (Polity)
5. The new Brief Statement of Faith—Not an official standard

Reformed Church In America:

1. The Belgic Confession
2. The Heidelberg Catechism } Standards of Unity
3. The Canons of Dort
4. The Liturgy
5. The Constitution (Polity)

> The theme of these studies is the statement found in the Joint Resolution: We are moved by a desire to give a more effective witness to the Gospel, and especially to the Reformation emphasis on the authority of Scripture and the Sovereignty of God as expressed in the Lordship of Jesus Christ.

The committee has, with the approval of the entire Joint Committee, enlisted two outstanding theologians from each of the two churches, the Reverend Dr. Felix B. Gear of the Columbia Theological Seminary of Decatur, Georgia, the Reverend Dr. John H. Leith of Union Theological Seminary of Richmond, Va., the Reverend Dr. Elton Eenigenburg of Western Theological Seminary, and the Reverend Dr. Howard G. Hageman, to make a further study of the doctrinal standards in order to amplify, evaluate, and support the Joint Resolution stated above. It is expected that the report of this special committee, of which Dr. Hageman is chairman, will be completed in time for the June meeting of the Joint Committee.

Subcommittee "A" has also requested the chairman of the social action committees of the two Churches to "confer, exchange information, and make a report and recommendations to this committee for united activity in the field of social action". Several statements in this field have been published and circulated widely.

Subcommittee "B"—"Polity and Organizational Structure"

At the suggestion of this subcommittee a Manual has already been prepared by our two Stated Clerks entitled, A COMPARISON OF GOVERNMENT AND ORGANIZATION IN THE REFORMED CHURCH IN AMERICA AND THE PRESBYTERIAN CHURCH IN THE U.S., Mr. Cabell and Mr. Riggs are preparing a comprehensive study of the legal structure and articles of incorporation of the two churches, while Dr. J. J. Murray has prepared a paper on the ecclesiastical polity of the Presbyterian Church, U.S. and Dr. Henry Bast has prepared a similar paper on the polity of the Reformed Church in America.

Subcommittee C—"On Cooperative Relations Between Program Boards and Agencies, and on Personnel Exchanges for Acquaintance"

This subcommittee has for its responsibility the major part of the fourteen suggested areas of common concern, and has as its objective:

> To encourage and develop the greatest possible fellowship and mutual assistance between the members of both churches, their Boards, Agencies, Programs and Services in order to strengthen their total Christian witness.

In order to implement this objective this subcommittee is seeking:

1. To initiate correspondence and discussions between the Boards, Agencies and Services of the two churches upon their respective work and functions and to act as a constant liaison.
2. To encourage joint studies and conferences by the corresponding Boards, Agencies and Services of the two churches, including the making of inquiries from and furnishing of information to each other.
3. To disseminate information throughout the membership of the two churches con-

cerning the history, structure, organization, activities and accomplishments of the other church.

4. To encourage and develop plans for the exchange of ministers, professors, students, and delegates to conferences and meetings of the two churches.
5. To lay out in detail the similarities and differences in structure and program of the respective Boards, Agencies and Conferences.
6. To suggest and initiate activity in areas in which mutual cooperation may be begun immediately:
   a) Pensions
   b) Television, Radio and Audio-Visuals (TRAV)
   c) Theological Student Exchanges
   d) Church Extension Discussion
   e) Chaplains and Service Men in the armed forces.

Within Subcommittee "C" specific areas of responsibility have been assigned to further subcommittees:

1. *WORLD MISSIONS*—Mr. Henry Goodpasture

Correspondence has been initiated in all the above areas; and, in a number of instances, visits have been made and executives and board members have conferred. Extensive plans are being made for establishing avenues of mutual acquaintance and it is our hope that more and more members of our two churches will be able to participate in these personal visits and conferences and exchanges. The Hope College basketball and baseball teams have made a tour through the south to a number of Presbyterian colleges and mutual visits are being arranged of choral, dramatic, and other athletic groups. The committee also urges wholehearted support of the New Covenant Life Curriculum not only on the basis of its intrinsic merit but also as a superb vehicle of mutual acquaintance and mutual strengthening.

RECOMMENDATIONS

Although little more than a half year has passed (at the time of the writing of this report) since the Joint Committee came into being, the work already acomplished by our subcommittees gives happy promise of greater things to come, that through the exchange of communications, ideas, and fellowship, through study and cooperative effort, our two churches will be led "to seek together a fuller expression of unity in faith and action." We affirm with gladness and appreciation the shared conviction that we have rediscovered a broad meeting ground both in theology and church government. Separated by national origin as we have been and by regional distance, it seems evidence of grace that our two churches are extraordinarily close to one another in the Presbyterian polity and the Reformed faith which we both share. As in the challenging present we survey together the lessons of the past and the adventure of the future we believe that while we have only made a beginning this in itself could prove to be of great significance in the life and work of our two churches.

We are very much encouraged by the fact that so many of our denominational leaders

are taking serious and thoughtful interest in our conversations and are responding generously to opportunities for mutual acquaintance and for sharing of policy and program. We express our appreciation especially to Mr. Ben Hartley, editor of "The Survey" and to the Reverend Dr. Louis Benes, editor of "The Church Herald", who have given not only ample space but also their own thoughtful study and counsel.

The Joint Committee respectfully makes the following recommendations to the General Assembly and the General Synod:

1. We commend to the attentive study of the General Assembly and the General Synod and all the local churches, courts, boards, institutions and agencies, the joint resolution, as stated above, which is the mandate of our committee. Our experience in these months has led us increasingly to appreciate its wisdom and strength.
2. We recommend the continuance of the Joint Comimttee. While this is necessarily only a partial report, we believe that the work done both in fact and in promise has intrinsic value. We covet for the people of our two churches the inspiration and enrichment the members of the Joint Committee have already been privileged to share in our fellowship and study together.
3. We recommend that the General Assembly and the General Synod commend to the people of our two churches the following program of study to the end that as many as possible may share in the adventure of our mutual acquaintance:
   A. The history of our two churches, as revealed in the study of our doctrinal standards and through books such as "The Story of Southern Presbyterians" by the Rev. Dr. T. Watson Street and "Lily Among the Thorns", by the Rev. Dr. Howard G. Hageman.
   B. The present organizational structure and regional distribution of congregations, Synods, institutions, boards and agencies, as compared in the newly prepared Manual.
   C. The present trends and emphases as may be indicated through a reading of the "Survey" and the "Church Herald", and various other publications and reports.
   D. A frank and critical appraisal of the differences in faith, theology, polity, cultural views, etc. if and where they exist.
   E. An equally frank and critical evaluation of the similarities in theology, polity, cultural views, etc. if and where they exist.
   F. The consideration of ways and means by which our two churches might "seek together a fuller expression of unity in faith and action . . . moved by a desire to give more effective witness to the Gospel, and especially to the Reformation emphasis on the authority of Scripture and the Sovereignty of God as expressed in the Lordship of Jesus Christ."
4. Though "we see through the glass darkly" and cannot know what lies ahead we are mindful that we are walking together on a road made both holy and compelling by our Lord's prayer, "That they may be one". We ask the General Assembly and the General Synod to commend the work of our committee to the people of our two churches for their prayers which we need and ask and for their thoughtful concern as together, "Trusting the Holy Spirit, we reaffirm our readiness to be led into whatever forms of church life and work are revealed as God's will for us."

B. The "1962 Annual Report of the Board of World Missions" was received and approved. (See separate volume of Annual Reports.) Your Standing Committee Recommends:

RECOMMENDATIONS

2. That the World Mission Season, February 1-March 1, 1964, be observed in all churches as a time for church-wide dedication to the world task of Christian missions; that every church seek to increase in its members the sense of responsibility and privilege in the world-wide mission of the Church.

3. That the Week of Prayer and Self-Denial for World Missions be observed by every church in the Assembly, February 23-March 1, 1964, and that the General Assembly approve a vigorous presentation of the World Mission cause and offerings for world missions in all churches during the period.

4. That the Assembly approve our church's participation in the interdenominational world mission study theme for 1963-64, "The Christian Mission in Southern Asia", and urge all churches to engage in this study.

5. That because of the increased responsibility and opportunity being given to world mission committees in presbytery and synod, the Assembly urge the Nominating Committees of presbytery and synod to select the best possible persons to serve on this committee; and that each presbytery and synod be urged to send its world mission chairman to the World Mission Conference in Montreat, July 25-31, 1963.

6. That, in view of the fact that more than 4,000 members of the Presbyterian Church, U. S. are living overseas, and that these members have a tremendous influence, positively or negatively, on world evangelization, the Assembly urge all churches to maintain a special tie with its members living overseas; and that the Board of World Missions be charged to take the initiative in leading the Presbyterian Church, U. S. into an adequate ministry to its members who live overseas or who travel extensively overseas.

7. That all leaders of students and young adults study the list of "New Missionaries Needed" in 1963 in order to present specific needs to suitable persons.

9. That the Committee on Candidates in each presbytery vigorously present the challenge for world mission service to the students and young adults, and that this committee, together with ministers, Directors of Christian Education and other leaders keep the Board of World Missions informed so that it may present personally the need and opportunity of missionary service.

10. That all our people be reminded of the fifty to sixty thousand international students in the United States and of our Christian responsibility to befriend and witness to these strangers within our gates.

11. That all pastors and churches be urged to keep before their members the continuing need for material relief and spiritual assistance in the distressed areas of the world, and the importance of supporting our church's relief program.

12. That collections of used clothing, blankets, etc., be made by churches at least twice a year, and that they be sent, designated as contributions from the Presbyterian Church, U. Its mailing address is Box 330, Nashville 1, Tennessee. The charter and its revisions are printed each year in the published report of the Board of World Missions.

Article II. The Board of World Missions is charged with organizing, maintaining and directing that missionary work of the Presbyterian Church in the United States which is outside the bounds of the United States or directly related thereto. The primary purpose of the Board of World Missions is to be an instrument of our church in the fulfillment of its God-given mission to proclaim the Gospel of the Lord Jesus Christ to the ends of the earth through preaching, teaching, healing and every other means of God's appointment. The Board seeks to carry out the responsibility entrusted to it through evangelization of unreached areas, through relief of human suffering, and through cooperation with sister churches in mission.

Article III. The Board of World Missions is appointed by the General Assembly of the

Presbyterian Church in the United States, to which it is responsible, and to which it must report annually all of the acts and proceedings in the prosecution of its work. The Board has the primary responsibility for administering that missionary work of the Presbyterian Church in the United States which is outside the bounds of the United States or directly related thereto.

A major duty of the Board of World Missions is to keep constantly before the church the missionary obligation which is explicit in the command of our Lord and which is implicit in the Gospel and in the very nature of the church, to interpret to the church the particular demands of this obligation in our time, and to evoke from every member of the church the response of intercession, service and stewardship.

The special duties of the Board of World Missions are as follows:

2. The Board shall while keeping primary the aim of evangelizing those who do not know Jesus Christ as Lord and Savior, be an instrument for aiding the sister churches with which we work in our various fields that these churches may be strengthened for evangelism and Christian nurture and the application of the Gospel to all of life, in their own lands and beyond.
3. The Board shall as a part of its program, be an instrument for encouraging and making more effective the Christian witness of the great number of our church's members who go outside our country for business, study, government work and travel. Each member of the administrative council shall be elected for a term not to exceed three years. He is eligible for re-election for as many terms as the Board deems wise. The duties of the administrative council are detailed in the Board's Handbook for the administrative council.
5. The Board shall formulate the policies of the church's missionary work which is outside the bounds of the United States and shall arrange for the programs and procedures which will implement these policies.
6. The Board shall receive all funds designated for the church's missionary work outside of our country, use these funds wisely for the purposes for which they were given, and render an account of these funds to the church.
7. The Board shall promote and publicize the work of world missions and shall cooperate in the missionary education of our members through all of the channels of the Church.
8. The Board shall be the instrument whereby members of the Presbyterian Church in the United States may, as a part of their Christian witness, share their abundance for meeting the needs of people around the world.

Article IV. The Board of World Missions is composed of twenty-one members elected by the General Assembly of the Presbyterian Church in the United States. Each member is elected for a term of three years, the terms of one-third of the Board members expiring each year. The vice-chairman fulfills the duties of the Chairman in the absence of the Chairman. The Secretary keeps the minutes of the Board and signs the necessary legal and financial papers; he is an ex-officio member of each Board Committee. The Treasurer is the custodian of the funds of the Board, keeps the title deeds to all property, cares for all bonds and securities that belong to the Board, and makes payment for expenses incurred in the Board's work, and renders a financial report at each regular meeting of the Board. The officers of the Corporation are also elected annually by the Board of World Missions.

Article VI. The Board of World Missions has the following permanent committees:

The Executive Committee, the Fields Committee, the Candidate Committee, the Home Base Committee, the Student World Relations Committee, the Business and Finance Committee, and the Committee on Overseas Relief and Inter-Church Aid. The Executive Committee shall be composed of the Chairman of the Board and the chairman of each of the permanent committees. The membership of all permanent committees is determined annually by the Board. The Board functions through staff departments which correspond to these committees. The duties of these departments are indicated in the Board's Handbook for the administrative council.

Article X. The Board of World Missions shall make an annual report to the General Assembly. This report shall be submitted through the office of the Stated Clerk of the General Assembly and the Standing Committee on World Missions of the General Assembly. This Annual Report shall be approved by the Board and shall consist of a summary review of the year's work, the recommendations of the Board for the consideration of the General Assembly, a complete financial statement as audited by a responsible firm, and all minutes of the Board.

Article XI. All proposed amendments to this Manual of the Board shall be submitted at one meeting of the Board and voted on at the next meeting of the Board. If approved, the proposals are submitted for the approval of the General Assembly.

Article XII. The By-laws of the Board shall include the Board's Handbook for Missionary Service, and the Handbook for the administrative council. Changes in the By-laws may be made by majority vote of Board Members at the meeting subsequent to the meeting in which the changes were proposed.

Supplements to the Report received as Communication:

Your Standing Committee recommends:

a. In regard to the Budget for Overseas Relief and Inter-Church Aid:
   That in response to a request of the Board of World Missions that the General Assembly rule on whether a reassignment of budgeted funds employed for Overseas Relief and Inter-Church Aid violates the procedure set forth by the General Assembly, the Assembly affirm that the Board of World Missions has the freedom to make such reassignment as it deems wise.
b. and
c. Report to the General Assembly on the Consultation on World Missions and the text of the findings.

Your Standing Committee recommends:

That in the light of the importance of "The Consultation on World Missions" in Montreat, North Carolina, October 13-19, 1962, the Assembly acknowledge its debt to the Board of World Missions for its vision in calling the Consultation and herewith express its gratitude to the Board for undertaking this endeavor; and that the Assembly recognize that the Board is implementing such recommendations of the Consultation as herald a new day of missionary advance.

Moreover, your Standing Committee recommends that the Assembly affirm anew her historic position that our Lord's command: "Go ye into all the world and preach the Gospel to every creature," is "the great end of her organization, and obedience to it . . . the indispensible condition of her Lord's presence . . ."; and that the theological declaration adopted by the Consultation and approved by the Board of World Missions be affirmed as an expression of our missionary concern and commitment.

"God, the creator and ruler of all, was in Christ reconciling the world to himself and has given to us the ministry of reconciliation. He who gave his only Son to become

man and to die and to rise again for the sin of the whole world, sends his Church into all corners of the earth, in the power of the Holy Spirit, to proclaim the Good News until the Lord Jesus comes again. He sends us to our neighbors and to the ends of the earth to be the witnesses and servants of his Kingdom. There is no other king; there is no other hope; there is no other life. Without him man perishes. Thus we who hope in the Lord Jesus alone for salvation stand under the inescapable imperative to carry the Gospel to all those who do not know him as Savior and Lord.

"The only motive power of the Christian mission is the Holy Spirit himself. The New Testament shows us the dark background of a world lost without Christ, but in the foreground the love, the hope and the obedience which are the gifts of the Spirit:

"The love of God shed abroad in our hearts in a world full of hatred and fear;

"The hope of his Kingdom in a world which otherwise has no hope;

"The obedience we owe him as the rightful King of men that he may see of the travail of his soul and be satisfied.

"Enjoying the gift of eternal life and knowing the power of his Spirit, we cannot rest until we have shared our joy with all men.

"But we must confess with deep shame our failure to bear faithful witness to the saving power of this Gospel. We confess that our individual lives and the life of our church have not fully expressed this faith which we profess. We confess that the measure of our discipleship, as demonstrated by our missionary outreach, is unworthy of our Lord. In repentance we ask the forgiveness of our Savior and dedicate ourselves anew to faithful obedience.

"We recommend that the Board of World Missions call upon all members of our church to join us in this repentance and rededication. We call upon all pastors to proclaim this saving word, all teachers to base their teaching upon this gracious Gospel and all members of the Church to live as faithful witnesses to the glory of God in Jesus Christ. We call upon our church to expand, in the saving name of the Lord of love, our ministry of service to the needs of all peoples. In this rededication we shall know the renewal of the Church by the power of the Spirit of our Lord and shall know the miracle of being the witness and instrument of God's reconciling love.

" 'Now is the day of salvation.' Let us proclaim his salvation to the ends of the earth, while he gives us time!"

Report of Standing Committee on Thanks

Rev. Pitser M. Lyons, III, Chairman, presented the report of the Standing Committee on Thanks. The report was adopted with a rising vote. It is as follows:

RESOLUTION OF THANKS

for the 103rd General Assembly of the Presbyterian Church in the United States.

It is a distinct privilege to express thanks to all those who have planned and prayed and worked to bring the arrangements for and the execution of this high court into being as it has sat here in Huntington these past days.

Our consciousness of God's presence in our midst in this Assembly impels us to give our highest thanks to Him from Whom all blessings flow and we do so humbly and most sincerely.

The word of the General Chairman of Arrangements, Mr. Paul Willard McCreight, when commended individually for the superb job which he has done in the arrangements for this Assembly perhaps best describes the attitude and work of all who have participated in laying the groundwork for and seeing that all things were in order to assure the smooth operation of the 103rd General Assembly. Mr. McCreight attributes it all to "teamwork."

Therefore, having given God the honor for whatever success we have enjoyed in the conduct of the business of His great church through this highest court of His church, we rejoice to recognize and express our deep gratitude to these "teams" and their "team leaders," namely:

(1) First, our Moderator, beloved Dr. Wm. H. "Bill" McCorkle, whose choice wit and wisdom under God has guided the affairs of this important Assembly wisely and well;

(2) Our Stated Clerk, Dr. James A. Millard, an integral part of the Moderator's team for the high degree of efficiency he brought with the other members of his team to the task of planning and guiding the course of our meetings;

(3) The First Presbyterian Church, our host Church, its Pastor, the "team leader," Dr. Andrew Reid Bird, Jr., whose generous and dynamic spirit was so evident in all aspects of the Assembly, and his associate minister, the Rev. Mr. Henry Seymour Robinson, and the music team, Dr. Walter D. Eddowes and his charming wife, Josephine, and most gratefully to Mrs. Jane Hobson Shepherd for the high inspiration of her solo on Sunday at morning worship, and all those officers and members who worked long and loyally to entertain this Assembly;

(4) The associated Presbyterian churches of Greater Huntington who worked as teammates with the First Church to host the 103rd General Assembly, namely

the Highlawn Church
the Beverly Hills Church
the Enslow Park Church
the Spring Valley Church
the Milton Church
the Green Valley Church
the Bates Memorial Church
the 2nd Church
the Kenova Church
the Rome Church
the Kuhn Memorial Church

especially do we thank the Enslow Park Church for providing the ruling elders' breakfast and Ladies' Luncheon, and the 2nd Church for the Ladies' Tea, and to each of these other fine church organizations for their contributions to the entertainment of the Assembly, with a special word of appreciation for the amazing and wonderful provision made by these congregations for our noon meal on Sunday;

(5) The Davis and Elkins College Acapella Choir and its "team leader," Mr. Sidney A. Tedford, Director, for the high inspiration brought us through their musical renditions;

(6) Mr. Paul Willard McCreight, the genial, good-natured, efficient General Chairman of Arrangements who stood at his post day and night to assure the comforts, conveniences, and necessities to each and every commissioner and to the court as a whole, and to his entire "team" and its several leaders, whose help and contributions made the job a real success, namely:

(a) Mr. Wm. G. Agee, Vice-Chairman of Arrangements and the Assembly's Sunday worship services.
(b) Mr. Fred Holswade, Chairman, Janitorial services.
(c) Mrs. E. I. Dansereau, Chairman, meals, snack bars and ladies' entertainment.
(d) Mr. William G. Heywood, Chairman, Buildings and Equipment (Space assignments)
(e) Mr. C. Bosworth Johnson, Chairman, Stenographic services, Information services, Press, Radio and TV Coverage.
(f) Mr. W. J. J. Fleming, Chairman, Auditing and Finance.
(g) Mr. Webster Morrison, Chairman, Hotels, Commissioner Registration, Welcome and Ushering.

(h) Mr. Robert Dillard, Chairman, Transportation.

This same thoughtful and efficient team made provision through and received contributions of time, effort and material from the following, to whom we express thoroughgoing thanks:

Kenney Music Co., for use of the Hammond Organ used in the worship service at Keith-Albee Theater;

A. B. Dick Co., for collator, mimeographs, other stenographic equipment;

Addressograph-Multigraph Corp., for a multilith machine;

W. S. A. Z., for electronic equipment and services;

Huntington Publishing Company, for providing a pre-Assembly Press luncheon, various items of equipment and for placing its facilities at the disposal of other newsmen;

Crutcher Business Machine Co. and *I. B. M.*, for typewriters;

Holswade Office Suppliers, for various office supplies;

Tri-State Photocopy Equipment Co., for a photocopy machine;

Dr. Pepper Bottling Co., for soft drinks and dispensing equipment;

Morgan's Inc., for typewriters, desks, and other equipment;

Standard Ultramarine & Color Co., for first aid oxygen equipment;

Western-Union, for special arrangements on telegrams and press releases;

Hotel Frederick, for cooperation in serving meals;

Collingsworth Interiors for some of flowers and decorations used in the Assembly meetings;

(7) And finally, we call attention to the community "team," represented by the leaders and citizenry of Huntington who have opened their hearts and homes and other facilities to us and treated us all as friends, providing for all of us all the comforts, conveniences and necessities which were in their power to afford. Our experience in the meeting of the General Assembly in this fine city will remain with all of us as a "sweet savour and incense" and we say heartily and sincerely in this resolution of thanks, God bless and keep you.

Rev. William A. Benfield, Jr., Chairman, presented the report of the Standing Committee on Judicial Business. It was adopted, as amended, and is as follows:

The Standing Committee on Judicial Business submits the following report:

The Committee had the following matters placed in its hands:

I. Attested copies of the minutes of fifteen Synods.

II. Minutes of the Permanent Judicial Commission.

III. Report of the Permanent Judicial Commission and Supplemental Report. (See Appendix, page 194).

IV. Overtures 22-29, 38.

V. Nominations to the Permanent Judicial Commission.

VI. Communications from the Presbytery of Central Mississippi regarding the minutes of the Stated Meeting of the Synod of Mississippi, June 5-7, 1962.

VII. Communication from the Stated Clerk of the Synod of Mississippi regarding the minutes of the Stated Meeting of the Synod of Mississippi, June 5-7, 1962.

VIII. Summary of voting of Presbyteries on proposed amendments to the Constitution as sent down by the General Assembly of 1962.

Recommendations are:

I. Referring to the official minutes of the Synods

(a) That the minutes of the following Synods be approved without exception: Alabama, Arkansas, Florida, Georgia, Kentucky, North Carolina, South Carolina, Tennessee, Texas, and West Virginia.

(b) That the minutes of the Synods of Louisiana, Missouri, and Virginia be approved with the exception of the absence of attestation on the outside cover.

(c) That the minutes of the Synod of Appalachia be approved wih the exception of the absence of official attestation at the conclusion of the minutes.

(d) That the minutes of the Synod of Mississippi be approved with the following exceptions:

(1) No record of the disposition of the report of the Synod's Ad-Interim Committee on a Proposed Hospital (pp. 19-20).

(2) No record of the disposition of the report of the Committee on the Revision of the Standing Rules of Synod (pp. 33-37).

(e) That the attention of the General Assembly be called to the fact that the Synod of Oklahoma did not submit minutes of the Stated Meeting for 1962 and that the General Assembly instruct the Synod of Oklahoma to submit the minutes of the Stated Meeting of 1962 for review by the General Assembly meeting in 1964.

(f) That the Stated Clerk of the General Assembly be instructed to request the Stated Clerks of all the Synods to exercise greater care in the elimination of typographi-errors in the printed copies of the minutes of Synods.

II. Referring to the minutes of the Permanent Judicial Commission, that the minutes be approved without exception.

III. Referring to Overtures and the Report and Supplemental Report of the Permanent Judicial Commission regarding Overtures.

(a) That Overture 22 from the Presbytery of Central Texas, regarding the service of inactive elders, be answered with the recommendation of the Permanent Judicial Commission that the overture be recommitted to the Permanent Judicial Commission for consideration and report to the next meeting of the General Assembly.

(b) That Overture 23 from the Presbytery of Appomattox, requesting the rewording of Section 15-6 (5) so as to eliminate the impression certificates of dismission are given to parents, be answered with the recommendation of the Permanent Judicial Commission that Section 15-6 (5) of the Book of Church Order must be interpreted in the light of Section 8-4.

(c) That Overture 24 from the Presbytery of Abingdon, regarding the appointment of a committee to study and clarify the system of rotating elders, be answered with the recommendation of the Permanent Judicial Commission that the Overture be recommitted to the Permanent Judicial Commission for consideration and report to the next meeting of the General Assembly.

(d) That Overture 25 from the Presbytery of Central Texas, requesting the General Assembly to take the necessary steps to make Section 29-11 and Section 15-6 (15) of the Book of Church Order compatible, be answered with the General Assembly approving and sending down to the Presbyteries for advice and consent an amendment to the Book of Church Order, Section 15-6 (15), by deleting the word "active." This recommendation is offered in substitution for the recommendation of the Permanent Judicial Commission that the General Assembly declare its interpretation that such amendment of Section 29-11, if adopted, should have the effect of modifying by implication Section 15-6 (15) so that it would no longer require that selection of a representative to Presbytery or Synod be confined to the ruling elders who are active.

(e) That Overture 26 from the Presbytery of Atlanta, regarding the amendment of the Book of Church Order, Section 25-3 (a) (b) so as to make an associate or assistant pastor eligible to succeed the pastor in a church which they serve together, be answered with the recommendation of the Permanent Judicial Commission that the General Assembly answer in the negative for the following reasons:

1. These provisions having been so recently adopted, this Commission feels that

it would be premature to make any changes until and unless further experience indicates that such changes are necessary, and

2. The value to be derived from the present requirement outweighs the advantage to be derived from a change and the possible hardship that may result in an individual case.

(f) That Overture 27 from the Presbytery of Red River regarding clarification of the meaning of the word "certificates" in Section 27-5 of the Book of Church Order, be answered with the recommendation of the Permanent Judicial Commission that Section 27-5 (1) of the Book of Church Order be interpreted to require that a Presbytery regard as an extraordinary candidate any candidate presenting as an academic qualification a certificate which omits the required language studies. We believe this to be the clear intent of the Section and also to be the uniform pratcice of the Presbyteries.

(g) That Overture 28 from the Presbytery of Norfolk, regarding the use of the word "becometh" in the proposed Section 208-1 of the Book of Church Order, be answered with the recommendation of the Permanent Judicial Commission that the Stated Clerk of the General Assembly be instructed, in editing for publication, to change the words "as becometh Christians" of Section 208-1 to "in a manner becoming to Christians."

(h) That Overture 29 from the Presbytery of Kanawha "reference," regarding the constitutionality of committee examination of candidates and/or ministers seeking admission to the Presbytery, be answered with the recommendation of the Permanent Judicial Commission that a Presbytery, to facilitate the discharge of its responsibility of examining a minister or a candidate, as required by Secons 16-5 or 27-5 of the Book of Church Order, may instruct a committee to conduct a preliminary examination and make a report which shall not take the place of an examination by the Presbytery itself. The length and detail of the Presbytery's examination may be affected by such committee report.

(i) That Overture 38 from the Presbytery of the Everglades, regarding the examination of a candidate for ordination to the Gospel Ministry, be answered with the recommendation of the Permanent Judicial Commission that the Overture be recommitted to the Permanent Judicial Commission for consideration and report to the next meeting of the General Assembly.

IV. Referring to other matters in the Report of the Permanent Judicial Commission:

(a) Whereas the General Assembly of 1962, having instructed the Permanent Judicial Commission to prepare the amendments necessary in the Book of Church Order so that women may become ordained officers in the Presbyterian Church in the United States, and whereas the Commission submits the following two amendments:

(1) That Section 9-2 of the Book of Church Order be amended by adding the following sentence: "Both men and women shall be eligible to hold Church offices."

(2) That Section 12-7 of the Book of Church Order be amended by substituting for the word "women" the word "persons."

The Standing Committee on Judicial Business recommends that the General Assembly approve the amendment of Section 9-2 and Section 12-7 of the Book of Church Order and send these amendments to the Presbyteries for advice and consent.

(b) In connection with the sending of the amendments to Section 9-2 and Section 12-7 to the Presbyteries for advice and consent, that the General Assembly of 1963 recommend to the Presbyteries that before they take action they inform and confer with the Women of the Church of local congregations and the Presbyterials as to the support of scripture for ordaining women as officers of the Church.

(c) That the General Assembly adopt the recommendation of the Permanent Judicial Commission that Standing Rule 7.3 of the Standing Rules of the General Assembly be amended by striking out the present rule and substituting the following: "All overtures requiring reference to the Permanent Judicial Commission shall be delivered by February 1 to the Stated Clerk in order to be referred to the Commission. All other overtures shall be delivered by February 25 to the Stated

Clerk in order to be included in the Handbook for the next meeting of the General Assembly, with indication of the Standing Committee reference to be suggested. No Overture requiring reference to the Permanent Judicial Commission received by the Stated Clerk after February 1 shall be referred to or considered by the General Assembly convening in that year. No other overture received by the Stated Clerk less than two weeks before the opening of the General Assembly's meeting shall be referred to or considered by the General Assembly convening in that year."

V. Referring to nominations to the Permanent Judicial Commission, that the following be elected for additional term:

Class of 1966:

Rev. Harry K. Holland (2)
Rev. Harold J. Dudley (2)
Dean John W. Wade (2)
James C. Davidson (2)

VI. Referring to the communication from the Presbytery of Central Mississippi and the communication from the Stated Clerk of the Synod of Mississippi, that:

(a) The General Assembly answer these communications by advising the Presbytery of Central Mississippi to direct its communication to the Synod of Mississippi.

(b) That the General Assembly instruct its Stated Clerk that it is not necessary to include in the minutes of the General Assembly of 1963, the text of the papers accompanying these communications.

VII. Referring to the summary of voting of presbyteries giving advice and consent on proposed amendments to the Constitution as sent down by the General Assembly of 1962: the Standing Committee on Judicial Business has received from the Stated Clerk of the General Assembly the following attested summary of voting:

Presbyteries reporting: 80
No reporting: 0

ON "THE DIRECTORY FOR THE WORSHIP AND WORK OF THE CHURCH":
Presbyteries FOR the *entire* DIRECTORY without exception to any Section: 57
On 46 Sections—80 Presbyteries FOR; 0 Presbyteries AGAINST.
On 54 Sections—79 Presbyteries FOR; 1 Presbytery AGAINST.
On 8 Sections—78 Presbyteries FOR; 2 Presbyteries AGAINST.
On 7 Sections—77 Presbyteries FOR; 3 Presbyteries AGAINST.
Every Section has the consent of at least 77 out of the 80 Presbyteries.

ON "THE CONFESSION OF FAITH," Chapter XXX, iii; Presbyteries FOR: 78 Presbyteries AGAINST: 2

ON "THE FORM OF GOVERNMENT," Section 27-5 (1): Presbyteries FOR: 79 Presbyteries AGAINST: 1.

ON "THE FORM OF GOVERNMENT," Section 29-11: Presbyteries FOR: 72 Presbyteries AGAINST: 8.

The Standing Committee on Judicial Business therefore recommends:

(a) That "THE DIRECTORY FOR THE WORSHIP AND WORK OF THE CHURCH" be enacted.

(b) That the proposed amendment to the Confession of Faith, Chapter XXX, iii be enacted.

(c) That the proposed amendment to the Book of Church Order, Section 27-5 (1) be enacted.

(d) That the proposed amendment to the Book of Church Order, Section 29-11 be enacted.

Respectfully submitted,

Standing Committee on Judicial Business
W. A. Benfield, Jr., *Chairman*

Resolution

Rev. P. J. Garrison, Jr. presented a resolution to the Assembly. The rules were set aside, the resolution was received and adopted, and is as follows:

WHEREAS there are proper and constitutional methods for lower courts, groups of individuals and individuals to place business before the general assembly prior to the opening of the Court, and

WHEREAS a number of papers received by the Assembly on the opening night appear to represent efforts to bring business before the Court by methods other than those stated in the Constitution and Standing Rules, therefore be it resolved

1. That the Assembly request the attention of the presbyteries to the fact that the routes of Overture and Matters of Reference are proper.
2. That other methods employed to place business before the Assembly only after it is open make it difficult for the Commissioners to give adequate consideration to the issues involved.
3. That it is the opinion of the Assembly that matters rushed to the Assembly at the last moment seldom are of great and urgent concern to the whole Church.
4. That the Assembly, through the presbyteries, notes to the individual church member and groups of church members that they have clear constitutional access to the higher courts through the lower courts and that this channel alone should be employed in seeking to place matters before the Assembly for consideration.
5. That the Assembly, through the presbyteries, advise individual church members and groups of church members that miscellaneous letters and telegrams, usually requesting action on some matter before the Assembly, are not proper communications to the highest court of the Church and cannot properly be received nor acted upon.

The Minutes of today's sessions were read and approved.

The Assembly moved to adjourn.

The Moderator led the Assembly in a closing service of worship in Praise to God For Our Unity, Our Future in Christ Jesus.

The Moderator made the following pronouncement: By virtue of the authority delegated to me by the Church, I do now declare that the General Assembly of the Presbyterian Church in the United States is adjourned, to convene at Montreat, North Carolina, at 4:00 P.M., April 23, 1964.

The Benediction was voiced by the Moderator.

REPORTS OF AD INTERIM COMMITTEES

REPORT OF THE AD INTERIM COMMITTEE ON REVISION OF THE BOOK OF CHURCH ORDER

The Ad Interim Committee on the Revision of the Book of Church Order makes what we expect to be our final report.

The Directory for the Worship and Work of the Church is before this Assembly for final action. This is the last of the three sections of the Book of Church Order to be so presented.

The present form of the Directory was approved at the 1962 General Assembly and sent to the Presbyteries for their approval or disapproval. The General Assembly ordered the vote to be taken by sections.

As this report goes to press, the votes of Presbyterians have been received in the Office of the Stated Clerk. These votes indicate the overwhelming approval of all sections of the Directory. Forty-nine Presbyteries gave their approval without exception. Certain Presbyteries disapproved some sections. However, in no case did any section have more than three negative votes, and the great majority that received negative response had only one Presbytery voting against it.

Approximately thirty communications have been received suggesting changes. These have been answered to the best of our ability. We do not believe the number or the nature of the suggestions warrant further delay in the final vote on the Directory. Any serious faults will be discovered in due course and can be corrected by regular, constitutional process.

Certain of these communications have called attention to changes in editorial language which seem desirable.

208-1 would better end "as is becoming to Christians."

The third sentence of 210-2 should end with the word "Catechism." The word "Knowledge" begins a new sentence and should be capitalized.

210-3 after "This" in the second sentence, the words "profession and baptism" should be inserted. In 210-4 the same words should be inserted after "This" in the second sentence.

It is noted that the proposed change in the Confession of Faith to bring the Confession into harmony with section 211-3 has received an affirmative vote by the Presbyteries. This makes possible the administering of the Sacrament of the Lord's Supper in the Visitation of the Sick.

RECOMMENDATIONS

1. That the Assembly take final action on the Directory for the Worship and the Work of the Church, taking note of the affirmative vote of the Presbyteries.
2. That permission be given to the Ad Interim Committee, working with the Stated Clerk, to make the editorial changes noted in this report and others of similar nature which may appear.
3. That an historical introduction to the Directory for the Worship and Work of the Church prepared by the committee, similar to the introduction printed with the Form of Government, be included in printings of the Directory.
4. That the Ad Interim Committee be discharged when these changes have been made since this will mark the task which was given to it.

Respectfully submitted,

REPORT OF AD INTERIM COMMITTEE ON RECOMMENDATION 19 OF THE GENERAL COUNCIL'S 1962 REPORT, AND RELATED MATTERS

The General Assembly, meeting in Winston-Salem in May, 1962, took the following action:

> That recommendation 19 of the report of the Standing Committee on General Council be referred to an Ad Interim Committee of 9 to consider the whole matter involved in Recommendation 19 (of the Report of the General Council and the proposed recommendation 19 of the Standing Committee) in consultation with all Boards and Agencies and the General Council and report back at the next General Assembly.

The Ad Interim Committee, appointed by the Moderator, Dr. Edward D. Grant, met in Atlanta on December 11 and 12, 1962. Considerable attention was given to the scope of the assignment committed to us by the General Assembly. The Committee took the following actions concerning procedure in trying to do the thing that the General Assembly has asked of us:

1. We would like to report progress to the 1963 General Assembly, requesting that the Ad Interim Committee be continued.
2. Acting upon the assumption that the General Assembly will accept the above recommendation, we have written to each of the Boards and Agencies of our Church, urging a careful study of the matters referred to the Ad Interim Committee by the 1962 General Assembly (pages 188-204, with particular attention to be given to the report of the Findings Committee of the Consultative Conference on the Benevolence Program of the Presbyterian Church in the United States, held at Montreat, North Carolina, September 18-21, 1961).
3. We have requested each Board and Agency of our Church to furnish the Ad Interim Committee a statement in writing on or before July 15, 1963, indicating the considered judgment of the Board or Agency to the references made to the Ad Interim Committee, indicating particularly (a) the effect that the proposal for a central treasury will have upon the Board or Agency, and (b) the effect that such a proposal will have upon our Church as a whole.
4. The Ad Interim Committee has requested each Board and Agency in our Church to appoint a representative (or representatives) who will consult with the Ad Interim Committee in the course of a two-day meeting to be held in Atlanta Tuesday and Wednesday, September 10 and 11, 1963, interpreting the position of the Board or Agency to the Ad Interim Committee and making suggestions and recommendations that may prove helpful as we formulate our report to the General Assembly.

Respectfully submitted,

WALLACE M. ALSTON, *Chairman*

REPORT OF THE GENERAL ASSEMBLY'S AD INTERIM COMMITTEE ON THE EDUCATION OF LAY LEADERS

Introduction

In the report of "The Ad Interim Committee on Education of Lay Leaders" adopted by the 97th General Assembly in 1957, there was the following provision:

> "We further propose that at the end of five years a survey of the general situation regarding the use, training, and need for lay workers comparable to this one be conducted to guide the General Assembly in making future plans for this vital part of the Church's life."

In keeping with this provision the 102nd General Assembly in 1962 authorized the Moderator to appoint an "Ad Interim Committee on the Use, Training, and Need for Lay Workers." The Moderator appointed the following to serve on this committee: Rev. Malcolm C. McIver, Jr., chairman, Rev. W. Norman Cook, Rev. Joseph M. Garrison, Rev. Neely D. McCarter, Rev. Jack B. McMichael, and Miss Eleanor Belk, the last two of whom had served on the previous Committee on Lay Leaders.

This Committee has held two meetings—one at the Presbyterian School of Christian

Education, Richmond, Virginia, September 24 and 25, 1962, and the other at Columbia Theological Seminary, Decatur, Georgia, February 17-19, 1963. At the first meeting the Committee revised carefully the work and recommendations of the former committee, and the developments which have taken place growing out of these recommendations including:

(1) The development of a program for the certification, recruiting, and in-service training for lay workers.

(2) The establishment of a Department of Enlistment in the Board of Christian Education with administration responsibilities for the certification program.

(3) Provision for an Emergency Challenge Fund to provide $5,000.00 a year for five years to each of our Church colleges willing to develop a training program for lay workers and the acceptance of this challenge by eight colleges which are now participating in this program.

(4) The inauguration of a summer school at the Presbyterian School of Christian Education.

At this first meeting the committee also reviewed the minutes of a meeting of representatives of church colleges offering a program of Christian Education which was held at Montreat, North Carolina in the summer of 1961 and outlined the task of the present committee, making assignments to the various members.

At the second meeting the members who had accepted responsibilities for gathering information submitted pertinent information and suggestions for the report. After much discussion and thought, this report was adopted for submission to the 1963 General Assembly.

After considerable deliberation this committee became aware of the fact that our conversation and research dealt primarily with the Director of Christian Education. This being the case, we deemed it necessary to have some clear specification of the education, role, and function of the D.C.E. before us and before the church.

I. THE ROLE OF THE DIRECTOR OF CHRISTIAN EDUCATION

For years we have been talking about the Director of Christian Education, but the role of the D.C.E. has never been stated clearly. Therefore, we requested the committee on certification to draw up such a statement. That statement, which we adopted, after slight modification, is herewith presented to the church as a worthy, though certainly not infallible, guide to the place of the D.C.E. in the church—his educational qualifications, his relationships to session and to pastor, and his functions.

The Role of the Director of Christian Education in the Presbyterian Church, U.S.*

A Director of Christian Education is a lay Christian who is engaged in full-time church work as a professional Christian educator.

Academic Qualifications

He has taken graduate professional training, with a two-year Master's degree in Christian education (or its equivalent). He has included in his professional preparation the following areas of study: Bible; theology; church history; ethics; history and philosophy of Christian education; administration, organization, and supervision; specific tasks in terms of working with age groups; the teaching-learning process; understanding and working with people. In addition to academic preparation, there has been participation in supervised field education.

Relationships

In the proposed new Directory of the Worship and Work of the Church, it is stated that "The formal educational program of a particular church is under the control of the Session (cf. F.G. #15-6) and under the supervision of the pastor (cf. F.G. #10-4). . . . The Session may employ properly qualified persons to direct the educational program. Such persons shall work under the supervision of the Pastor." (341, 345)

Relationship to the Session:

The D.C.E. is ultimately responsible to the session which extends him his call, and establishes the policies and designs the job description for the D.C.E. The Director is related to the Session most directly through the minister by whom he will be supervised, and with whom he will collaborate in the everyday application of the Session's policies. The official relation of the D.C.E. to a church should be reviewed by the Session when the relationship of the pastor to the church is dissolved.

Relationship to the Pastor:

The pastor by virtue of his office is the spiritual leader of the entire church. He serves as the executive officer of the Session, he is the administrative head of the total

program of the church, including Christian education, and he serves the congregation as the teaching elder—in preaching, teaching and administrative oversight. If there is a multiple staff, he is its head. He is the ultimately responsible person who may delegate a portion of his responsibility to assistants and associates, with permission of the Session. The Director of Christian Education is a professional assistant to the pastor, being delegated major and immediate responsibilities in Christian education. In this work, there should be close cooperation between pastor and D.C.E., made possible by a well-thought-out job description, sensible and flexible allocation of functions, and regular staff conferences. The pastor should neither abdicate to the D.C.E. his ultimate responsibility, nor should he regard the D.C.E. as a functionary. It is essential for the pastor to interpret to the congregation the nature of the work of the D.C.E. Genuine teamwork and mutual respect are imperative. Happy and eminently successful teamwork and sharing of responsibilities are quite possible where two mature adult Christian leaders intend to work together under God where He has placed them.

Functions

The ministry, or service, of those especially set apart for the church's work of education will be focused particularly on those structures and procedures in the church's life which are designed to help persons understand and appropriate the Christian faith and the life which is the fruit of that faith.

... The D.C.E. is to teach—not only educational techniques, but also basic Biblical interpretation and church doctrine in accordance with the standards of our church. The D.C.E. will share with the Pastor in this kind of teaching.

... He gives professional guidance in the development of policies and programs of Christian education consistent with our denominational heritage. This guidance involves initiating recommendations, participation in continuing evaluation, and assisting in the implementation of program.

... He will serve as professional counselor to those committees designated by the Session as having a particular responsibility in the educational ministry of the church, and to those individuals in administration and teaching positions who occupy key posts in this work.

... The D.C.E. is to work with the leaders of the church, as they develop together a strong program of selection, training, support, and supervision of a growing corps of church leaders for these phases of church life.

... The D.C.E. accepts a legitimate share of responsibility in the work of the church beyond the congregational level.

[*This paper describes the role of the certified D.C.E. It is recognized that those certified as Associates and Assistants would require more supervision. Adaptations in terms of the role would have to be made in view of personal and academic qualifications.]

II. THE EMPLOYMENT AND THE NEED FOR LAY LEADERS

The committee sent out questionnaires to every church in the General Assembly of 250 communicant members or more, a total of 1,064. When the questionnaires were compiled, 505 or 47.5% had been returned. However, 88 of the questionnaires returned gave no information. Of the 88, 80 of them were from churches of less than 500 members. A similar study was made by the 1957 Ad-Interim Committee as a basis for its report. Where the facts are comparable, figures from both studies are included. [See Appendix A for a copy of the questionnaire sent out to the churches and for the compilations of figures from the questionnaire.]

As has been indicated, this questionnaire does not include the presbytery, synod, and Assembly agencies who employ a number of staff-level lay persons.

In checking the returns the committee received against available statistics in the minutes of the General Assembly and from other available sources, there are indications that the questionnaires received are a valid cross-section of the General Assembly and that figures projected for the whole Assembly on the basis of this number of returns are reasonably accurate.

Ordained Ministers

While this study is not concerned with the employment of ordained ministers in the Assembly, it is significant to note that of the 130 churches reporting either an associate or an assistant pastor, 15 of these are named as Ministers of Education and 36 others have responsibilities in this area. We will look at the implications later.

Employed Lay Leadership

The study reports 211 full-time workers in Christian education. These are directors, associates, or assistants. If this number is projected, it would give us almost exactly the

number of directors of Christian Education listed in the minutes of the General Assembly and indicate a substantial increase in the number of employed directors in the last five years. The total, in fact, approaches the number of positions in the Church five years ago when the report showed 276 employed directors and 178 needed, or a total of 454 positions, approximately the number employed presently.

Other lay positions reported by the 505 churches indicate a general increase in the number of positions in the churches, though no particular category showed a phenominal increase.

If the number of church secretaries reported in 1962, 137, are deducted from the total, this would show approximately 1,158 lay positions now being filled in the local churches, or over 1 per church for churches of over 250 members.

The preparation of lay leadership does not indicate any great changes as over against the study of five years ago. The largest group of directors of Christian Education continue to be those who have a master's degree, second those who have a college degree, and third those who have a college degree in Christian education. These figures hold for directors, associate directors, and assistant directors without distinction.

There does not seem to be any useful information available to us on tenure. It might be noted that the average length of service of DCE's is approximately four years, which is identical with the 1957 survey. The long tenure of musicians also confirms the feeling that most of them are local persons with additional employment.

Need for Lay Workers

When positions now open in the church are studied, directors of Christian Education still are disproportionate in the number of available positions. Over 2/3 of the positions, exclusive of ordained ministers, are for directors of Christian education or some combination with the D.C.E.

It is important to observe that the 93 directors being sought as compared with the 211 employed by the 413 reporting churches, is a smaller ratio than the 178 sought as compared with the 276 employed by the 831 churches reporting in 1957. When we project the 1962 figures for 1064 churches over 250 members, we have approximately 454 DCE's employed today, while churches are seeking to fill as many vacant positions as existed in 1957. If, as indicated, one third of these vacancies are replacements, at least 100 churches are today seeking D.C.E.'s for the first time.

Other positions to be filled, including 16 ministers, can be largely disregarded on the basis that a great many of them are replacements and represent the normal turnover of lay personnel.

There are many indications that a larger number of ordained ministers now devoting full-time or part-time to Christian education has decreased the requests for directors of Christian education. It can only be surmised as to whether churches prefer ministers in certain positions of Christian education, or whether they are finding ministers are more available than prepared lay persons.

It is interesting to note that whereas in 1957 51% of the churches sought directors with master's degree, in 1962 56.4% were seeking those with Master's degree, and in both studies 35% of the positions available were seeking persons with a college degree in Christian education, indicating that as the demand for directors has gone down slightly, the requirements for DCE's with graduate degrees have inversely begun to rise.

It is also interesting to note that little professional educational preparation is stipulated for others than directors of Christian education, which would seem to indicate

that the church is beginning to stabilize its requirements for this position, where as it has not advanced that far in relation to other lay services.

Our information on proposed salaries is scanty and not too useful. Of the churches looking for directors half of them expect to pay between $4,000 and $5,000 a year, with 20 of them above the $5,000 figure. Over 60% of the churches seeking Directors have funds immediately available for salaries. Proposed salary figures show a substantial rise in remuneration over five years ago.

As would have been supposed the smaller churches from 250 to 750 are in the greatest need of directors. Presumably, this is the category where new or growing churches who have not had a director previously would fall. Also, since most new directors would go to churches this size, the turnover on the average tenure of service would be greatest in these churches. Presumably, the larger churches, while they use more lay workers, are able to fill their vacancies by depleting the smaller churches.

Need By Size Churches	*250–349*	*350–499*	*500–749*	*750–999*	*1000–1799*	*1800*

Summary

The most surprising result from these figures is the great increase in the number of lay positions which have been created and have been filled in the church in the last five years. While the demand still exceeds the supply, the demand is not as great as was indicated by the 1957 study. As the demand for workers has shown a slight percentage decrease, the requirements for education and financial remuneration have gone up. The implications of increased number of ministers accepting administrative and educational responsibilities in the local church, and the number of unordained men preparing for educational work, both seem to merit further study.

III. THE ENLISTMENT OF LAY LEADERS

In view of the apparent need as reflected in the above study, the Board of Christian Education is to be commended for its foresightedness in recently forming a Department of Enlistment in the Division of Higher Education, with the Rev. James O. Speed serving as director. The whole matter of enlistment is now being emphasized. Two of the more significant enlistment folders are "Church Vocations for Men and Women," and "Let's Ask Questions About Becoming a DCE."

Also, the John Knox Press published this spring a book on the Director of Christian Education by Louise McComb, interpreting the work of the director to the churches and to potential Christian educators.

IV. THE PREPARATION OF LAY LEADERS

Another aspect of this committee's assignment was to study the preparation of lay leaders. As in the preceding sections our work was outlined for us by the Report of the Ad-Interim Committee on Lay Workers which was adopted in 1957.

First, we shall look at the work of the certification committee in order to understand something of the preparation needed for the lay leader. Second, we shall turn to the programs sponsored by our church colleges in their efforts to prepare lay leaders. Third, we shall comment upon the possibilities of lay leader education available through our seminaries. Next, we shall indicate the work of preparation done by the Presbyterian School of Christian Education. Finally, we shall mention the in-service training opportunities.

A. *The Work of Certification Committee*

The ad-interim committee on education of lay workers, which reported to the General Assembly in 1957, recommended that certification procedures for lay workers be established. That Assembly appointed a Committee on Certification of Lay Workers which set up standards, based on the report of the ad-interim committee, for the certification of workers in Christian education. The standards worked out by the certification committee were approved by the 1958 General Assembly. It became clear, for quite practical reasons, that the committee, for the first several years, would have to restrict its work to the certification of Christian educators—the only group whose status and educa-

tional qualifications are stable enough to be evaluated at present. During the five years of its existence, the committee on certification has had to deal with many unusual or "problem" cases. It now has a back-log of experience, whereby it has learned, in the light of defined principles, to evaluate the status of a worker in Christian education.

As a matter of justice, during the first five years of the process of certification, certain exceptional Christian education workers with long records of usefulness to the church have been certified as Directors of Christian Education and Associates in Christian Education without their having attained college degrees. After the calendar year 1964, only college graduates will be eligible for certification as Associates or Directors.

The certification process will not solve all of the problems connected with the place of the Director of Christian Education in the church, but it has made a valuable contribution toward a better status for bona fide DCE's. The setting of standards for certification has given professional status to the title, "DCE," has made clear the basic educational qualifications, has distinguished between those with the Master's degree in Christian education and those with only a Bachelor's degree, has encouraged those with inadequate academic preparation to secure additional training, and in general has raised the morale of the workers in the field. The certification process serves as a guide for young people considering this field of service so they will know how to plan their formal education. This should discourage people from entering the field without becoming qualified. And it should help pastors, DCE's and churches gain a clearer understanding of the role of the DCE in the church.

The work of the certification committee has not been dramatic, nor has it been hasty. We believe it has been sound, and in the long run, of real value to the church. We commend the certification committee for its faithful service. The Committee on Certification has prepared a leaflet which specifies in some detail the necessary preparation; this leaflet is available from the office of Enlistment, division of Higher Education, the Board of Christian Education. We further express the conviction that efforts to strengthen the quality and the status of the DCE are to be commended. It is obvious that the work of the DCE calls for persons with Biblical, theological, and educational background. The program of certification should enlarge the number of DCE's who are professionally trained, with a Master's degree.

B. *The Program in the Church Colleges*

To encourage and stimulate undergraduate preparation through the Church colleges the General Assembly of 1957, instructed the Board of Christian Education to set up an emergency challenge fund up to $50,000 per year to provide $5,000 a year for five years to each of our church colleges willing to develop an educational program for lay church workers at the undergraduate level. The appropriation from the Board of Christian Education was to be matched by the controlling courts of each college cooperating in the adventure. A further condition was that each college would develop its program for educating lay workers for Christian Vocations consistent with its educational aims and within the liberal arts pattern. A third condition was that the instruction in Christian Education be given by a person with at least a Master's degree in Christian Education from an approved school, and several years of practical experience in the church's program of Christian Education.

Eight of our church related colleges qualified for grants, varying in the number of years they have actually participated. These colleges are:

Arkansas	St. Andrews (Flora McDonald)
Austin	Presbyterian College
Belhaven	Queens
Davis and Elkins	Southwestern

The General Assembly's ad interim committee appointed to study the use and training of lay workers has contacted each of the participating colleges to determine what progress has been made. The committee recognizes the individual integrity of the several colleges and the inevitable variety in the way the colleges have responded to the Assembly's challenge.

The increase in the number of Christian Education majors fall far short of the church's need and leaves much room for improvement—this the colleges recognize.

The academic offering for Christian Education majors in the several colleges shows a fine effort on the part of the colleges to do a serious job. There is not at this time a

uniform pattern in courses offered, or even full agreement as to the best background courses. There seems to be a rather strong feeling that the Christian Education courses should not be viewed as terminal, or mere skill or method courses. Students should be guided and encouraged to continue in graduate study if at all possible. Necessarily this point of view gives shape to the courses offered in college looking toward a Christian Education major.

We were encouraged to find that the colleges reported that both faculty and students in general welcome the Christian Education courses, that they are attracting concerned and able students, and that they believe the future offers a greater enrollment.

The colleges indicated that they have been stimulated and materially benefitted by the challenge fund in strengthening their faculty, and acquiring library facilities in Christian Education.

It is to be hoped that the stimulation the Colleges have received through the Assembly Challenge Fund, together with the Synods' support, will enable them to continue the development of a program of Christian Education for students who wish to prepare for a Church Vocation.

Most of the colleges have made an effort to enlist larger numbers in Church Vocations. They feel that professors have been effective in guiding students. But they also feel that effective enlistment reaches back to the influence of concerned parents, work in local churches, high schools, conferences and camps.

In view of the continuing crucial need for well prepared lay workers in Christian Education we propose to the General Assembly a program of providing $1,000 grants to persons of excellence, dedication and promise of usefulness to the Church for the purpose of pursuing graduate studies in Christian Education in one of our Church institutions, these grants to be administered by the Division of Higher Education under the Board of Christian Education.

[See Appendix B for a summary of Training and Employment of persons completing Christian Education majors in the Colleges.]

[See Appendix C for the Individual Summaries of the Participating Colleges.]

C. *Seminaries*

In seeking to ascertain the openings for the preparation of lay leaders this committee investigated the programs available to lay leaders in our four seminaries. We have not attempted to report this matter in full as did the committee on lay leaders in 1957. We simply call attention to the fact that Austin Theological Seminary and Columbia Theological Seminary continue to offer advanced degrees to lay leaders. Very few lay leaders are involved in these programs. In addition some of our seminaries open certain courses to lay people in the community.

D. *The General Assembly's Presbyterian School of Christian Education*

This school offers work leading to the following degrees: (1) Bachelor of Christian Education; (2) Master of Christian Education, and (3) Master of Arts. The school is fully accredited by the Southern Association of Schools and Colleges and the American Association of Schools of Religious Education.

In order to provide educational opportunities for those serving in a church career, but who could not enroll during the regular academic year, the Board of Trustees of PSCE established a summer school session in 1962. A total of 82 students and 17 auditors were enrolled. The summer session was set up for a four week period of study. It was possible for a student to earn 4 graduate semester hours during this period. A summer session has been planned for June 10-July 5, 1963, and it is expected that this program will continue. The General Assembly's Committee on Certification will count summer credits earned at PSCE toward its educational requirements for certification.

PSCE also offers a program of continuing education for DCE's and Campus Christian Life workers for a period of two weeks each spring. In addition evening classes are offered for credit to the lay people in the community.

E. *In-Service Training*

In addition to those students graduating in undergraduate and graduate programs of study in Christian Education there are many lay people entering Church Vocations annually who have had no special training for such work. These workers need special orientation and help in preparation for their work. The following opportunities for help are now being offered:

(a) Retreats for new lay leaders planned at the synod level.

(b) Workshops
(c) Laboratory schools
(d) Institutes
(e) Church school administration conferences
(f) Summer school at the graduate and undergraduate level.

We believe that this work should be continued and expanded. We propose that the Board of Christian Education call a consultation to explore ways to strengthen and enlarge the program of orientation and training for new lay workers without professional education. It is suggested that such items as the following be considered in the consultation correspondence courses, programmed instructional aids, T.V. courses, evening courses, reading courses, and the expansion of retreats at the synod level.

RECOMMENDATIONS

We recommend that the General Assembly:

1. Approve the statement entitled "The Role of the Director of Christian Education in the Presbyterian Church, U.S." and instruct the Board of Christian Education to distribute this statement to the Church.
2. Instruct the Board of Christian Education to call a consultation to explore ways to strengthen and enlarge the program of orientation and training for new lay workers serving in various Church Vocations without professional education as proposed in section IV, E of this report.
3. Instruct the Board of Christian Education to plan, through regular Assembly benevolence budget procedures, to provide $30,000 per year for a three year period, beginning in 1965, in order to underwrite the program of grants as proposed in section IV, B of this report.
4. Instruct its Committee on the Certification of Lay Workers to continue the study of the need and preparation of lay workers and report its findings to the General Assembly at least every four years.
5. Urge all Sessions and Church agencies to encourage their Christian Education personnel to secure certification at the earliest possible date.
6. Acknowledge the excellent contribution made to this committee's work by the Committee on Certification of Lay Workers and by its chairman, Dr. Harry Goodykoontz, and take note of the efficient help rendered by the Office of the General Assembly with respect to the survey of the churches.
7. Receive this report and order it printed in the minutes of the Assembly.

Appendix C: Briefs for each of the Colleges Participating in the Challenge Fund.

ARKANSAS COLLEGE

Over the past four years six students have graduated with a major in Christian Education—four took church-related work, for a total of 8 service years completed, and with four still in service.

Faculty and students regard the Christian Education Major with high regard.

The Department of Religion has three faculty members, offers nine courses, with two additional courses planned for the near future. They make use of Field work.

The Christian Education major is viewed as of greater potential than present numbers indicate.

The financial challenge provided by the Assembly has made possible faculty enlargement in the Department of Religion.

ST. ANDREWS COLLEGE

Over the past 4 years (including the work at Flora MacDonald prior to consolidation) thirty-six students have graduated with a major in Christian Education. Twenty-nine took church-related work for a total of 65 service years, with twenty-six still in service. The present Junior and Senior Classes have seventeen Bible and Christian Education majors.

Faculty (7 interviewed) and students (5 interviewed) favor emphasis on the Christian Education major reporting the work well accepted, and the program enlisting some of the outstanding students. A fair percentage go on for graduate work. Ministers of the Synod have given unsolicited praise.

Ten courses are offered for thirty hours credit. Field work and summer field work are emphasized.

The Assembly's challenge fund has helped make possible a full-time professor to work in the department of Religion and Christian Education. The major in Christian Education serves as a fine visible link between the church and the college.

AUSTIN COLLEGE

Over the past four years ten students have graduated with Christian Education majors, 5 took church related work, for a total of 4 service years completed, and 4 are still in service. The Present Jr.-Sr. Class enrollment has 5 C.E. majors.

The faculty is friendly and favorable. Student reaction is varied, with some shying away from C.E. as mere methodology.

The department of religion uses six faculty members, offers 9 basic courses, with the upper offerings up to 17 courses of which 5 are basic in Christian Education. There is directed field work on or off the campus.

Considerable concerned effort has been made to enlist students in this major, but no significant results are noted. The student body is changing toward stronger students who lean to graduate work. The Covenant Life Curricula appears to call for preparation in C.E. beyond the batchelor degree.

The Assembly's Challenge Fund has been helpful in improving the faculty, library offerings, and instructional aids.

BELHAVEN

Over the past four years, 15 students have majored in Christian Education. Ten actively took work. All are presently employed. Twelve service years estimated. The present Junior and Senior enrollment in Christian Education is 51. (Missions, 19; Principles of Christian Education 19; and Christian Doctrines 17).

Two faculty members are used in the specific program of Christian Education. Excellent supervised field work.

Faculty members feel the Christian Education major fulfills a vital need. Students highly respect the department and show excellent academic work. There is increasing interest.

Without the assistance of the General Assembly's Challenge Fund the program may not have been started. The concern of the Assembly to continually evaluate the program has served to give direction and appropriate guidance. There is a desire to employ an additional person who has had a practical background as a Director of Christian Education.

QUEENS COLLEGE

Over the past four years thirty-two students have graduated with Christian Education majors—twenty took church-related work. The number of service years unknown. The number now in service unknown. The present Junior and Senior classes have 15 Christian Education majors.

There is good faculty appreciation for the Christian Education major, some very enthusiastic. It holds valued position among students along with other possible majors.

There are four courses in Christian Education, per se, with eighteen additional hours in Bible, Religion and Church History. Church History is being enlarged. Considerable emphasis is beng placed on library holdings in Christian Education.

The Assembly's challenge fund has been significant in faculty improvement and library acquisition of materials.

PRESBYTERIAN COLLEGE

Over the past three years seventeen students have majored in Christian Education. Enrollment in Bible and Christian Education has been high (1960) 72, (1961) 89. With a new girls dormitory in prospect, enrollment in Christian Education is expected to increase. No information regarding service years and work records of the Christian Education majors.

There are seventeen courses listed for Christian Education Majors, fourteen courses including four Bible Courses are required. There are four electives.

The Assembly's Challenge Fund has been significant in building the department, and in making students more aware of possible service careers to the church.

SOUTHWESTERN

Over the past three years seven students have graduated in Bible and ten in Christian Education. Four took church-related work. (Those married no doubt were able to put their Christian Education major into valuable voluntary use in some local church.) Currently fourteen Juniors and Seniors are majoring in Bible and Christian Education. Service years' record not fully reported.

There are twelve courses in the Department of Religion allowing 39 hours credit in Bible and Christian Education. Field work is provided without credit, though under exceptional supervision.

The administration believes the work meets top level academic requirements, and definitely recommends continuing the operation of the General Assembly's challenge fund.

DAVIS and ELKINS

Over the past four years, 21 students have graduated in Bible and Christian Education, with 13 of these headed for the ministry and 8 for work in Christian Education. The present enrollment of Juniors and Seniors in Christian Education majors is 15. Service record not reported.

Faculty see work important and desire to have the Christian Education major enlarged.

Two faculty members are directly concerned. A total of 39 hours are offered, including Bible, Philosophy, Psychology and Christian Education.

The General Assembly's Challenge Fund has assisted materially in securing accreditation in this field, and lifted the general level of work offered.

REPORTS OF PERMANENT COMMITTEES

REPORT OF THE PERMANENT COMMITTEE ON ASSEMBLY OPERATION

Minutes of the Stated Meeting, January 23-24, 1963, of the Permanent Committee on Assembly Operation are submitted to the Standing Committee on Assembly Operation for its information. Also submitted are the budget for 1963 and the projected budget for 1964 as adopted by this Committee.

1965 meeting of the General Assembly:

The Committee has accepted the invitation of the Second Presbyterian Church, Memphis, Tennessee, to entertain the 1965 General Assembly. We remind the Assembly again that this Committee has adopted a "Manual for Churches Wishing to Entertain the General Assembly Meeting", which Manual sets forth the responsibilities involved in such invitations and facilities necessary for the meeting.

General Fund Agencies Promotion:

This Committee reports that it is carrying out the promotion of the General Fund Agencies and expresses appreciation for the work of an Advisory Committee of persons from those Agencies.

Membership of the Permanent Committee:

Suggestions have been properly made to the Assembly's Permanent Nominating Committee concerning attendance of members to this Committee's meetings and concerning filling of Committee vacancies.

Supervision of Work of the Stated Clerk and Office of the General Assembly:

The Committee continues to fulfill its responsibilities in helping establish policy for the Stated Clerk and in supervising the work of the Office of the General Assembly. We express our appreciation for the excellent and efficient work of the Stated Clerk, Dr. James A. Millard, of the Assistant to the Stated Clerk, Mr. George Stratman, and of their duties completely in accord with what this Committee interprets to be the intention of the General Assembly.

Ministerial Directory—Assembly's Digest:

The Committee reports that investigation is being made as to the possibility of publishing the Ministerial Directory at a more reasonable cost than has hitherto been quoted. We also report that work is progressing in the editing of the Assembly's Digest, with the possibility of its being published in 1964.

Property Exchange Account:

This Committee reports that, in accord with the "agreement regarding the dismissing and receiving of particular churches between Presbyteries of the United Presbyterian Church in the United States of America and the Presbyterian Church in the United States, adopted by the General Assemblies of both of these bodies in 1962 (1962 Minutes of the General Assembly, Part I, Page 75-77), complete financial settlement has been agreed upon for all properties thus exchanged, with final payment by the Presbyterian Church, U. S., to the U. P.—U.S.A. Church, to be made as follows, pending approval of the 1963 Operating Expense Budget:

Final Figure due U.P.-U.S.A. Church		$23,229.95
Less sinking fund	$12,807.03	
Less interest received in 1963	283.38	13,090.31
To be paid from Current Expense Budget—1963		10,139.64

Review of Manuals:

The manuals of the following Agencies and Committees of the General Assembly have been reviewed by this Committee and appropriate suggestions or recommendations made relative to each, in order to keep them in accord with the "Model for Manuals", adopted by the 1962 General Assembly (1962 "Minutes", Part I, Page 44-45): Committee on the Minister and his Work; Permanent Committee on Christianity and Health; Presbyterian School of Christian Education.

Attention is called to the responsibility of this Committee, assigned to it by the General Assembly, to study the manuals of Committees and Agencies of the General Assembly to suggest more uniform procedures, if these be needed. (1960, "Minutes", Part I, page 159), (Standing Rules, 23.3).

Revised Manual of the Permanent Committee on Assembly Operation:

To fulfill the intent of the General Assembly that the Manuals of all of its Agencies and Committees follow the model adopted by the Assembly (1962, "Minutes", Part I, page 44,ff.), the Permanent Committee on Assembly Operation submits the revised Manual of Operation and recommends its adoption by the General Assembly.

Respectfully submitted,

Harry A. Fifield, Chairman

REPORT OF THE STATED CLERK OF THE GENERAL ASSEMBLY TO THE GENERAL ASSEMBLY OF 1963

The Task of the Stated Clerk

In its report to the General Assembly of 1958, the Committee on the Assembly's Office presented a description of the task of the Stated Clerk (Minutes, 1958, pages 99 and 100) on the basis of which the General Assembly proceeded to elect and call the present incumbent (Minutes, 1958, page 61). That statement is as follows:

". . . the Permanent Committee on the Office of the General Assembly has reviewed and evaluated anew the principles and many practical problems that are involved in the work of the Stated Clerk. The Committee's search for a nominee began with special reconsideration of the nature of the office. . . .

"The Permanent Committee has learned from experience that no adequate summary of the duties of the office can be written in brief compass. The Committee believes, however, that the following, much-condensed digest is sufficient to point to the importance of the position and to the increasing opportunity for service that it affords.

"The General Assembly of 1949, in adopting the reorganization that is still in effect, looked forward to a continuing expansion in the functions of the Stated Clerk. It urged further development of the scope of the Stated Clerk's services in correlating the work of the Assembly with synods, presbyteries and sessions through the medium of his accepting invitations to meet with those courts and to interpret to them the increased mutual understanding and more effective cooperation our Church seeks; expansion of the service of the Stated Clerk as an official representative of our Church in various regional, interdenomination and other gatherings when our Church can be better represented by a competent official having experience and continuity than by the Moderator of some similar fraternal delegate having only a temporary capacity; and further enlargement of the Stated Clerk's services as the center of reference for any individual, group or court within our Church or in the secular world having occasion to make inquiries concerning our Church's organization, program, procedures, rules, overtures and the like."

Your Stated Clerk would report that, with the guidance and support of the Committee on Assembly Operation progress is being made in these directions while all the specifically assigned functions of this office are also being performed.

The Office of the General Assembly

The duties attached to the Stated Clerk as an officer of the Assembly, including the Treasurership of the General Assembly and the other specifically assigned treasurerships, are housed in the Office of the General Assembly. Also housed there are a number of service operations in behalf of various committees of the Assembly, and the execution of such tasks assigned the Permanent Committee on Assembly Operation as the promotion of the General Fund Agencies as a group.

With the present staff (the Assistant to the Stated Clerk and three ladies as clerical staff) the work is being handled with due efficiency and economy.

Respectfully submitted,

JAMES A. MILLARD, JR., *Stated Clerk*

REPORT OF THE HISTORICAL FOUNDATION OF THE PRESBYTERIAN AND REFORMED CHURCHES

The Executive Committee of the Historical Foundation of the Presbyterian and Reformed Churches submits the following report for the year 1962:

Nineteen and sixty-two marked the thirty-fifth year of service on the part of the Historical Foundation as an agency of the Presbyterian Church in the United States. Established by the General Assembly of 1927 and incorporated under the laws of the State of North Carolina later in the same year, the institution has attained a creditable position among historical societies of the churches of the world.

Activities

The past year marked the initiation of a comprehensive program of microfilming under the sponsorship of the Foundation in conjunction with the Office of the General Assembly and the four theological seminaries of the Church. This endeavor is designed to reproduce all the older records of synods and presbyteries of the Church in the South as now represented by the Presbyterian Church, U. S. Considerable progress had been made by the end of the year in the actual work of filming.

Books drawing upon Foundation materials appear with gratifying frequency. Two recent volumes, bearing a 1962 imprint, however, reveal a more preponderant indebtedness in this respect than is ordinarily indicated. Morton H. Smith's *Studies in Southern Presbyterian Theology* (Amsterdam) carries a notation by the author with relation to the work to the effect that "The greatest bulk of research and writing was done in the Historical Foundation of the Presbyterian and Reformed Churches;" while Charles R. Brockmann, in the preface to his *Mecklenburg Presbytery—A History* (Charlotte) writes, "Without the resources of the Historical Foundation . . . the production of this manuscript would have been impossible."

A great part of the service of the Foundation is rendered through the mails and this was particularly true during 1962. Queries thus received have at times proved so numerous as to demand the attention of several members of the staff at once.

Professors Clifford M. Drury (San Francisco Seminary), William R. Hogan (Tulane), Arthur S. Link (Princeton), Ralph E. Morrow (Washington, St. Louis), and Ernest Trice Thompson (Union Seminary in Virginia) were among the scholars who utilized the Foundation's facilities.

Candidates for higher degrees from Duke, Emory, Florida, North Carolina, Princeton, Texas, U.C.L.A., Union Seminary (New York), Union Seminary (Virginia), and Vanderbilt studied in the Foundation during the past twelve months.

Acquisitions

The year proved to be one of the most fruitful of the past quarter-century with respect to accessions. Largely as a result of the Director's visit to Europe during March and April, sizable lots of material were added to the Ulster, Scots, Dutch, Waldensian, Swiss, and French sections of the Library.

Purchases embraced such basic publications as *Bibliotheca Reformatoria Neerlandica* (9 vols. 1904-1914), *Bollettino della societa di studi Valdesi* (19 vols. as bound. 1884-1961), *Actes des synodes eglises Vaudoises, 1692-1854, La noble lecon* (Paris. 1888), *Bibliografia Valdese* (1953), and the *Principal Acts of the General Assembly of the Church of Scotland,* 1893-1924, filling a gap of long standing in these records.

Among the rare volumes acquired were Calvin's *Sermons upon the X Commandments,* bearing a curious insertion indicative of publication in London during 1576, and Alexander Gellatly's *Some Observations upon a late Piece entitled, The Detection Detected,* a Christopher Sower imprint (Germantown, 1758).

Publications from North Ireland were characterized by a number of examples of very early printing in that area. *A Vindication of Marriage as Solemnized by Presbyterians in the North of Ireland* (Dublin? 1702), *A Vindication of Presbyterian Ministers in the North of Ireland* (Belfast, 1721), *Reasons Against the Imposition of Subscription to the Westminster-Confession of Faith* (Belfast. 1724), *Reasons for Moderation in the Present Debates Amongst Presbyterians* (Belfast. 1725), *Reasons Against the Overtures . . . Referred . . . by the Last General Synod* (Belfast. 1726), *Short Forms of Prayer for the Use of Families and Private Persons* (Belfast. 1727), and *A Brief Survey of Some Principles Maintain'd by the General Synod of Ulster* (Armagh. 1752).

Church music in Ulster is represented by the *Psalms, Hymns and Spiritual Songs; Selected for the First Congregation of Presbyterians in Belfast* (n.p. 1801); and *A Selection of Sacred Music* (Dromara. 1837), colorfully printed on yellow and blue pages.

Materials acquired from Scotland cover an extended period, beginning with the early years of the Eighteenth Century. The beginnings of the Associate Church and the Reformed Presbyterians are represented by a number of choice items. An unusually large collection of pamphlets relating to the rise of the Free Church, bound together in two dozen volumes, have been accessioned, as well as a considerable number of late *Proceedings of the General Assembly* of the same body.

The Holland collection in the Foundation was greatly enlarged as a result of the Director's stay in Amsterdam. The Dutch are prolific publishers and, in consequence, numbers of works dealing with the Reformed Church in that country are available. The good offices of Rev. Morton Smith and Mr. Dwyn Mounger, Jr., at that time students in the Free University, were of great service in the making of contacts and purchasing of books in the Netherlands.

Additions to the Swiss section are almost entirely in the nature of publications of the Nineteenth and Twentieth centuries, with a number of treatises bearing upon the cantonal churches.

More than one hundred volumes of French works, purchased and lately bound in Paris, not only form one of the most beautiful collections ever accessioned, but add substantially to an already creditable body of Huguenot literature.

Pastoral records arriving include those of Rev. W. Bristow Gray, consisting of forty-eight small volumes and covering the period 1902-1956; and five volumes of marriage records running through the entire ministry of Rev. Walter McF. Langtry.

The Museum was enriched through the presentation by Mrs. W. Raymond Cooper of Memphis, Tennessee, of a collection of Oriental items secured by her husband, the late Dr. Cooper, during his stay in the Near East during the first World War.

History of Churches and Woman's Work

The sheer physical aspects of the History of Churches and Woman's Work are impressive. Occupying 625 feet of shelf space and filed in 2,500 binders which, at the present market price would cost $19,000, this work continues an almost daily growth. Its pages present a detailed picture of life and work of the congregations making up the Southern Presbyterian Church.

The volumes are arranged, first by synods, then by presbyteries, and finally by local churches. A card index to the biographical sketches and another to the photographs contained in this History greatly facilitate reference to such portions of the records.

A revised edition of *Suggestions for the Historian in the Local Church* has recently been issued for the aid of the several thousand historians presently engaged in the preparation of manuscripts for inclusion in this story of the Church. Now in its thirty-third year of compilation, it has engaged the attention and efforts of thousands of consecrated women since its beginning in 1930, only three years after the establishment of the Historical Foundation.

Trustees and Staff

After a number of years of signal service as members of the Foundation's Executive Committee, Rev. William T. McElroy and Mrs. Shirley Boykin retired on account of the General Assembly's limitation upon terms of membership on the governing bodies of its agencies. The Assembly chose Rev. Edward H. Jones, Pastor of the First Church of Norfolk, Virginia, and Mrs. John B. Arbuckle of Maxwelton, West Virginia, to fill vacancies.

Mrs. Barbara Purdy joined the Foundation workers in April with special responsibility for the History of Churches and Woman's Work.

A manual for the Historical Foundation, now in the course of preparation, will be submitted to the 1964 General Assembly for approval.

The Executive Committee reports the reelection of Rev. Thomas H. Spence, Jr., as Executive Director of the Historical Foundation for a term of three years.

REPORT OF THE PRESBYTERIAN FOUNDATION, INC. (U.S.)

On behalf of the Trustees of the Foundation, I have the honor to present to the Assembly the report of the work of the Foundation for the year 1962. The Board of Trustees, under the Presidency of Mr. Philip F. Howerton of Charlotte, North Carolina, is composed now of twenty-four persons, including six new Trustees who were chosen last year following the Assembly's agreement that the number of Trustees could be enlarged to a total of twenty-four. The Board is now composed of two ladies, five ministers and seventeen businessmen, lawyers, trust officers and insurance men, all of whom are active as members of the Presbyterian Church in the United States. The new members who have been welcomed to the Board since the last meeting of the Assembly are: Mr. George K. Cavenaugh of Greensboro, North Carolina; Mr. Harry L. Dalton of Charlotte; the Reverend Paul M. Edris, D.D., Daytona Beach, Florida; Mr. Steele Hays, Little Rock, Arkansas; Mr. Angus Powell of Richmond, Virginia; the Reverend J. Martin Singleton, D.D. of Oklahoma City, Oklahoma; Mr. Edward H. Sutter, Baton Rouge, Louisiana; and Mr. John M. McMillan of Stockton, Alabama.

The Foundation is now administering gifts and legacies amounting in total to $3,750,-665.62. During 1962 there were six additions to legacies which had previously been established, the increase amounting to $13,588.82. There were nine annuities established during the year amounting to $78,002.47; and seven new legacies amounting to $24,062.45. The total income from these assets which was distributed to the various beneficiaries

within the Church amounted to $121,507.74. These beneficiaries include all the Boards of our Assembly, all four of our theological seminaries, the Presbyterian School of Christian Education, a number of colleges, several presbyteries, scholarship funds and so forth.

The Investment and Management Service continues to grow. There were five new funds amounting to $113,464.76 added in 1962. This brings the entire amount which is thus being handled to a total of $220,370.21. The Foundation makes no charge for its service in this connection. Only the actual cost to the Foundation for such services as bookkeeping, fiscal management, investment counsel and so forth is charged against the fund invested. This amounts annually to ¼ of 1% of the capital involved. It is intended particularly to serve in cases where there are funds in the hands of these various bodies too limited to justify the thorough investment and management procedures which are required in such institutions as the Foundation.

The total number of legacies entrusted to the Foundation increased from 69 to 81 during the past year. This is the largest numerical increase in any single year of the Foundation's history. It does not represent the largest amount contributed in some other years when larger legacies were received.

There is evidence that the members of our Church are becoming more aware of the existence of the Foundation and that they are including the Church in their bequests. A survey has recently been undertaken by the Foundation seeking to discover from the Boards and institutions of the Presbyterian Church, U.S. the total amount received from bequests during the year 1962. This report would indicate that approximately 125 bequests amounting to a total of $2,249,028.77 were actually received by 41 institutions and Boards during the year. Some institutions have not yet responded. Growing emphasis in our local churches on "the stewardship of accumulated possessions" should be a great factor in the outreach of the Church in the years to come.

REPORT OF THE PERMANENT THEOLOGICAL COMMITTEE TO THE GENERAL ASSEMBLY

Your committee has held two meetings since its appointment by the 1962 Assembly. The first was called by Dr. James A. Millard, Jr., Stated Clerk of the General Assembly, on June 29 in Atlanta, Georgia. At this meeting the Committee organized itself, discussed at length the functions assigned it by the Assembly, and appointed sub-committees to begin studies.

A second meeting was held in Atlanta on January 25, 1963.

It was agreed to recommend to the General Assembly the adoption of the following

Manual for the Permanent Theological Committee

Article I. Name

The name of this committee shall be the Permanent Theological Committee of the General Assembly of the Presbyterian Church in the United States.

Article II. Area of Responsibility

It shall be the responsibility of this committee to undertake such theological work as the General Assembly may assign.

Article III. Duties or Functions

The functions of the Permanent Theological Committee shall be:

(1) To receive, on reference from the General Assembly theological questions for study and report. In the case of requests and overtures for revision of confessional statements it shall be the function of this committee only to study and recommend to the Assembly whether an ad interim committee shall be set up to prepare proposed revisions.

(2) To report to the General Assembly on theological works going on in other Reformed Churches, and to carry on a mutual exchange of information on theological matters with these Reformed bodies.

(3) To study ways and means of giving theology a more dynamic role in the life and thought of our communion, especially seeking the collaboration and counsel of the faculties of our theological seminaries.

Article IV. Membership

The membership of the Permanent Theological Committee shall

(1) Be made up of persons loyal to the Standards of our Church and competent in theology.

(2) Be composed of: Three (3) Professors, in our four theological seminaries, of Systematic, Biblical, Practical, or Historical Theology: Three (3) other Ministers, at least two of whom shall be Pastors: Three (3) others, at least two of whom shall be Ruling Elders. The Stated Clerk of the General Assembly shall be an advisory member.

The terms of service shall be three years with the terms of one-third of them expiring each year, and no member being eligible to succeed himself after serving a full three-year term.

The Permanent Nominating Committee shall nominate and the General Assembly elect the members of this committee.

Article V. Officers

The Committee shall elect annually a Chairman, a Vice Chairman, and a Secretary.

Article VI. Organization

The Committee may elect whatever sub-committees are necessary to fulfill its functions.

Article VII. Meetings

The Committee shall ordinarily meet annually on the first Thursday after the 8th of June and at other times upon the call of the Chairman.

Article VIII. Quorum

The quorum of this committee shall be five out of its nine members.

Article IX. Finance

The necessary expense of this committee shall be borne out of the Operating Expense Budget of the General Assembly. The Committee shall request annually of the Permanent Committee on Assembly Operation to be included in this Budget for a specific amount. The Treasurer of the General Assembly shall expend these funds upon authorization of the Committee or its chairman.

Article X. Reports to the General Assembly

The Committee shall report annually to the General Assembly through the Standing Committee on Assembly Operation.

Article XI. Amendments

This manual may be amended by action of the General Assembly. The Committee may recommend amendment to the Assembly.

Pursuant to the functions of the Permanent Theological Committee listed under (3) on page 43 of the 1962 Minutes of the General Assembly a sub-committee was appointed at the June meeting to investigate ways in which studies in theology for laymen are being carried out. Dr. Robert F. Jones, Chairman of the Sub-Committee, made a detailed report to the January meeting on teaching projects and procedures, both in Europe and America. The Sub-committee plans to continue its studies and it is contemplated that the Permanent Committee may have certain recommendations for the 1964 General Assembly relative to giving a more dynamic role to theology in the life of our church.

The General Assembly of 1961 (Minutes, p. 72) instructed the Permanent Theological Committee, when formed, to "study the nature of the unity of the Church in the light of Scriptures and as interpreted in Reformed theology, and in the light of practical implications thereof in relation to current discussions of unity." Accordingly, a sub-committee was appointed at the June meeting of the Permanent Theological Committee and its preliminary draft of a paper on church unity was discussed and criticized at the January meeting. The paper will be re-worked and re-examined in one or two further meetings with a view to its presentation to the 1964 Assembly.

Respectfully submitted,

J. N. THOMAS, *Chairman*

REPORT OF BOARD OF DIRECTORS PRESBYTERIAN SURVEY

The Board of Directors of PRESBYTERIAN SURVEY presents this report to the 103rd General Assembly along with its minutes and financial statements for the year 1962.

1962 was a year of new and expanding relationships for PRESBYTERIAN SUR-

VEY. Moving editorial, circulation, and administrative offices from Richmond to Atlanta in June necessitated twelve new staff members and established closer relationships with a host of co-workers in the Presbyterian Center in Atlanta. In July the magazine purchased and began operating new high-speed addressing equipment, which in the future will enable us to serve subscribers more efficiently and at lower cost.

Acting upon a recommendation of the Joint Committee of the Presbyterian Church in the United States and the Reformed Church in America, SURVEY established a new relationship with its Reformed Church counterpart, THE CHURCH HERALD. This committee is suggesting joint consultations and conferences between the two official magazines to consider ways toward a more effective and united witness through the printed page.

A new staff relationship was established in June with the calling of John Lawing as director of promotion. Mr. Lawing's experience in visual presentation is already being felt in the pages of SURVEY and in our promotional materials. Other staff members were drawn into new conversations with Covenant Life Curriculum and Inter-Agency Committee work groups.

Perhaps most concrete was the new relationship SURVEY established with new subscribers in 1962. Reversing a downward trend in net annual gain, SURVEY found 17,000 new subscribers through Every Family Plan churches and individual subscriptions.

Here, in capsule form, is an account of our progress in 1962.

Editorial—The Editorial Committee and staff continued our efforts to enhance the quality and relevancy of the magazine in 1962. A special section in the September issue on the Covenant Life Curriculum was so well received we had to go back to press. More than 7,000 extra copies were requested from churches throughout the General Assembly. The Committee recognized anew the fact that as circulation of the magazine grows, the more effective and appealing the content must be—if we are to achieve churchwide distribution and acceptance.

Circulation—Paid circulation averaged 249,703 per month in 1962. Against a net gain of 4,557 subscriptions in 1961, we gained 17,204 in 1962. Circulation at the end of the year totaled approximately 258,000. Many churches which had let their Every Family Plan subscriptions lapse re-entered the plan, bringing the total number of churches enrolled to 2,265—57% of all churches in the General Assembly. SURVEY in 1962 was distributed regularly in more than 30 states and a dozen foreign countries.

Promotion—Monthly bulletins previewing coming issues were sent to 4,200 pastors and church leaders during 1962. Requests for more than 30,000 promotional leaflets and subscription blanks were filled for PRESBYTERIAN SURVEY Week. The SURVEY office continued to work through SURVEY chairmen in synods and presbyteries toward increasing the use of the magazine throughout the Church. Nearly 400 EFP churches accepted an optional plan of automatic renewal, saving themselves several reminders of expiration date. The success of our promotion seriously raised the question of continuing it—when every EFP subscription added required 67c subsidization from Assembly's boards and agencies. The General Assembly's objective to cover the church with this official magazine, however, obligates us to enlarge our circulation as much as possible.

Advertising—Although SURVEY published eleven instead of twelve issues in 1962 due to the move to Atlanta, advertising income was up more than a thousand dollars over 1961. This increase contrasted with most other religious media which showed a notable decline in advertising linage for the year. SURVEY'S volume of school and college advertising was especially encouraging with at least two schools reporting excellent returns in enrollments directly traceable to their advertising in SURVEY. The Board continued to exercise care and judgment in accepting advertising. This cautious policy substantially limits the potential revenue from this source.

Finances—With the highest circulation ever, SURVEY's income and expenses were record high in 1962. It cost about the same to put out a magazine however: $1.67 for the year or 14c a copy. Subscriptions paid for 65% of the costs, advertising 14%, and underwriting 21%. Primarily because of the omitted isue, underwriting was kept low—$91,169—more than $30,000 under the underwriting authorized for 1962, which was based on a larger average circulation figure.

Administration—Pending completion of the new Presbyterian Center, SURVEY's

temporary home is a large, old frame residence on Center property remodeled and fitted out with the tools of our trade moved from Richmond. There is a staff of fifteen full-time and four part-time employees. Five of these are operating the new addressing department which began in 1962 to serve as an addressing agency for SURVEY and several of the other boards and agencies at the Center. An additional service which SURVEY offered in 1962 was the printing of synod news inserts. Virginia and Georgia edited four-page news sheets, sending them to SURVEY subscribers in their respective synods bound in the center of PRESBYTERIAN SURVEY. Expressions of appreciation and effectiveness for this new service were many. Other synods are now exploring the possibility of doing the same.

SURVEY's move from Richmond to Atlanta was carried out with a minimum of cost and disruption. It was made to give the magazine a more efficient and economic operation. Not only will travel and telephone expenses be less, but freer and more frequent consultation can take place between our staff members and more of the other boards and agencies. This is the first move of an agency in eight years in our denomination—since the Board of Annuities and Relief moved to Atlanta from Louisville in 1954.

REPORT OF THE PERMANENT COMMITTEE ON TELEVISION, RADIO & AUDIO-VISUALS

of the Presbyterian Church in the United States

For the Fiscal Year January 1, 1962—December 31, 1962

TRAV, the General Assembly's Permanent Committee on Television, Radio and Audio-Visuals, presents to the 103rd General Assembly, in session at Huntington, West Vir-

ginia, its Fifth Annual Report. With the report are submitted TRAV's volume of Minutes, and its financial statement for 1962.

Introduction

For TRAV, 1962 was marked by several highly important forward steps. Of major significance are three developments:

. . . The production, distribution, and enthusiastic acceptance of the first thirty-minute television program ever produced by the Presbyterian Church, U.S.

. . . The extremely rapid and effective development of a new audio-visual library in Atlanta, and the rapid expansion of audio-visual advisory services.

. . . The achievement, by all three of TRAV's regular radio programs, of a new all-time record high number of both stations and listeners.

I. Radio in 1962

The radio ministry of the Presbyterian Church, U.S., in 1962 reached more people, through more stations than at any time in its history. With the cooperation of radio stations around the world, giving free time for these broadcasts, our total number of broadcasts climbed more than 11%. The programs in which our Church is sharing were on the air approximately 898,000 times during the year, each time with a potential audience of thousands. Here are the facts on the three regular programs which the Church sponsors:

1. *Sunday School of the Air* added 14 new stations, to reach a total of 150 for the weekly 15-minute program.

2. *THE PROTESTANT HOUR* climbed to 450 stations in the United States, and is also carried by 75 Armed Forces Network stations around the world. This is a gain of 15 stations. To be noted is the fact that for the first time *THE PROTESTANT HOUR* won acceptance by stations in several of the largest cities of America—New York, Chicago, Los Angeles, San Francisco, and Houston, reaching additional millions of potential listeners.

3. *Be Still and Know*, the daily devotional continued its astounding growth, hitting a peak of 1400 stations during the Christmas season in 1962, and averaging about 1150 stations throughout the year. Since this program is used by many stations two to five times daily, it averaged some 2350 broadcasts daily.

In addition to these three regular programs, TRAV produced and distributed several special programs, and made available for scores of broadcasts tapes of programs produced in earlier years.

All of these programming efforts added up to a total of more than 51,000 hours of air time during 1962 for the programs in which this Church has a part.

Our Church's share in the expense of production and distribution for these programs in 1961 amounted to *less than $1.00 for every hour* the programs were on the air.

For the record, it should be noted that the following elders of the Church contributed to TRAV's radio ministry:

Dr. John A. Redhead, Jr., served as the preacher for the Presbyterian, U.S., Series of *THE PROTESTANT HOUR.*

Dr. Edward McNair taught the first quarter of The Sunday School of the Air.

Dr. Merle Patterson taught the second quarter of the Sunday School of the Air.

Dr. Kenneth Foreman taught the third quarter of the Sunday School of the Air.

Dr. Stuart Currie taught the fourth quarter of The Sunday School of the Air.

II. Television in 1962

Distribution of a second series of the popular "Living Prayers" short program for television, and the production of a part of a third series of this program were recorded in 1962. The second series is now in use on some 75 stations, and many of these stations use and reuse one or more of the ten units in each series several times monthly.

The big event of 1962 in television, however, was the production and successful launching of the first thirty-minute video-tape program ever produced by the Presbyterian Church, U.S. This was "What Is Christmas?", featuring the Westminster Youth Choir of Oak Cliff Presbyterian Church, Dallas. The program was carried by 12 stations and was received enthusiastically by both stations and viewers. As one viewer wrote: "This program is the finest presentation of the true meaning of Chrismas I have seen or heard broadcast." It has the great virtue of being re-usable for several years to

come, and will be made widely available for use in 1963 and 1964. A radio program developed from this TV program was placed on 165 stations.

The production of this first video-tape program marked a great step forward in quality production. It also marked a tremendous advance in facilities available to TRAV. It was produced through the Protestant Radio and Television Center, which had newly been equipped with video-tape facilities. This equipment greatly reduced the production costs for good television. Whereas commercial television calculates costs at a minimum of $1000 per viewing minute, TRAV normally expends $350 per viewing minute for film and $100 or less per viewing minute for video-tape, thanks to the services available through PRTVC.

As 1962 closed, TRAV was involved in the initial stages of developing video-tape Bible-teaching programs that will be made available during 1963.

III. Audio-Visuals in 1962

In January of 1962, TRAV's new audio-visual library in Atlanta was the weakest sort of a baby, just beginning to be known throughout the Church. Its progress can best be measured by the fact that in January total rentals and sales through the Atlanta library amounted to $161.50. By November, the baby library provided $4,237.83 worth of services. This provides not only a measure of the growth in capacity to serve, but also a measure of the use the Church is making of the new library. The Church's use of audio-visual materials rose approximately 12% during the year. The Richmond library continues to serve the audio-visual needs of the Virginias, Kentucky and the Carolinas, as Atlanta serves the remaining synods.

Of fully as much significance as the development of a new library is the rapid development of audio-visual advisory and production services provided by TRAV, under the guidance of Mr. John Gillies, Director of Audio-Visuals:

... Regular "TRAV Memo" bulletins were issued during 1962, reaching many interested Directors of Christian Education and ministers. These bulletins keep many churches informed on the new materials available, and on equipment prices and improvements.

... Asembly agencies are making greatly increased use of TRAV's audio-visual help. TRAV assisted the Boards of World Missions and Christian Education in production of filmstrips, and the Board of Women's Work in production of its 50th Anniversary "Golden Year" film.

... The Board of Christian Education is making constant and increasing use of TRAV help in preparing for the new Covenant Life Curriculum. TRAV has provided previewing sessions for the full staff of the Board, in Richmond, and arranged private previewing sessions for many staff persons and curriculum writers in Atlanta, all for the purpose of helping these persons become familiar with materials already available to support the curriculum. The Director of Audio-Visuals has also undertaken to review new curriculum manuscripts for the purpose of recommending material needed. Both of the filmstrips being used for introducing the CLC were prepared with TRAV's guidance. It is hoped that this guidance in the use of new methods and new audio-visual equipment will prove of great value in helping to assure the effectiveness of the new curriculum.

IV. Special Services in 1962

Under the leadership of Mr. Fred Ohl, Director of Special Services, use of TRAV's tape library expanded, both for broadcast purposes and for use in individual and group study, and other special services were rendered. Note should be made of these facts:

... TRAV recorded more than 100 hours of tape for the Board of World Missions in getting a comprehensive record of the World Mission Consultation. The full discussion of every study committee, all worship services and addresses, the plenary sessions and press conferences were recorded.

... The outstanding addresses and Bible hours of the Church Extension, Christian Action, Women's World Missions, and Bible Conferences were recorded. These were added to TRAV's tape library and are being made available for individual and group use.

... Scholarship help was provided for several workshops on communication.

... Pre-Assembly Evangelism Conference addresses and the entire proceedings of the General Assembly were recorded.

... Addresses from Columbia and Austin Seminarys' lecture series were put on tape.

... Stillman College was given special assistance in production of a radio broadcast for

the ABC Network presentation of the Negro College Fund programs. A record for promotional use was developed from this program, which featured Stillman's choir.

... The Synod of Alabama was given help in developing a stewardship filmstrip, and records for it were pressed.

..."What Is Christmas?" was also made into a record, and several hundred copies were sold.

V. Script Contest

Another new venture for TRAV during 1962 was the conducting of its first script contest designed to discover and encourage creative writing talent for television. The contest offered prizes in two categories, and brought entries from more than 30 persons. All entries were good, and fully half were of excellent quality, giving TRAV many new names of capable writers to whom to turn for sensitive and consecrated Christian scripts. Winners were Mr. Loonis McGlohon, a Presbyterian elder of Charlotte, N. C., and Mr. James Pendleton of Richmond, Va.

VI. TRAV Looks Ahead

There is a steadily growing demand from radio and TV stations for high quality Protestant programming. Their demands grow out of a recognition of the needs of the vast audiences which they serve. The demands also grow out of the station's own sense of responsibility to the public and to the Christian faith in which so many broadcasters deeply believe. These broadcasters see and know the pressures from "paid religion"—the almost overwhelming flood of hate-spreading, money-seeking, "health"-selling programs that distort and disgrace the Christian message. Station managers know that those who grow rich from these travesties on the Christian Gospel will pay for the use of any time they can get. Yet the managers in most instances would prefer to *give* the time to a truly Christian program, if the reputable Christian broadcast agencies would but supply the need.

The reason why the broadcast agencies of main-line Protestant Churches are not supplying the needs of stations? Inadequate resources. The Churches simply have not begun to provide the funds needed for this ministry that can enable one minister in one day to preach to as many souls as most ministers can reach in a life-time.

TRAV's efforts are directly governed by support provided. Even though TRAV in 1962 spent more than three times as much on television as in 1961, it is tens of thousands of dollars away from being able to launch a sustained TV ministry. And TRAV is tasting the bitter irony of success: so great is the demand for its three radio programs that there is real danger that in 1963 one of the three great programs must be dropped for lack of funds to maintain all three at the levels to which they have grown.

TRAV therefore looks ahead with confidence that there exists a great and fertile field for its ministries and that these ministries can be as large and effective as the Church enables TRAV to sustain.

Ecumenical Relationships

In accordance with action of the 1962 General Assembly, TRAV reports the following members of its Committee and staff have been working with the National Council of Churches units in the capacities indicated:

Dr. Robert W. Kirkpatrick—Vice Chairman, Board of Managers, Broadcasting and Film Commission, N.C.C. Member of Executive Committee of this Board, and Chairman of the Broadcasting Training Committee of this Board.

Dr. Arthur Vann Gibson—Member of the Executive Committee, Board of Managers, BFC. Member of Personnel Committee of this Board.

Mr. Bluford B. Hestir—Member of the Executive Committee of the Board of Managers, BFC. Member of Program Operations Committee. Member of the Television Programming Committee. Member of the Radio Programming Committee. Chairman of the Special Committee on Relations with Protestant Radio and Television Center. Also, member of the Council on Audio-Visual and Broadcast Education of the Department of Audio-Visual and Broadcast Education, N.C.C.

Mr. Fred Ohl—Member of the Broadcast Training Committee of the BFC Board of Managers.

Mr. Howard Montgomery—Member of the Council on Audio-Visual and Broadcast Education of the Department of Audio-Visual and Broadcast Education, N.C.C.

Mr. John Gillies—Member of the Council on Audio-Visual and Broadcast Education of the Department of Audio-Visual and Broadcast Education, N.C.C.

REPORT OF THE PERMANENT COMMITTEE ON CHRISTIANITY AND HEALTH

I

The time has come in the development of our denomination's program on Christianity and Health, in which a year ago we were recognized as having done more than any of the other major denominations in America, to give a very brief indication of progress and direction. For history we refer the General Assembly to Minutes of the Assembly from 1954 onward. The Ad Interim Committee on Christianity and Health recommended the formation of a Permanent Committee, and we now in turn suggest the establishment of an agency with a full-time executive to pursue the interests manifested in the Church relative to collaboration of all concerned with health and wholeness, which is salvation.

II

As a gesture in the direction of special prayers for healing, your Permanent Committee has produced "A Service of Prayer for Healing," copies of which are available from the Office of the General Assembly which serves as distributor for all items of literature provided by the Permanent Committee. Address: 341 Ponce de Leon Avenue, N.E., Atlanta 8, Georgia.

III

In connection with the recognition mentioned above it may be noted that our denomination is represented on the Committee on Medicine and Religion of the Board of Trustees of the American Medical Association. This Committee is advisory and is composed of ten physicians and ten clergymen, the latter representing various denominations. The American Medical Association is promoting a splendid program intended to draw physicians and clergymen together in a closer understanding of their roles on the healing team. Every Presbyterian should be alert to developments along this line arising from your local medical society. Of special importance also is the bibliography now being provided by the Committee on Medicine and Religion of the AMA. Address: Secretary, Committee on Medicine and Religion, American Medical Association, 535 North Dearborn Street, Chicago 10, Illinois.

IV

A subcommittee of your Permanent Committee has thoroughly investigated the advisability of establishing centers for the collection of medications to be sent to Christian missionaries abroad. Because of the vast complication of this problem it is recommended that existing agencies functioning in this special field be used. For information as to this, write to William M. Knight, M.D., Holt-Krock Clinic, Fort Smith, Arkansas, who is following through with a possible pilot experiment in this area.

V

Following a directive from the General Assembly, the Permanent Committee has engaged in extensive correspondence and conference with editors of SURVEY in the expectation of having an issue of our official magazine featuring Christianity and Health

at as early a date as possible. Individual members of the Committee have continued to provide articles and book reviews for church publications.

VI

Appended is a list of materials available in limited quantities from the Office of the General Assembly dealing with the general field of interest committed to the Permanent Committee's surveillance. The supply is limited but use of these materials is invited, particularly by the chairmen of committees on Christianity and Health in our synods and presbyteries (or by opposite numbers in sister denominations). We urge these committees to continue making progress. Attention is directed to the fact that a bibliography of materials of a "devotional and supportive nature" for the use of patients and their families is being prepared as directed by the General Assembly. We continue work on another matter, guidance for nonmedical and nonclergy church members who wish to become proficient in the visitation of the sick.

VII

For three years a workshop in Christianity and Health has been held at Columbia Theological Seminary under supervision of the Permanent Committee through a subcommittee. We are proposing another such workshop for the coming summer. Following to some extent a pattern used in Charlotte, North Carolina, by local leaders there, we are working toward regional conferences on Christianity and Health in Richmond, Louisville and Jackson.

VIII

The last General Assembly, upon recommendation of its Standing Committee on Christian Relations, referred to the Permanent Committee on Christianity and Health an overture from the Presbytery of East Arkansas requesting the General Assembly to make a study of the alcohol problem from the standpoint of the Christian faith. This Committee was already engaged in making such a study and with the added impetus of an Assembly's directive we trust that worthwhile results will soon be produced. So far as alcoholism is concerned, we feel that, as in all illness, man treats and God heals.

Respectfully submitted,

SAMUEL S. WILEY, *Chairman*

REPORT OF THE ASSEMBLY'S COMMITTEE ON THE MINISTER AND HIS WORK

ANNUAL MEETING AND OFFICERS

The annual meeting of the Committee was held at the Presbyterian Center, Atlanta,

Ga., on January 8 and 9, 1963, with all members present except one. The following officers were elected to serve for one year:

Rev. Stephen L. Cook, Chairman
Mr. William L. Clyborne, Vice-Chairman
Rev. D. P. McGeachy, Member-at-Large
of the Executive Committee

Mr. R. Graham White was re-elected Executive Secretary and Treasurer for a three-year term from 1963 to 1966. Mr. Charles M. Harris, Assistant to the Executive Secretary, was elected Recording Clerk.

NEW MEMBERS OF THE COMMITTEE

New members of the Committee, by having been elected as chairmen of their respective Synod's Committee on the Minister and His Work in 1962 are: the Rev. Messrs. James M. Gregory (Alabama), William H. McCorkle (Appalachia), Paul M. Watson (Kentucky), Robert G. Hall (North Carolina), J. Kelly Neal (Texas), James A. Allison, Jr. (Virginia) and James M. Kennedy (West Virginia).

The Committee would report that in most cases Synods now select their Committee on the Minister and His Work chairmen to serve for designated three-year terms, and in some cases eligible to serve an additional like term. This also means more continuous service as members of this Committee.

CO-OPTED RULING ELDER MEMBERS AND RULING ELDER MEMBERS OF THE COMMITTEE ELECTED BY THE GENERAL ASSEMBLY

In most cases over the years the members of this Committee, as chairmen of their Synod Committees on the Minister and His Work, have been ministers. Since 1955, with permission of the General Assembly, four ruling elders have been co-opted for service on the Committee. The Manual of this Committee, amended by the 1961 General Assembly, provides ultimately for six ruling elder members to be elected by the General Assembly from the Synods, in alphabetical rotation. The first three of these will be elected by the 1963 General Assembly from Alabama, Appalachia and Arkansas. Therefore, the membership of Mr. Lewis M. Steele, Nashville, Tenn., as a co-opted member terminated with the 1963 annual meeting. The Committee is deeply grateful for his wise counsel in its deliberations.

MINISTER OF THE WORD AND SACRAMENTS

The special committee appointed by the Program Committee of the General Council, composed of the Rev. Messrs. F. Wellford Hobbie, W. Priestley Conyers, III, James O. Speed, Jr. and Neill R. McGeachy continues its study of the paper titled: "Minister of the Word and Sacraments." The Rev. Messrs. J. Preston F. Stevenson and McGeachy, at the request of the Assembly's Committee on the Minister and His Work, and with the valuable assistance of the above and Mr. Graham White have prepared "A Manual for the Ordination and Installation of Ministers," being submitted by the Assembly's Committee to this General Assembly for approval. It is intended for this Manual to be a companion volume to "A Manual for the Presbytery Committee Charged with the Care of Candidates," approved by the 1962 Assembly. If the Manual is approved by the General Assembly sufficient copies will be sent to the various Presbyteries' Stated Clerks for use by commissions appointed for the ordination and/or installation of ministers, and a copy will be sent to each Commission on the Minister and His Work for its permanent library.

SYNOD CONFERENCES ON THE MINISTER AND HIS WORK

The practice of holding Synod Conferences continues. We believe these to be of considerable help particularly from an educational standpoint. In most Synods all members of Presbyteries' Commissions on the Minister and His Work are encouraged to attend. In some Synods the Conferences begin the evening of the first day and are concluded by noon the second day. In others the Conferences are one-day occasions. In each Conference matters pertaining to the Commissions' responsibilities as charged by the Book of Church Order receive prominent attention. The attendance at the Conferences and the interest shown is significant. Members of Commissions, and others, are commended for finding the time in their busy days to attend these Conferences.

MATERIALS PRODUCED BY THE ASSEMBLY'S COMMITTEE FOR USE BY

PRESBYTERY COMMISSIONS ON THE MINISTER AND HIS WORK, CHURCHES, MINISTERS, AND OTHER AUTHORIZED PERSONS

Materials include the filmstrip and record titled: "So Your Church Needs A Minister," and printings such as the "Manual for Commissions on the Minister and His Work," "Manual for Nominating Committees of Pastorless Churches," "Church Data Form," "Data Form (for Seminary Students)," "Data Form" (for ordained ministers) and "Form of Call." All of these are being used extensively throughout the Church. Most Presbytery Commissions own their own copies of the filmstrip and record and these are shown to nominating committees shortly after they have been selected by their churches.

The printed materials are constantly under study by a sub-committee of this Committee. It is borne clearly in mind that this Assembly's Committee is charged with the responsibility of gathering and disseminating objective information concerning churches seeking the services of ministers, and ministers who may be available for calls. Therefore, care is taken that the Data Forms conform to this responsibility.

The General Assembly should be informed that the officers of many churches prepare the Church Data Form at the time the pulpits of those churches are becoming vacant. Information is received concerning the value of these Forms to nominating committees in presenting the challenges confronting their churches in conversations with ministers under consideration. We also hear from many ministers as to the value of these Forms in revealing facts about churches, particularly when they may be considering calls thereto.

The response of ministers to requests for their Data Forms has been wonderful in every respect. It is clearly understood that the submission of these Forms is on a voluntary basis. However, except in a very few cases, our ministers have been most gracious. When a minister prefers not to submit a Form this Committee gladly respects his wishes. The Assembly's Committee also has endeavored to erect every precaution to prevent embarrassment either to ministers or to churches in its various functions.

ORIENTATION OF NEW MINISTERS

Occasionally, as in recent months, the general public is startled to read in the public press an article by some man who, for one or a variety of reasons, has given up the Christian ministry. Would an article by a prominent doctor, attorney, or a man in some other profession or vocation, stating the reasons for making a change in his work command the same interest? Unless the article were written by a well-known figure it is doubtful that it would even be given publication space, specially in a publication with nation-wide circulation. Even the non-Christian world, however, recognizes the ministry as a calling and for this reason the article is grist for the journalists' mill.

The minister has not lived who has not found difficulties wherever he serves. Difficulties are never solved by running away from them. This was true in Old Testament times. It has remained true down through the corridors of time, and it will be true "far down the future's broadening way." The call of Our Lord to his disciples was to follow Him and He would make them fishers of men. Nothing was ever said that all difficulties in the pathway of the disciples would be made smooth, and that life for them would be made easy.

The pages of the New Testament attest the truth that the pathway of the disciples was hard, rugged and called for really dedicated men. If after a few years Paul had turned his back upon his calling because he found some Christians indifferent, or failing in their commitment, and written an article setting forth the reasons for his resignation from the ministry it might have made the newspaper front pages of some city in the Roman Empire. The article would not however, have been preserved in the pages of the New Testament alongside the Pauline Epistles.

The average church member has little conception, if any, of the difficulties confronting the pastor of his local church. Perhaps he thinks all the minister has to do is prepare two or three sermons a week and call upon a few people, some of whom may be ill. Our complex civilization is so demanding upon people that many of them break under the strain, unfortunately. Could this not be true of the minister too, even though the average church member is entirely unaware of what is happening? When the average member is in need of help he knows that person to whom he may turn, regardless of the hour, the condition of the weather, or other important matters confronting him—his pastor. A question which should be asked at this point is: "Who is the minister's pastor?" Too often it is not asked, and less often answered.

There is a real danger confronting the minister that he may become so engrossed in a mass of minutiae as to lose sight completely of the reason for his life. He may reach the stage of being so involved in the unimportant that the beckoning of the larger Christian calling is unheeded. If this happens it is small wonder that he becomes disillusioned, discouraged, disheartened and loses his sense of the higher challenge. A church congregation should know it can contribute to such a condition, whether by deliberate action or through ignorance. The congregation has a responsibility of helping to keep this from happening.

God's purpose in calling men into the ministry is definite. The response must be made willingly and with complete confidence and utmost expectancy that will refuse to waver throughout the years regardless of bitter experiences due to the perverseness of human nature. The minister will learn that men's prejudices are not changed over night. He must so stand nevertheless, that patience and perservance will become part of the warp and woof of his own character but these must be entwined with the strands of enduring love. Therefore, in answering the call the minister should bind himself with solid strands of unswerving allegiance to the Master who does not lurk in the shadows but walks beside him each step of the way.

A Presbyterian minister also has an allegiance to his Presbytery. It means being loyal to it and to the denomination. This loyalty is expresed in discharging faithfully the duties of committee membership to which Presbytery may assign him, and in responding to the other details incident to the operation of Presbytery. In this regard, specially in the matter of the details of Presbytery business, he may be confronted with one of two temptations. On the one hand he may look upon the details as unnecessary and either fail or refuse to bear his share of the load. On the other hand, he may become involved unnecessarily at the expense of the church he serves. In order to find a happy middle road he must be discerning. Presbytery, however, has a responsibility in calling the shirker to task, and also in preventing any minister from becoming overloaded in its administrative functions.

The question should be repeated with greater emphasis: "Who is the minister's pastor?" The Presbytery? Here we would have to find the ways by which Presbytery could so serve. A few Presbyteries are searching for an answer. They feel a real sense of serious responsibility to the ministers who are members of them.

In an effort to help find an answer the Assembly's Committee presented to the 1962 General Assembly "An Outline for a Plan of Orientation" (1962 G.A. Min., p 132). We do not believe this to be an infallible panacea. It was presented with the idea that it may open avenues of approach.

The General Assembly will be interested to learn that several Presbyteries, or groups thereof have instituted orientation sessions for new ministers received, whether by ordination or transfer from other denominations. The reports received from these have been interesting from every standpoint. Naturally the plan developed in each case would vary, depending upon the Presbytery, or group, and the various geographical sections. This Committee is encouraged and believes that as orientation continues throughout the Church several answers would gradually emerge, not the least of which would be a deepening of our sense of call and its meaning to the rank and file of our people.

REPORT OF THE PERMANENT NOMINATING COMMITTEE TO THE 1963 GENERAL ASSEMBLY

The Permanent Nominating Committee is aware of the importance of the role of the membership of the various Boards in giving leadership to the Church.

Our denomination is facing many new and fast-changing problems in the world, and specifically, in the geographical areas we serve. This calls for new ideas and fresh approaches, as well as stability and continuity in the Boards and Agencies of the Church.

Attempting to speak to one phase of this problem, the Nominating Committee recommended to the 102nd General Assembly the limitation of terms of membership on the Boards and Agencies to six years. This matter was returned by that Assembly for "study in consultation with the Boards and Agencies affected, and... report to the next Assembly."

We wish to report to this 103rd Assembly that we have discussed this matter with the Boards, Agencies and Committees. Some have given us written reports, and most were represented at our Committee meeting. They reported their views on a six-year term proposal and discussed specifically related problems.

This has been a most enlightening experience. We see more clearly the dimensions of the problems of leadership for the Church. This is involved and complicated.

We are impressed with the uniqueness of the work of the various Boards, Agencies and Committees. We are aware of the special needs, such as the time required to become acquainted with an Agency, its programs and problems; the matter of geographical representation; the vocational competence required of the members; etc.

We feel that the Nominating Committee needs much more information to serve properly the Agencies by making nominations of leaders who can strengthen our Boards and Agencies, and enable them to serve even more effectively and fruitfully. The Committee also needs to understand the very nature of the operations and problems of Boards, Agencies and Committees, if it is to nominate proper leadership.

RECOMMENDATIONS

We therefore recommend:

(1) That a report by each Board, Agency and Committee be sent to the Permanent Nominating Committee describing the nature of the function of a Board member, both as an individual and corporately, within the Board, Agency or Committee itself. Consideration, care and analysis should be given in this report on how the various bodies operate, and the implications that this may have in giving leadership to the Church in the light of the new problems and opportunities our Church faces in the world today. The report should include suggestions as to how the Nominating Committee can assist the Board, Agency or Committee to find and to challenge the very best leadership within our Church for carrying out its program. The Nominating Committee should continue to study this problem of leadership of the Assembly's Boards, Agencies and Committees, and report to the next Assembly its progress and its findings.

(2) That the revised manual of operation of the Permanent Committee on Nominations be approved.

(3) That in order to begin operating under this revised manual, the three most immediate past Moderators each name one member to serve on the Permanent Nominating Committee in the Class of 1966, and that the present Moderator exercise his responsibility under this Article to the 1964 General Assembly in nominating the Class of 1967.

Respectfully submitted,

HELEN T. VASS, *Secretary*

B. The Nominating Committee may suggest to the General Assembly changes in nominating procedures by recommending the proper amendment to this Manual.

Article III. Duties

The Committee shall discharge its responsibility by

A. Having a general review, in its Fall meeting, of the entire list of nominees, and making preliminary selections of nominees, after having given public notice of this meeting of the Committee to the PRESBYTERIAN SURVEY and the Church-related press. Such notice shall request suggestions from the Church at large, give names and addresses of the members of the Permanent Nominating Committee, and call attention to the nomination forms available from the Office of the General Assembly. (4) A list of suggested names of possible nominees, with complete information on their background, qualifications, interests and reasons why they might make good Board or Committee members.
(5) This report shall contain such specific suggestions as to recommend nominees for the entire class, but it shall be understood that the Nominating Committee shall consider them as suggestions only and must take full responsibility for the nominations.

C. Maintaining records of what persons have served on Assembly bodies, and of suggestions received but unused.
D. Preparing its nominations according to the following principles:
1. No person shall serve on more than one Permanent Commission, Permanent Committee, Board or other agency of the General Assembly at a time, with the exceptions that (a) a committee or agency may name members to the General Council under the provisions of the General Council's manual, (b) an agency may name the same staff member to serve on both Presbyterian Survey and TRAV, (c) the Moderator and Stated Clerk of the General Assembly may serve *ex officiis* on committees and agencies whose manuals so provide, and (d) a representative to interchurch councils and agencies may also serve on one Permanent Committee, Permanent Commission, Board or other agency.
Ordinarily no staff member may serve on any General Assembly Agency, Board or Committee.
2. No person may serve successively more than three terms of three years each. A part of a term is to be considered as one term. A person nominated to fill an unexpired term shall be considered as serving a first term. Nomination to the General Council shall be for a single term of six years .
3. Nominations for reelection to second or third terms shall not be automatic, and the Nominating Committee shall take into account the personal record and effectiveness of the individual member and the appraisal by his fellow Board or Committee members.
4. A person who has served three terms on any body, or one six-year term in the case of the General Council, shall not be eligible for renomination or election to that body or any other Assembly body until one year shall have elapsed.
5. A person desiring to resign from any body to which he was elected by the General Assembly shall do so in writing to the Stated Clerk who shall accept the resignation, declare a vacancy, and inform both the Nominating Committee and the committee or agency involved.
6. The primary consideration of the Nominating Committee in selecting leaders to be nominated to the Boards, Agencies and Committees shall be the effectiveness and fruitfulness of the Assembly Agencies. Other important considerations are geographical representation of the Church, the Synods, and their relative sizes, the balance between Ministers and non-Ministers, the women of our Church, minority groups of any sort, the use of persons from small as well as large churches, proportionate use of men from institutions of learning, and the vocational competence and technical qualifications of the persons for Board membership.
7. Any adult member of the Presbyterian Church in the United States in good and regular standing shall be eligible for nomination to service on Assembly Permanent Committees, Boards and other agencies.
8. The work of this Nominating Committee is confidential. Discussions concerning nominations shall not be divulged.

E. The Chairman of the Nominating Committee shall, after the Fall meeting or as soon as the preliminary decisions have been made of the intended nominations, communicate this information to the chairman of each Board, Agency or Committee, and request him, or the chief executive officer, to contact, on behalf of the Assembly's Nominating Committee, the proposed nominee to (1) present the challenge and the opportunity for service through the position on that Board, Agency or Committee, and (2) to ascertain if this proposed nominee will permit his name to be reported as a nominee by the Committee to the General Assembly and if elected by the General Assembly, his willingness to serve the term indicated.
F. In the Spring meeting of the Nominating Committee, it would review the work done, the replies from the proposed nominees, make the necessary adjustments in the nominations, then prepare its final report to the Assembly.

REPORT OF THE PERMANENT COMMITTEE ON CHRISTIAN RELATIONS

The General Assembly of 1962 made the following referrals to the Permanent Committee on Christian Relations.

1. A communication from the Westminster Fellowship, Synod of North Carolina, dealing with Nuclear testing.
2. A resolution from Rev. H. V. Lofquist, Presbytery of Albemarle, titled "God's Will for an Ordered World in International Relations."
3. Instruction to supplement the Committee's study on Marriage and Family Life with a study in the area of sexual immorality among married people.
4. A recommendation that the Committee study the relationship between the races in the area served by the Presbyterian Church, U.S., including higher education, and recommend to the 1963 Assembly ways in which our church can best perform her ministry of reconciliation in race relations.
5. Instructions to submit a revised *Manual* of *Operations.*

Additional matters upon which the Committee acted and reports include:

A. A statement based on the 1961 Report on Capital Punishment (Minutes, 1961, p. 99).

B. A communication through the Division of Christian Teaching from the National Council of Churches on "The Churches and Public Schools", was referred to a subcommittee dealing with Church-State relations for a later report.

Following the work of three full meetings the Committee voted to submit the following reports to the 1963 Assembly:

I. Capital Punishment
II. Race Relations
III. Proposed Manual of Operations.

The Lofquist and Westminster papers are being studied further for 1964 report and the J. Russell Young proposal of 1961 is likewise being studied.

As to the supplement to Marriage and Family Life report, we call the Standing Committee's and the General Assembly's attention to our immediate past report concerning Christian marriage and sex (Minutes, 1962, appendix p. 108). The further observation is made that the suggested subject is far beyond the ordinary resources of this committee.

The Permanent Committee on Christian Relations respectfully recommends:

1. That the Committee's 1961 Report on Capital Punishment (Minutes, 101st Assembly, pp. 99-104), a subject which the 99th and the 100th General Assemblies had found to be a proper one for consideration, be commended to the Church for prayerful study;
2. That for the words, "should not be retained," in the final paragraph of the 1961

Report of the Permanent Committee on Christian Relations there be substituted the words, "is a form of punishment, the use of which raises serious questions concerning the responsibilities of Christians";

3. That earnest consideration by Christians of the matter involved is consistent with continuing determination by the State of what the means of punishment should be, and is in no sense contrary to the Westminster Confession of Faith (Chap. XXV, "Of the Civil Magistrate") and the Larger Catechism (Answer No. 136), in the latters' acknowledgment of the State's legal authority in this general field.

The Relationship Between the Races
In the Area Served by the
Presbyterian Church U. S.

The General Assembly of 1954 affirmed: "Enforced segregation of the races is discrimination which is out of harmony with Christian theology and ethics; and that the church, in its relationship to cultural patterns should lead and not follow." The General Assembly of that same year further affirmed: "Having in mind the recent decision by the Supreme Court of the United States concerning segregation, the Assembly commends the principle of the decision and urges all members of our churches to consider thoughtfully and prayerfully the complete solution of the problem involved. It also urges all our people to lend their assistance to those charged with the duty of implementing the decision, and to remember that appeals to racial prejudice will not help but hinder the acomplishment of this aim." Since 1954 subsequent General Assemblies not only have not wavered from this position but have repeatedly endorsed it. We consider, then, that whether the races should be integrated is no longer a live option, but rather how soon and by what methods.

I. PROGRESS TOWARD RACIAL JUSTICE. A general observation would be that progress has been made, however, meager and slow.

A. PRESBYTERIAN SEMINARIES AND PRESBYTERIAN SCHOOL OF CHRISTIAN EDUCATION. All five are integrated with full privileges offered Negro students.

B. PRESBYTERIAN COLLEGES. Of the 23 Senior and Junior Colleges, 11 have indicated publicly that there are no longer any barriers to entrance and to full collegiate privileges based on race.

PUBLIC SCHOOLS. The percentage of school districts integrated in an area roughly coinciding with the area served by the Presbyterian Church U. S. is 14.9%. The percentage of all Negro pupils who are now in integrated schools is 7.6%.

C. PRESBYTERIAN CHURCHES. While there is no complete report as to how many of our churches either have received Negro members, have welcomed them as worshipers, or have at least not turned them away or segregated them when they presented themselves at a Sunday service, a recent questionnaire circulated by the Committee has disclosed the following: While the tendency among the more than 1200 churches reporting as of February 1, 1963, is to be cautious about strong commitments either for or against such receptions, the trend appears that a gradually increasing number of churches will receive Negroes as worshipers or members, apparently recalling that our Westminster Confession states that such communion "is that extended to *all* those who, in every place, call upon the name of the Lord Jesus." (Confession of Faith, Chapter XXVIII, Par. II). Specific data from the questionnaire is as follows:

Response of 1178 churches to questionnaire sent by the General Assembly's Permanent Committee on Christian Relations:

1. Has your Session taken action concerning seating and/or reception of Negroes? Yes: 629 No: 485 Unspecified: 27.
2. Has your Session taken action concerning seating and/or reception of other non-whites? Yes: 315 No: 707 Unspecified: 47.
3. Are Negroes welcomed to the worship of the Church? Yes: 623 No: 295 On a segregated basis: 79.
4. Are other non-whites welcomed to the worship of the Church? Yes: 895 No: 148 Unspecified: 129.
5. Are Negroes accepted into the membership of the Church? Yes: 28 No: 513 Unspecified: 367.

6. Are other non-whites accepted into the membership of the Church? Yes: 541 No: 286 Unspecified: 339.
7. Have you ever received any Negro members? Yes: 42 No: 1014 Unspecified: 122.
8. Do Negroes regularly attend your Church? Yes: 57 No: 1031.
9. Does the Session make any effort to reach Negroes and other non-whites for membership in your Church? Yes: 61 No: 955 Unspecified: 156.
10. Does your Session have a committee appointed to deal with race relations and other social problems? Yes: 182 No: 946 Unspecified: 45.

D. RIGHT OF THE FRANCHISE. The number of Negroes permitted to vote is on the increase. Several of our metropolitan areas have elected Negroes to public office, even as high as the state legislature. However, flagrant violations of the right to vote still occur. Economic boycott, intimidation, physical violence, absurd examinations, chicanery, church-burning, and every conceivable harassment have been employed to discourage or prevent the Negro from voting.

E. EMPLOYMENT. A survey of one of our large Southern cities offers this conclusion which typifies the situation in our region: "How long can a major city of the United States continue to undertrain a sizeable segment of its young people, limit their opportunities for entry into the labor market, hamper and restrict their employment advance, underutilize their professional skills, deprive them of job security, without serious consequences to the city's own economic and social advances?."

F. PUBLIC ACCOMODATIONS AND TRANSPORTATION. Generally the lines of segregation have been holding in restaurants, hotels, parks, golf courses, swimming pools, theatres, public libraries. Whereas transportation facilities such as buses, trains, and planes and their station and lunch counter have generally yielded to integration.

G. HOUSING. Segregation automatically perpetuates itself in this area. The Negro's best opportunity for adequate housing is to establish his own suburban development. This type of exclusivism is highly satisfactory to the white population. A more difficult method is to buy into an all-white neighborhood. This is practically impossible unless the neighborhood is in a state of deterioration. If the Negro is successful in securing a house, the remaining white families move out as quickly as they can get Negro buyers. Thus the neighborhood changes from exclusively white to exclusively Negro, with an interim period of antipathy until the turnover is accomplished.

II. CAUSES AND CONSEQUENCES OF THIS DEVELOPMENT. Unfortunately many white Southerners have not willingly relinquished the relationship of paternalism and the system of segregation. The Negro has achieved most of his present rights and privileges through litigation, freedom rides, boycotts, sit-ins, kneel-ins, picketing, prayer walks and vigils, massive voter registrations and other non-violent means of resistance or initiative. The adverse results of the Negro's insistence upon his rights have been the destruction of property, burning of churches, imprisonment of hundreds, shut-down of schools, severe economic loss, beatings, and death. In terms of the relationship between the two races there is very little communication but much distrust and contempt.

III. LEADERSHIP TOWARD INTEGRATION. There was a time when the Negro would not assert himself, relying upon certain sympathetic white people to intercede in his behalf. That time is past. The leadership for racial justice has been taken over by the Negroes who refuse to wait for small gratuities from the white man. Furthermore, it is the young Negro, frequently of college age, who takes charge, impatient with the deliberateness of his elders. Because of the many instances of peaceful demonstrations on the part of the young both the judicial and executive branches of government have been forced to act quickly and decisively. These young men and women may profess Christianity, may meet in churches to discuss their strategy, and may use Christian symbols, but it is not primarily to the Christian conscience of the white people that they make their most effective appeal. It is in the area of economics that they find the white man most vulnerable and it is here that they find him willing to come to terms.

IV. THE ROLE OF THE NEGRO IN ACHIEVING FULL CITIZENSHIP. Generally the Negro people have conducted themselves with remarkable restraint and sound judgment in their progress toward full citizenship. Non-violent resistance to

oppressive laws and conditions has been a most effective method of attaining desired results. To say that the Negro has not in every instance been peaceful in action and attitude is to cite the obvious. His occasional vindictive and unloving gestures are as reprehensible as comparable ones among the whites. However, it is to his credit that this nation is passing through another revolution that so far has been relatively bloodless.

A desirable integration can be achieved only if the Negro people recognize:

1) that they should share the blame for racial problems;
2) that paternalism-in-reverse (an attitude that the white people should render *all* the harmony and justice for the Negroes) will not make them responsible, hence, first class citizens;
3) that the integration of small, intimate groups does not justify neglecting the major problems of the general masses;
4) that the socially rising Negroes, in their efforts to have the same advantages as whites are tempted to create a caste system among their own people, leaving the less successful leaderless and more destitute than before;
5) that they must accelerate their training in order to fill positions in business and community life now opening to them.

V. MOTIVES IN OUR WILLINGNESS TO ACCEPT INTEGRATION. In 1954 the South showed an unwillingness to implement the Supreme Court decision, in fact a disbelief that anything would ever come of that decision. As it has become apparent that we must comply we have done so largely for reasons other than that Christian morality requires it. What little compliance there has been has resulted in large part from a desire to preserve the integrity of our legal structure, to keep our schools open, to protect the American image in foreign countries, to resist communism, to forestall boycotts, and attract new industry.

VI. OUR CHURCH'S ROLE IN RACE RELATIONS. Although our Southern region basically clings to the philosophy of racial separation, strong evidence of its failure is seen in its almost universal rejection by darker skinned people and an increasing disapproval among the whites. Unfortunately the church has the reputation of being a bulwark among major institutions practicing segregation, in spite of its profession of the fatherhood of God and the brotherhood of man. Continuing efforts by Christians to justify separation policies are incurring serious disdain, especially among young people who belong to the very congregation where segregation is approved. This racial policy, supported neither by our theology nor our scripture, is reflecting disrespect upon those churches that condone it.

Forthright statements have been made by our church through its higher courts but they become weaker the nearer they draw to the point of practical application. In time of racial crisis local sessions, ministers, and even presbyteries have generally been silent or if speaking at all have only counselled against violence and in favor of law and order. In the face of crisis our churches practice insularity which they have mistaken for spirituality. They have sacrificed the forthrightness of the gospel for the peace of the congregation, preferring local unities to community solidarity of the human race. The churches are intact but the gospel has been distorted. Our Christ who considered himself expendable is followed by churches which count themselves indispensable. The church now finds itself not leading but being led, being the conservator but not the prophet, confessing its sins of ineptness and omission, but preferring to continue the confessional rather than to take the more agonizing course of eradicating the wrong. Our default of leadership in this time of racial strife has been one of the grave disappointments of twentieth century Christendom.

RECOMMENDATIONS

1. That this General Assembly reaffirm the position of previous Assemblies that "enforced segregation of the races is discrimination which is out of harmony with Christian theology and ethics, and that the church in its relationship to cultural patterns should lead and not follow." The attention of the General Assembly is called to the Biblical and theological basis for this position as outlined on pp. 187-198 of the 1954 Minutes of the General Assembly, and this statement is commended to local churches for their prayerful study. The statement is also available from the Division of Christian Action, Board of Christian Education, Box 1176, Richmond 9, Virginia, in the form of a pamphlet entitled "Two Major Issues."

2. That the General Assembly commend every Presbyterian institution, whether church, college, children's home, home for the aged, conference center, Board or agency of the church which has abolished racial barriers; and that it again urge that a nondiscriminatory policy be adopted by all other such institutions and be made known to the public.
3. That Presbyterian churchmen, Negro and white, in their local communities seek to establish a realistic communication between the two racial groups, to reestablish a relationship of mutual trust and affection, and together prepare to prevent such episodes as have shamed our region, not waiting for equality and justice to be accomplished by force or the passions of people to be goaded to violence; and that Negro and white churchmen assume proportionate responsibility for racial evils in society and for the solution of such problems which we face together in these rapidly changing times.
4. That Presbyterian churchmen in local communities, while recognizing the right of citizens to criticize their leaders, protest in their own way defamatory statements and vindictive acts against those public officials whose decisions and actions are for the purpose of upholding the law and keeping the peace.
5. That both the clergy and the laity by reminded that this report is not mandatory but pastoral and prophetic in character; it should be studied in local churches and its subject matter should be discussed freely, vigorously, and affectionately; thereby opening minds to the promptings of God's Spirit, who is able to unite in Christ people of every temperament and every persuasion.

Respectfully submitted,

IRVIN ELLIGAN, *Chairman of Permanent Committee on Christian Relations*

THE CHRISTIAN ATTITUDE TOWARD CAPITAL PUNISHMENT

Christians are properly concerned about their responsibilities as citizens. These responsibilities have to do not merely with general attitudes, but also with positions on specific public policies and procedures. Among other problems in this area, that of the retention or abolition of capital punishment has increasingly come under discussion.

There is honest disagreement concerning the very propriety of the Church's making pronouncements on this subject. Formulation of views needs to be undertaken in realization of the fact that there is some room for differences of opinion. Yet the subject would seem to fall squarely within the field of Christian relations. This being so, silence on the part of the Church with respect to it might seem to imply uncritical

acquiescence by the Church in whatever arrangements the state may use at a given time. Worse still, it might be construed as indifference to situations in which there might be application, or better application, of Christian ethics.

A realistic approach to the problem involves an inquiry into the guidance to be had from the Scriptures,[1] as well as an examination of humanitarian and sociological considerations growing out of actual experience. The conclusion looks, not to pressure for reform in the name of the Church as such, but to possible direction of thought on the part of the rank and file of Church members in an area where all Church members have some responsibility.

I. SCRIPTURAL TEACHING

1. Old Testament

The Old Testament contains stern passages on the subject of capital punishment. Thus, "Whoever sheds the blood of man, by man shall his blood be shed; for God made man in his own image" (Gen. 9:6). The death penalty was prescribed for a number of offenses. They included, among others, murder (Exod. 21:12-14, Lev. 24:17, Num. 25:30-34, Deut. 17:6-7 and 19:11-13), striking a parent (Exod. 21:17), witchcraft (Exod. 22:18, Lev. 20:27), sacrifice to a strange god (Exod. 22:20), adultery (Lev. 20:10, Deut. 22:24), human sacrifice (Lev. 20:2-5), Sabbath breaking (Exod. 35:2), and even the rebelliousness of a son (including disobedience, gluttony and drunkenness (Deut. 21:18-21)).

The commandment, "Thou shalt not kill" (Exod. 20:13, Deut. 5:17) is clearly not a prohibition of capital punishment, but a prohibition of murder or unauthorized killing. It is based upon the sanctity of human life, and the word "kill" in this context is more accurately rendered as "murder." The distinction between deliberate killing and the involuntary taking of life is elsewhere suggested, as in the provision for "cities of refuge" and provision for the administration of justice in the light of intent.

It is hardly arguable that the long list of offenses for which there was authorization of the death penalty under the peculiar conditions of the Israelitish people could be accepted as proper bases for the infliction of capital punishment today, any more than it could be argued that, since Jews were forbidden to lend money on interest to other Jews, Christians today should not be permitted to lend money on interest to other Christians. For the one offense of murder, there remains the possible point in argument (for retention of the penalty) that since "God made man in his own image" there is a continuing justification for placing murder in a different category from all other crimes. This might seem to imply that one who deliberately took the life of another forfeited his own right to live. At the same time, the incident of the slaying of the Egyptian by Moses (Exod. 2:12) would seem to suggest that one who has taken the life of another has not necessarily lost his capacity or usefulness for subsequent service in the Kingdom of God.

2. New Testament

With the coming of Christ and the transition to the New Covenant, application of the ethic of love to capital punishment, as to all other things, provided a new perspective. When Christ said, "Think not that I have come to abolish the law and the prophets; I have come not to abolish them but to fulfill them" (Matthew 5:17), He is understood to have meant fulfillment in the light of the ultimate purpose of the law and the prophets. He referred to the Old Law when He said, "You have heard that it was said, 'An eye for an eye and a tooth for a tooth,' but I say unto you, Do not resist one who is evil . . ." (Matthew 5:38-39). The reference was not to the rabbinical interpretation of the Law, but to the Law itself, as it had been thrice repeated (Exod. 21:24, Lev. 24:20, Deut. 19:21). The apparent intent of that part of the old Law was to prevent *unlimited* retaliation and to relate the extent of the penalty to the crime committed.

There is no implication that Jesus was counseling the abolition by the state of all penalties for which the law provided, for He was concerned, rather, with the *personal* lives of His followers. Yet the ethic of love was unquestionably relatable, in a broader way, to the state's treatment of law-breakers. In the teaching itself Jesus was pointing His followers to a higher law than that of retaliation—a law under which everyone

[1] For guidance on what the Scriptures contain on this subject, and on the present-day significance of what they contain, the Committee sought the views of professors of Old and New Testament in seminaries (four different seminaries) of the Church and received six replies. The present report reflects in general the predominant view of this group, although not a completely unanimous view. The Committee acknowledges with appreciation the prompt and helpful responses to its inquiries.

who is even angry with his brother shall be liable to judgment (Matthew 5:21-22). Without expressing approval or disapproval of capital punishment on this occasion Jesus uses the historical fact of judgment upon murder as an occasion to warn his disciples against anger and contempt of one's brother.

There appears to be general agreement that the New Testament account (John 8:3-11) of Christ's words concerning the punishment of the woman taken in adultery is text-critically uncertain. The incident is perhaps of limited significance for the purpose of answering the question of whether capital punishment was regarded as morally right. At the same time, the injunction of Christ—that one who was without sin should cast the first stone—was a profound reminder that all human beings have sinned and that this very fact should affect their attitudes toward other sinners. There is nothing in the record to suggest that the action of Jesus was explainable by the fact that the adulterer was not also brought before him. What is certain is that, due to the action of Jesus, the death penalty was not inflicted in this instance.

Some instances in the New Testament in which there is reference to punishment by death occur in the life of Paul. On one occasion when referring to capital punishment (Acts 25:11), the Apostle was obviously not trying to make a case for or against such punishment; but, in his position as a Roman citizen, he was speaking against the misapplication of this penalty with respect to himself. A passage in which Paul has been thought by some to counsel Christians to complete obedience to rulers (including, presumably, their imposition of penalties) is in Romans 13:1-8.

On another occasion, Paul concerned himself with preventing an execution (that of Onesimus, an escaped slave who, under Roman law, might at his owner's discretion be punished by death (Philemon, 10-18; Col. 4:9)). Paul's effort was not against the type of punishment that might have been inflicted, but was an effort to persuade the owner to receive the slave and to permit him (Paul) to pay the penalty which the owner might determine.

The possibility that while there is life there is some possibility of redemption (and of reclaiming the most hardened criminals) undergirds such cases as may be made for the abolition of capital punishment. This in turn rests upon belief in the law of love, and not in sentimental softness toward law-breakers. The operation of that love in Christian lives finds illustration not only in the New Testament record but in Christian lives in the present generation. An impressive example is provided by the attitude of a Korean family, one of whose members was murdered in the United States in 1958. The family of the victim, In Ho Oh, urged that the murderers be rehabilitated by whatever means could be made available. They even went so far as to contribute toward this rehabilitation, and urged that no punitive measures be taken against the killers.[2] To assert that any murderer is incorrigible and therefore beyond the reach of the redemptive power is to deny that that power is as great as the New Covenant asserts that it is.

II. HUMANITARIAN AND SOCIOLOGICAL CONSIDERATIONS

In the light of Scriptural teachings and of the redemptive power of the Holy Spirit, the Christian must take note of human experience with respect to capital punishment. A weighing of the case either for or against this mode of punishment must take into account the elements of (1) deterrence, (2) inequity in application, (3) executions of the innocent, (4) the element of retaliation or vengeance, and (5) the preclusion of rehabilitation.

1. Deterrence

The case for capital punishment rests largely upon the claims that retention of the death penalty curbs homicidal tendencies and that abstract justice must be satisfied. There is no statistical way of proving these claims, for there are many variable factors. The latter must be taken into account in attempted comparisons of homicidal rates in "abolition" and "non-abolition" states. J. Edgar Hoover, who favors this form of punishment, submits that "Proponents of abolition . . . cannot find support for their cause in study of state murder rates, since results are inconclusive."[3] In contrast, Fred Wilkinson, former warden of the United States Penitentiary in Atlanta and now Assistant Com-

missioner of Prison Industry, pointed out that "There is no evidence that capital punishment, wherever it may be applied, has decreased crime either in number of offenses or in degree of severity."[4] If the case for retention rests principally upon the deterrence argument, the burden of proof would seem to be upon its advocates to show conclusively that it does deter. Without proof, there has only been speculation as to how much greater the crime rate would be if capital punishment were abolished.

Capital punishment has not been an effective deterrent even when accompanied by excessive cruelty and exhibitionism, as, for example, drawing and quartering the victim or leaving his remains to be viewed upon the gallows. Instead of impressing potential killers, such practices are said to have set off crime waves against the very law which the executed criminals had violated.

Conceivably the death penalty is something of a deterrent (in another sense) to juries, since the latter tend to be increasingly reluctant to bring in a verdict of guilty when to do so might mean the execution of the convicted.

2. Inequity in Application

According to Fred Wilkinson, who has been quoted on deterrence, "It is a provable fact that no more than one per cent of offenders who are 'eligible' for execution by reason of their offenses... are ever put to death."[5] A Committee of the House of Representatives, Sixty-ninth Congress, considered as persuasive testimony presented before it which reads in part as follows:

> "As it is now applied, the death penalty is nothing but an arbitrary discrimination against an occasional victim. It cannot even be said that it is reserved as a weapon of retributive justice for the most atrocious criminals. For it is not necessarily the most guilty who suffer it. Almost any criminal with wealth or influence can escape it, but the poor and friendless convict, without means or power to fight his case from court to court or to exert pressure upon the pardoning executive, is the one singled out as a sacrifice to what is little more than tradition."[6]

Governor DiSalle of Ohio, in a message to the legislature of that State, cited the finding of a committee in Delaware to the effect that "Unequal application of the law takes place because those executed are the poor, the ignorant, and the unfortunate without resources."[7] This is to say, not that juries consciously discriminate against the weak, but that verdicts are naturally affected by inadequate legal counsel or public apathy toward the outcast.

3. Execution of the Innocent

The innocent are sometimes executed, and for this there is no adequate remedy or reparation. It has been suggested that executions of the innocent should be classified as accidental deaths, in the same category with traffic fatalities, and should be regarded as the price that society must pay for the system. This is poor logic and questionable theology. There is nothing accidental about a jury's verdict of guilty and a court's fixing a sentence of death. It is painstakingly deliberate, although each participant is conscious of the fallibility of his own judgment. If there is an alternative method which eliminates fatal consequences of human error, it ought to be employed. No life-and-death judgment should be made on the basis of the law of probability. Benjamin Franklin once said that "it is better a hundred guilty persons should escape than that one innocent person should suffer."

It is not unreasonable to ascribe infallibility to judge, jurymen, witnesses, counsel, law-enforcement officers and other assistants? Shall it be presumed that out of this composite of imperfect men there will come a perfect decision, that after the highest court has heard the final appeal and the last resort has been used, an irrevocable decision for the taking of a man's life will in every case be the right one? There are too many variables, such as vagaries of memory, erroneous recognition, fallibility of experts, faulty summing up, shortcomings of legal aid, inordinate ambition of prosecutors, prejudice, ignorance, irresponsibilities of jurors, rough police methods of obtaining evidence, sensational newspaper coverage, and biased public opinion. In consideration of these all-too-human elements, no decision upon a man's life should be final.

4. Vengeance or Retaliation

Capital punishment is retaliatory and tends to appeal to primitive instincts. Blackstone once noted, as a reason that had been advanced for the former practice of hanging of the corpse in chains on the gibbet, that it was "a comfortable sight to the relations and friends of the deceased."[8] The crucial question is, if there is a penalty to be inflicted, what purpose should it serve? Do relatives and friends of the deceased really derive justifiable gratification from the execution of the offender? Is there such a thing as abstract justice that must be served? Can a murderer expiate his sin or pay his debt to society by having his own life legally taken from him? Is execution in any sense a compensation? May the judicial taking of life be condoned on the basis that it protects society from incorrigibles—or that is is the human counterpart of divine justice? Neither law nor religion permits personal revenge. Is it less vengeful to use the corporate entity (the state) in order to retaliate? There is not one morality for the individual and another for individuals-in-association. Even in war, enlightened nations do not condone the killing of enemies out of a motive of retaliation. If it be argued that killing in war serves as a general deterrent, it must be remembered that captives may not be legally killed, that firing ceases when there is a possibility of negotiation, and that, in any case, war is not analogous to the courtroom.

As an agency of society, the state should not become an avenger for individuals, so it should not presume the authority to satisfy divine justice by vengeful methods. Should the state take life, no matter how debased that life may be? "For it is written, 'Vengeance is mine, I will repay,' saith the Lord" (Rom. 12:19). Man should cease to sacrifice his own kind under the supposition that God and His justice are served thereby.

It is self-delusive to seek to justify legal killing on the basis that it emphasizes the supreme value of human life. The State of Delaware, when abolishing capital punishment in 1958, declared through one of its committees that "The state sets a bad example when it takes life. Imitative crimes and murders are stimulated by executions."[9] The Austrian Minister of Justice in 1930 is reported to have expressed the conclusion, based on experience in his country, that the best means teaching respect for human life consists in refusing to take life in the name of the law.

5. Rehabilitation

Christianity should be concerned, not with retributive justice, but with redemptive justice. Rehabilitation in the Christian sense is the detailed process in human life of God's redemption. Christian forgiveness is the expressed recognition that no man is totally incorrigible. Christian love not only protects those whom the Christian loves, but prepares those who have outraged him to re-enter a society of love.

Rehabilitation becomes difficult if at any point or in any degree there is denial of the efficacy or redemption. Capital punishment casts a pall of fatalism over the whole rehabilitative process by its occasional claim for an exception to redemption, forgiveness and love. Karl Menninger, Executive Director of the Menninger Clinic, who regards the death sentence as an irrational ritual, said at the American Psychiatric Association's annual meeting in May, 1960:

> ". . . over psychiatrists who have been given the opportunity to make changes in a prisoner's nature there may burst at any moment an order for the prisoner's execution. . . . So prison work is demoralizing to psychiatrists. Though they are needed not only for the individual prisoner's rehabilitation but to gain more knowledge, I find it harder and harder to persuade my students to enter prison work."[10]

Rehabilitation requires much more than the abolition of the death penalty. Abolition is the necessary first step. There should thereafter be an intensive effort—with representatives of the legal, medical, psychiatric and ministerial professions collaborating—to rewrite laws and reorganize court procedures on the basis of increasing knowledge of human behavior. There should also be more effort to redirect penal institutions toward reclaiming persons and not merely punishing them, to re-educate the public as to how a law violator should be accepted in society, and to seek prevention of crime by correcting those conditions that produce the criminal temperament. To quote Karl Menninger again:

[10] *The Nashville Tennessean*, June 30, 1960, p. 34.

"... our move must be a constructive one, an intelligent one, a purposeful one—not a primitive, retaliatory, offensive move. We, the agents of society, must move to end the game of tit-for-tat and blow-for-blow in which the offender has foolishly and futilely engaged himself and us. We are not driven, as he is, to wild, impulsive actions. With knowledge comes power, and with power there is no need for the frightened vengeance of the old penology. In its place should go a quiet, dignified, therapeutic program for the rehabilitation of the disorganized one, if possible, the protection of society during his treatment period, and his guided return to useful citizenship, as soon as this can be effected."[11]

To this injunction from a contemporary psychiatrist may be added words of St. Augustine:

"... we do not wish to have the sufferings of the servants of God avenged by the infliction of precisely similar injuries in the way of retaliation. Not, of course, that we object to the removal from these wicked men of the liberty to perpetrate further crimes; but our desire is rather that justice be satisfied without the taking of their lives or the maiming of their bodies in any part, and that, by such coercive measures as may be in accordance with the laws, they be drawn away from their insane frenzy to the quietness of men in their sound judgment, or compelled to give up mischievous violence and betake themselves to some useful labour."[12]

III. CONCLUSION

This examination of the question of capital punishment from the point of view of Scripture and from that of humanitarianism in the administration of justice under present-day conditions has led to the conclusion that capital punishment is a form of punishment, the use of which raises serious questions concerning the responsibilities of Christians. With this conclusion there must also be, however, a realization of Christians' responsibility to do their part in bringing about reform through which conditions that make for criminality may be corrected, and offenders against the laws of society adequately restrained by procedures to be used in place of capital punishment. In seeking reform in penal systems the Church must realize that it cannot be a greater force than its individual members resolve that it shall be. Individual Christians should recognize anew the sanctity of life as God has made it.

REPORT OF THE BOARD OF DIRECTORS OF THE MOUNTAIN RETREAT ASSOCIATION

The Board of Directors of the Mountain Retreat Association submits the following report for the year 1962.

At the meeting of the General Assembly in 1963 the following members of the Board of Directors wil retire because they are not eligible for reelection: David Currie, Henry Grubbs, and Hubert Wardlaw.

Development Program

Under the leadership of Tully D. Blair, Chairman, the Development Program is making progress.

The Patrons of Montreat were organized in the summer of 1962. A Patron is a person who uses his influence in support of the development of Montreat and makes a gift of $100.00 or more to the Association, the College or the Development Fund. Patron's Day was observed on August 11th, with a Patrons Dinner in the Inn, and a Patron's Concert in Anderson Auditorium with Jerome Hines as the artist. On Patron's Day 199 Patrons had been enrolled, on December 31, 1962 a total of 339 persons had become Charter Members of the Patrons of Montreat.

about $125,000. Of this amount $55,000 was received by the sale of the power and light system to Carolina Power and Light Company.

The Assembly Inn is being renovated and refurbished. The heating and plumbing will be rebuilt throughout. The lobbies, dining rooms, halls and bedrooms will be renovated, redecorated and refurbished. Nine conference rooms will be created, and when funds are available, a Conference Building will be constructed to provide a room large enough to accommodate 200. When this work is completed, the Assembly Inn will be the only year-round Church Conference Hotel in the southeast. Mr. C. A. Dillon is Chairman of the Development Committee on the Inn and Mrs. Frank Dowd is Chairman of the Interior Decorating Committee.

The New Dormitory for Montreat-Anderson College is under construction and will be available for the entertainment of the General Assembly in 1964. It will provide 102 beds for students and guests of the Association, two lounges and an apartment for a resident counselor.

The Anderson Auditorium will be renovated for the meeting of the General Assembly. The Development Committee, Dr. John R. Cunningham, Chairman is preparing recommendations for heating, acoustics, enlarged rest room facilities, and other urgently needed facilities.

The Development Committee on Recreation, Dr. C. M. Legerton, Chairman, has made a careful study of the recreation facilities and program at Montreat. This study will continue and recommendations will be carried out as funds are available.

Finances

In April, 1963 the Mountain Retreat Association will pay $22,000 to the Western and Southern Life Insurance Company which is the final payment on the bonded indebtedness incurred in 1947.

The total gifts and grants to the Mountain Retreat Association in 1962 were $257,778.00 as compared with $149,370.00 in 1961 and $129,030.00 in 1960. These amounts include the money received from the General Assembly.

Montreat-Anderson College

Montreat-Anderson, a fully accredited co-educational Junior College, enrolled 247 students in September, 1962. In September, 1964 an additional 102 students will be housed in the new dormitory.

The graduates of Montreat-Anderson College in 1962 transferred to 18 colleges and universities with full credit for work successfully completed.

The Mu Lambda Chapter of Phi Theta Kappa, the national honor society for Junior Colleges was established in Montreat-Anderson on January 27, 1963. Dr. O. C. Carmichael, Consultant for the Ford Foundation on Teaching and Chairman of the Board of Visitors of the College, delivered the address.

REPORT OF THE BOARD OF TRUSTEES OF STILLMAN COLLEGE

We, the trustees of Stillman College, repectfully submit to the General Assembly of 1963 our report on the work of the college for the church year of 1962. But first, we want you, the commissioners, to know who we are, where we live, how we became trustees and the length of our terms of office.

TRUSTEES

The trustees are elected by the General Assembly; one class or approximately one-third of the body is elected each year. A trustee's term of office is 3 years. He is eligible for re-election for two consecutive terms. Thus the maximum number of consecutive years that a member can serve is nine. Effort is made by the Assembly's Permanent Nominating Committee to see that all geographical sections of the Church will be represented.

The officers are Chairman, Vice-Chairman, and Secretary. They are elected by the trustees. The trustees, with bracketed numeral to the right of each name indicating the term of service are:

Class of 1963

Miss Julia Francis (1), Tuscaloosa, Alabama
C. H. Moses, Sr. (1), Birmingham, Alabama
Rev. J. Phillip Noble (1), Anniston, Alabama

Dr. Richard R. Potter* (3), Staunton, Virginia
Dr. Carl R. Pritchett (2), Bethesda, Maryland
Mrs. Hosea Rasberry (2), Beaumont, Texas
President Peyton N. Rhodes (3), Memphis, Tennessee
Mrs. S. W. Washington (1), Tuscaloosa, Alabama

*Deceased

Class of 1964

Cecil W. Boston (1), Orlando, Florida
Rev. Thomas C. Duncan (1), Birmingham, Alabama
Dr. Warren B. Gaw (3), Rome, Georgia
Sanford B. McKenzie (2), Tuscaloosa, Alabama
Dr. J. Will Ormond (2), Tuscaloosa, Alabama (Secretary)
George W. Peake, Jr. (1), Macon, Georgia
E. Grainger Williams (1), Little Rock, Arkansas
Toddie Lee Wynne, Jr. (1), Dallas, Texas

Class of 1965

Rev. Leon R. Anderson (1), Atlanta, Georgia
President Andrew Edington (2), Kerrville, Texas (Vice-Chairman)
Stanley S. Jones (1), Atlanta, Georgia
Dr. T. Russell Nunan (3), Montgomery, Alabama (Chairman)
J. Lacey McLean (2), Greenville, South Carolina
Raymond R. Murphy (1), Chattanooga, Tennessee
R. L. Peters, Jr. (2), Kingsport, Tennessee
W. Frank Wood (3), Cleveland, Mississippi

Also Rev. Lawrence W. Bottoms, (Church Extension) by virtue of his office.

Our Board was distressed over the death of our member the Reverend Doctor Richard R. Potter. Dr. Potter would have completed his third term at the March meeting and therefore would not have been subject to re-election. He rendered years of faithful service.

Another place that will have to be filled by this Assembly is that of Dr. Peyton Rhodes, President of Southwestern College, who having served three terms is not eligible for re-election. The counsel of this wise and able man has been most valuable to us in this period of significant development of the college.

I. Student Body

For another college year there is a sizeable increase in enrollment. The total number registered in 1962-63 is 580. This includes 93 in the senior class, which will be by far the largest graduating class in our history; and over two hundred freshmen, also the largest class ever to enter.

Our foreign students now number six (6), from the following countries: Ghana, Nigeria, Uganda, Sierra Leone, Panama, and France.

Four of the 1962 class are now enrolled at theological seminaries and seem to be making the grade there.

II. Grants

A. Kellogg Foundation—$10,000 from the Kellogg Foundation for the purchase of new books for the library. This sum is to be spent over a three year period and must be over and above the annual budget for library books.

We are particularly fortunate in receiving this grant for, though our library holdings increase over a thousand volumes a year, we still have only slightly more than half of what is needed.

B. National Science Foundation—a sum of $4,000 matched by a friend of the college in Tuscaloosa for increased Physics laboratory equipment.

III. Language Laboratory

Just before the opening of school in the fall, our modern language laboratory was completed with an installation of 20 booths and a master console. The cost of this was in excess of $8,500 and was made possible through grants made by the same friend of the college mentioned in the preceding paragraph.

IV. Modern Language Institute

Because of this new facility and our capable staff in Modern Languages, Stillman has been awarded under the auspices of and financed by the National Defense Education Act, a Modern Language Institute for the summer of 1963. This will bring forty high school language teachers to our campus for two months graduate study. The staff will consist of 20 members. It is being planned and will be directed by Mrs. Julia Tidwell of the Modern Language Department. For our college to receive this recognition from the U.S. Department of Education attests to its growing reputation and stature among colleges.

V. Greatest Needs

Any growing college is literally running over with needs and surely Stillman is no exception.

Indeed, its rapid growth in the last three years has made additional facilities, not only needed, but imperative.

Both Dormitories and dining room-kitchen facilities are crowded and over taxed beyond the point of comfort and efficiency.

Hence, our urgent need for the success of the Presbyterian Development Fund, which will provide the funds necessary to build a new dormitory; to complete the repairs and modernization of the old dormitory, Winnsborough Hall; and to build a student center which will double the capacity of the kitchen and dining room.

VI. United Negro College Fund

The prestige of the college among its constituency and its fellow Negro colleges has been greatly enhanced by its admission to this association of non-tax supported institutions. Our membership in it has also proved financially profitable. During our first year in the Fund, we have received $46,635.25.

VII. Bequests

During the year the estate of the late Miss Nan R. Lingle of Davidson, North Carolina, was settled and Stillman's share of her legacy, $33,554.86, was received. Another legacy was that of the late Mrs. Nannie S. Parker of Aliceville, Alabama. The bequest was for $1,000.00.

We have also been notified by the executor of the estate of the late Miss Genevieve Rutherford of Asheville, North Carolina, of a bequest to this college, however the estate has not been settled.

For many years the trustees have ordered that proceeds from all bequests be placed in the permanent endowment fund.

VIII. Memorial Scholarships

At its last meeting our Board authorized the establishment of two full scholarships; one named the Nan R. Lingle Memorial Scholarship to be awarded on a competitive basis to an outstanding high school senior; the other the Catherine Hughes Waddell Scholarship in memory of the late Mrs. Waddell, daughter of the renowned Chief Justice Charles Evans Hughes. Mrs. Waddell was one of the moving spirits in the establishment and support of the United Negro College Fund. She died in December, 1961. This scholarship is to be awarded to the best all around sophomore student. A similar scholarship is being established in her honor in each of the other 31 member colleges.

IX. Finances

We had a successful year. While our report shows a net loss of $5,337.53, we are glad that the loss is only a "book" one due to the change in the closing of the books of the Assembly agencies for the year, from January 15th to December 31st.

Respectfully yours,

T. RUSSELL NUNAN, *Chairman*
J. WILL ORMOND, *Secretary*
SAMUEL B. HAY, *President of College*

REPORT OF AUSTIN PRESBYTERIAN THEOLOGICAL SEMINARY 1962-1963

Ownership.—The Seminary continues under the ownership and direction of the Synods of Arkansas, Louisiana, Oklahoma and Texas.

Objectives.—The central purpose of the Seminary is to train men for the parish ministry. To this other responsibilities have been added: courses of study for missionaries, for leaders in Christian Education or Campus Christian Life; instruction in Bible for University students; continued stimulation for parish ministers and lay leaders through library extension service, graduate work, special convocations and resident study periods to which parish ministers are invited.

Trustees.—Changes in the Board of Trustees were occasioned by the death of Raymond Orr of Fort Smith, the removal of Marion A. Boggs from Little Rock. Their successors have yet to be elected. Other changes due to limitation of consecutive terms a Trustee may serve from one of the four controlling Synods, replaced W. H. Gilmore with W. J. Murray, Jr. and S. C. Guthrie with Franklin Flato.

Officers of the Board are: John W. Lancaster, Chairman; W. A. Benfield, Jr., Vice-chairman; J. Martin Singleton, Secretary. John W. Smiley is Treasurer of the Seminary.

Accreditation.—The Seminary is an accredited member of the American Association of Theological Schools and a member of the Council of Southwestern Theological Schools. Professors hold membership in various learned and scholarly societies.

Faculty.—A faculty of fourteen gave full time to Seminary teaching during the year. John B. Spragens was added as Dean of Students and Assistant Professor of Christian Education; Charles L. King continued as Visiting Professor of Homiletics; Keith R. Crim serves as Visiting Professor of Missions. In addition to those who gave full time, part time instructors during the year included Miss Lena Lea Clausell, Aldine E. Anderson, Jerald Hamilton, Leroy G. Kerney, Joseph W. Knowles, Edward E. Thornton. Earl C. Scott was on leave the summer and fall of 1962; John F. Jansen is on leave the spring and summer of 1963. Stuart Currie received the First Award from the Christian Research Foundation for his remarkable work in his dissertation. Rodman Williams was commissioned by Prentice Hall to produce a volume on Existentialism and his manuscript is now in their hands.

Students.—There were 43 graduates in 1962, of whom seven received the Th.M. degree, twenty-nine the B.D. degree, three the M.C.E. degree. Three were granted the Diploma and one a Certificate of Work Done. In addition 123 University of Texas students received instruction in the United Bible Chair and of these 28 are Presbyterians. (Last year 107 total, 25 Presbyterian.) The Directors of the United Bible Chair have established The Foundation for Religious Studies which will approach teaching matters of the Faith in the University by seeking joint appointments with University departments. One such, Charles Hartshorne in Philosophy, offered "The Idea of God in the Great Philosophic Systems" and enrolled some 50 students in the single class.

Statistics from The American Association of Theological Schools show total Seminary enrollments unchanged over the past six years; also, in the Presbyterian Church U.S. there is one seminary student per 1349 communicants as against the nation's average of 2366 members per student.

Campus.—Completion of two new buildings has brought a major change to the campus. The Trull Administration Building and the McMillan Classroom Building were occupied on September 1, 1962 in time for use this academic year. Construction costs total $750,417.63 and furnishing costs total $44,102.47, subject to minor additions.

Finance—Capital Funds.—Receipts from the Synod of Arkansas "United for Christ" campaign total $104,586.67 through March 6, 1963. Future receipts are expected to bring the total to $200,000.

Receipts from the Synod of Oklahoma campaign total $24,717.32 to date, with only slight additions expected.

The Synod of Louisiana campaign receipts through February 23, 1963, total $192,476.51 and out of $287,465 subscribed.

Total receipts from the Texas T.F.C. campaign (to Seminary and Lay School) amount to $1,063,529.95 through February, 1963. Some additional receipts are expected.

Operating.—The audit report for 1961-62 showed a slight increase in income. This was left in operating

capital to replace funds that had been used to purchase from the endowment section property which belonged in the operating section.

Extra Services.—The Seminary continues to serve the church widely through its program and through faculty and student services. Most of the faculty members and upper classmen are preaching each Sunday. Junior students are engaged in supervised Field Education. This year a pilot group obtained first hand acquaintance with community problems and service resources by riding patrol cars at night, cruising in taxi cabs, calling with social workers, etc.

Continuing Education groups were scheduled throughout the year and almost ninety ministers will participate in this before the year is over.

Krister Stendahl, O. Hobart Mowrer and Carlyle Marney composed an exciting team at Mid-Winter Lectures. James Barr, Rachel Henderlite and Roland M. Frye are scheduled for February 3-7, 1964.

John Wm. Lancaster, *Chairman*

REPORT OF COLUMBIA THEOLOGICAL SEMINARY 1962-1963

Columbia Theological is owned and controlled by the Synods of Alabama, Florida, Georgia, Mississippi and South Carolina. It is governed by a Board of directors consisting of twenty-five ministers or Officers of the Presbyterian Church. At the present time the Officers of the Board are Dr. P. D. Miller, Chairman, and Dr. J. R. McCain, Vice-Chairman.

The Faculty of the Seminary consists of nineteen full-time Professors in addition to the President, and of four part-time Professors. The only addition made to the Faculty last year was through the election of Rev. Harry Black Beverly as Assistant Professor of Homiletics. Mr. Beverly, who assumed his duties in September of 1962, is a graduate of the University of Florida and of Columbia Theological Seminary who has completed a major portion of the studies required for his doctoral degree at the University of Basel.

The total enrollment of students for the 1962-63 session is 249. The enrollment of students by groups was as follows: Seniors 51, Middlers 63, Juniors 69, Clinical year students 7, Mission and Bible Training Department 11, Candidates for M.B.E. 4, Candidates of Th.M. 34, Special Students 4, enrolled for Summer School only 6. The enrollment of students for the coming year is satisfactory at this date, and it now appears that an entering class of at least average size will matriculate in September.

Columbia Seminary is continuing its Expansion Program in an effort to complete the addition of $5,000,000.00 to its resources by January 26, 1964. $500,000 of this amount has been promised by one source if $4,500,000.00 can be secured from other sources by the date mentioned. As of January 1, 1963 approximately $4,200,000.00 had been subscribed in the current campaign and more than $3,000,000.00 had been collected in cash. The principal material need of the Seminary at the present time is for the increase of its endowed funds and practically all of the subscriptions now being collected are now being added to endowment.

The total income of the Seminary for current operations in 1962 amounted to $469,013.29 and the total expense of operation was $468,983.55 leaving a balance of $29.74 for the year. The total assets of the seminary are shown in the latest Auditor's Report as $7,110,222.44 of which $3,132,779.48 represents the value of the institutions real estate, buildings and equipment.

We are pleased to report that the work of the current session at the Seminary has been generally satisfactory. The scholastic record made by members of the student body has on the whole been better than for a number of years past, and the group has continued to manifest an encouraging interest in missions and in evangelism.

Columbia Theological Seminary would again express its deep appreciation to the General Assembly for its interest in the cause of theological education and for the guidance and assistance provided for the seminaries through the Board of Christian Education. We earnestly request the prayers of the Assembly to the end that more of the choice young men of our Church may dedicate their lives to the ministry, and that we may be enabled to discharge aright our responsibility in providing the right type of training for the students who come to us.

Respectfully submitted,

J. McDowell Richards, *President*

REPORT OF LOUISVILLE PRESBYTERIAN SEMINARY 1962-63

The Board of Directors respectfully reports for 1962-63 as follows:

I. **Students:** Comparative enrollments for recent years have been:

Year:	1950	1952	1954	1956	1958	1960	1962	1963
Total:	106	148	151	171	173	169	158	174

Students were from 31 states and 3 foreign countries. They represent 89 institutions previously attended. Of 152 Presbyterian students, 91 are UP-USA and 61 are US. Students of other denominations number 22.

Fellowships in 1962 were awarded to:

Glenn Russell Ramsey, Jr., Indiana—Anderson Fellowship $1,000
(Evansville College, Indiana, B.A.)

Robert Bynum Albritton, II, Alabama—Walker Fellowship in Theology $1,000
(University of Alabama, A.B.)

James Perry Robinson, North Carolina—Walter Kennedy Patterson in N. T. $1,200
(Maryville College, B.A.)

Kerry Edwards Spiers, Alabama—James Kennedy Patterson in C. H. $1,200
(Davidson College, A.B.)

Prizes were awarded to:

Richard Eugene Jones, Florida—Baker Book House Prize ..... Dictionary
(Maryville College, B.A.)

George Price Beury, Kentucky—American Bible Society ..... Public Scripture Reading
(Centre College, B.A.)

David Leland Gilmore, West Virginia—Susan Amanda Newby Huber ..... New Testament
(Maryville College, B.A.)

Edgar Wright Smith, Florida—E. L. Bell Middler Prize ..... Concordance
(Maryville College, B.A.)

Rex Edwin Brown, Missouri—Buschemeyer Field Work Award ..... Watch
(Wm. Jewell College, A.B.)

It will be observed that total enrollment is still down from the peak year of 1958. The entering class this year, however, was a relatively large one—58 new students beginning their work in September. Since there is not yet a large increase in the total number of ministerial candidates over recent years, it is assumed that this increase is due measureably to the attractive prospect of more adequate campus-plant facilities. Should a comparable number of new students enroll each of the next two years with no more than normal withdrawals, total enrollment by 1964 should exceed 200 for the first time in the seminary's history.

II. **Faculty:** Since the last report, Dr. Andrew K. Rule has retired from the Chair of Apologetics, and has been succeeded in that field of teaching by Dr. Samuel R. Keen, former Instructor in Princeton Seminary. Dr. Keen is 32 years of age, and holds the following degrees: A.A., B.A., S.T.B., Th.M., M.A., Ph.D. Dr. and Mrs. Keen have two children. He began his teaching in the faculty as Associate Professor of Philosophy And the Christian Faith in September, 1962. During the second semester, two members of the faculty have been on leaves engaged in graduate study and writing— Dr. Harry G. Goodykoontz, on regular Sabbatic Leave at Princeton Seminary, N.J.; and Dr. Albert C. Winn, on Special Leave at the Divinity School, University of Chicago. Dr. Julian Price Love, whose regular time for retirement is at the end of this academic year, has been invited by the Board of Directors to teach an additional year to provide more time for securing his successor in Biblical Theology.

III. **Curriculum:** The revised curriculum, which was approved by the Board last year, has been put into full effect this year. Such a change inevitably involves some problems and readjustments, but these have been met with minimum difficulties, and the sequence of work should proceed more smoothly during the coming year. Two notable changes in this phase of seminary work should be observed: (1) the stiffening of requirements for candidacy for the Th.M. degree, which will reduce the faculty load in this realm, and (2) the inauguration in the second semester of a program of Continuing Education for men in the pastoral ministry through intensive short periods of resident reading and study in the seminary without degree candidacy. It is hoped and anticipated that this program may be expanded with the transfer of activities to more ample quarters on the new campus.

IV. **New Campus-Plant:** Before this report reaches the courts of the Church, it is anticipated that the action taken by the Board at its Centennial meeting in 1953 will have been carried out in terms of the completion of eight new buildings and a powerhouse on a spacious campus of 38 acres at the edge of Cherokee Park. The new address of Louisville Seminary will be **1044 Alta Vista Road, Louisville 6.** As this report is written, cash and pledges for this project have reached a total of four million dollars, and $400,000 more is needed to complete payment for this basic phase of the new plant. As soon as sodding, seeding, and paving are completed, the seminary expects to produce colored slides for showing in the various synods in order that Presbyterians may see what quality buildings of contemporary beauty and functional adequacy their gifts have made possible.

V. **Furlough Home Plans:** The Board of the Louisville Presbyterian Furlough Home has initiated plans for the construction of a new Furlough Home for Missionaries on the new campus. Drawings are not advanced enough to indicate an exact schedule of construction, but it is expected that in the near future missionary families on furlough in Louisville may be on campus with more modern and spacious facilities. Except for provision of the site, this is not a seminary project, but one of the Women of the Church. Yet the seminary rejoices in it as stimulus of a sense of world mission.

VI. **Directors:** Directors elected last year: Dr. Arthur R. Hall, Louisville, and Mr. Robert M. Smith, Indianapolis, elected by the Synod of Kentucky, UP-USA; and Dr. Walter R. Courtenay, Nashville, elected by the Synod of Tennessee. Current vacancies and expirations are reported directly to Nominations Committees.

VII. **Current Finances:** In moving from **a lot** 210′ x 200′ to a **campus** of 38 acres, and in expanding plant facilities from a compact Quadrangle, designed for a maximum of 125 students, to 9 buildings designed in basic facilities for 300 students, while other expenses are somewhat increased, the major increase is for "Operation-Maintenance of Physical Plant." Net average increase needed from synods' benevolences for 1963-64 is 18.6% more than receipts from this source for 1962-63.

Recommendations: 1. That Directors be elected as indicated by Nominations Committee. 2. That adequate budget support be provided through benevolences . 3. That individuals and congregations have their attention earnestly directed to the seminary's urgent need to receive full amounts of pledge balances outstanding as well as new gifts and pledges to complete Phase I of new campus construction. 4. That ministers, Sessions, parents, and youth be urged to give serious attention and thought to Christian vocation in its bearing on the ministry.

Respectfully submitted,

Arthur R. Hall, *Secretary pro tempore*

REPORT OF UNION THEOLOGICAL SEMINARY
Session of 1962-1963

The Trustees of Union Theological Seminary in Virginia respectfully present this report to its controlling and affiliated courts concerning affairs for the year 1962-1963.

TRUSTEES

Union Theological Seminary in Virginia is specifically related to and under the control of the Synods of Appalachia, North Carolina, Virginia, and West Virginia. Trustees are nominated to the Board by these Synods. Under corporation law of the Commonwealth of Virginia the election of Trustees is vested in the Trustees themselves, but they may elect only persons nominated by the Synods.

There have been three meetings of the Trustees during the year in the discharge of their responsibility to give oversight to the affairs of the Seminary. There have been regular meetings of the committees of the Board of Trustees for review and planning of assigned aspects of the Seminary's work.

At the May 1962 meeting of the Board the Reverend Edward H. Jones, a Trustee from Virginia, was elected Chairman; replacing the Reverend Andrew R. Bird, Jr., whose term had expired. In January 1963 Dr. Jones accepted a call to California, thus removing himself from the Board of Trustees. A new chairman will be elected at the meeting in May 1963.

On the nomination of the Synod of West Virginia, the Reverend Walter W. White of Huntington, West Virginia, replaced Dr. Andrew R. Bird; and Mr. Herbert W. Jackson of Richmond, Virginia, on the nomination of the Synod of Virginia, replaced Mr. A. Scott Anderson, whose terms as Trustees has expired.

ACADEMIC AND FACULTY AFFAIRS

During the year the Trustees have elected two persons to become members of the Faculty as Associate Professors. The Reverend Mathis Rissi, Ph.D., of Basel, Switzerland, will teach New Testament beginning in September 1963. Trained in Basel University, active as a parish minister, able as a teacher in the Divinity Faculty of Basel University, Dr. Rissi, a member of the Reformed Church of Switzerland, has exceptional background for leadership in Seminary affairs as a pastor, lecturer, author, and scholar. In September 1964, after the retirement of Dr. Ernest Trice Thompson, the Reverend J. A. Ross Mackenzie, Ph.D., will join the Faculty as an Associate Professor in Church History. Dr. Mackenzie, trained in his native Scotland and in Sweden, has demonstrated real skills as a teacher. He has been a minister of the Presbyterian Church

in the United States for approximately five years, serving as pastor of the Westminster Presbyterian Church of Richmond, Virginia.

Dr. James H. Smylie, serving a two-year appointment as guest professor, has given excellent service as Alumni Visiting Professor in American Church History, enabling the Faculty to supplement and enrich its offerings in the study of the life of the Church within our own culture. Dr. Smylie returns to the Faculty for the 1963-1964 term, as well.

Dr. James Perry Martin joined the Faculty as Associate Professor in Biblical Studies, with primary responsibility in the area of New Testament. His first year of work with us promises that the curriculum at the undergraduate and graduate levels will be substantially strengthened in this basic discipline of instruction.

Dr. James E. Bear retires from the Seminary June 30, 1963 because of age. As yet his successor in the Chair of Missions has not been secured, though the Trustees are making every effort to obtain the services of an individual who can give to this central matter the type of leadership which the tasks of the Church and its ministry demand.

The responsibility of the Seminary to prepare men for the pastoral ministry through its Bachelor of Divinity degree program continues to be a matter of first-rate concern to the Faculty. However, it is progressively apparent that our Church is demanding the strengthening of offerings in the post-graduate fields for students who are working toward the Master's and Doctor's degree as equipment which readies them for more effective ministries. Such a program lays upon the Faculty enlarged obligations for student supervision and guidance which we believe to be to the advantage of the total life of the Church and the Seminary.

Constantly the curriculum of the Seminary is reviewed to keep abreast of the fundamental and varied emphases which belong to the task of the ministry. Experimental methods in pedagogy, encouraging more independent study on the part of students, recognizing the quality of excellent work done at college and university levels, and surveying the intimate relationship between class-room work and field work assignments in the Church, have engaged and will engage the Faculty; for theological education must never submit to the temptation to solidify unduly what and how it attempts to teach.

During the year a Consultation between members of the Seminary Faculty and representatives of the faculties of ten colleges and universities in the southeast offering courses in "Religion" proved to be a most interesting and provocative experience. For too long seminaries and other schools of the Church have not maintained proper conversations between themselves in their shared responsibility to prepare leaders for the work of the Church. It is hoped that this Consultation will prove to be only the first of a series to be continued and expanded over the years.

STUDENT AFFAIRS AND RECRUITING

During the academic year 212 students have been enrolled in the Seminary as follows: Seniors, 59; Middlers, 46; Juniors, 54; Special Students, 15; Intern Students, 6; and Graduate Students, 32. This compares with a student enrollment during 1961-1962 of 239 students. The students have come from 14 synods and from 51 presbyteries of the Presbyterian Church in the United States; from 26 states and the District of Columbia; and from 10 foreign countries. Sixteen denominations, other than the Presbyterian Church, U. S. are represented in the Student Body. One hundred and sixteen literary institutions provided the collegiate and university background for students enrolled.

It is expected that in May, 1963 the Seminary will award degrees as follows: One Th.D. degree; 10 Th.M. degrees; and 54 Bachelor of Divinity Degrees. As the men graduate most of them will proceed immediately into the parish ministry, to mission service, or to military chaplaincies. Eleven men plan to continue their studies in graduate schools at Union Seminary or elsewhere, looking toward advanced theological degrees.

It is to be noted that the enrollment of the Seminary is down from 1961-1962. While there are many reasons for this decline—among them the Seminary's failure to be as effective in the area as its opportunities provided, the requirement that entering Juniors shall have "Beginning Greek" as a condition of admission, and the general diminishing of men who are offering for the Protestant Ministry in comparison with the very recent years—it is our judgment that one of the basic failures is in the area of the Church's neglect of its obligation to "recruit". Desiring to assist in correcting this deficiency, the Seminary continued this year, and plans to continue for the next few years, a program of "cavalcades" to presbyteries within our Synods for the primary purpose of enabling local churches and all churchmen to see their opportunity and responsibility in exalting the ministry as a live option for the young people of the Church. Two years of experience in this particular convince us that the procedure is worthwhile as a device by which a Presbytery and its local congregations attend to the matter of its present and future leadership.

CONTINUING EDUCATION

During 1962-1963 191 men from the controlling Synods have pursued specific courses of study under the direction of the Faculty, and 84 pastors have returned to the Campus for periods of intensive study as Tower Room Scholars. A total of 275 pastors within the Seminary's Synods have thus been served.

The summer program of the Seminary is designed to be a source of help to men in the performance of the pastoral ministry. In 1962 a Christian Education Seminar and a Doctrinal Seminar were offered in addition to The Preaching Clinic. Approximately 150 pastors were on Campus for twelve days of concentrated study. During the summer of 1963 a Preaching Clinic, a Biblical Seminar, and a Group Dynamics Seminar will be offered duirng the last week of July and the first week in August.

FISCAL AFFAIRS

A copy of the Budget for the 1962-1963 fiscal year is attached indicating an expected surplus at a very minimal figure. It should be noted by the courts that the fiscal year of the Seminary ends March 31. As a consequence it is not possible to have in the hands of the committees of the several Synods the actual picture of fiscal operations until late in April when the audit is completed. At this juncture I would estimate that we shall operate within the budget, though the surplus may not attain the figure of approximately $3,000.00 which we expected at the beginning of the year.

The attention of the courts is called to the fact that theological education is progressively expensive. There is nothing unique in this fact, of course. However, it is worthy of note that theological seminaries by and large are training individuals who will go into vocations from which they have no right to expect any sizeable financial return. As a consequence students engaged in theological study are usually very reluctant to incur substantial debt to defray the costs of this training. This means that the seminaries have to hold charges far below the level of what the actual program of instruction costs. It means, also, that the seminaries must provide substantial scholarship funds to pay for those very fees which it is charging. It is in this context that the Seminary respectfully requests its supporting Synods to evaluate the due share of benevolence funds which may be allocated to the training of future leadership.

When the audit of the Seminary is completed copies will be placed in the hands of the General Council, the Stated Clerk, and the Committee on Educational Institutions of the several courts.

Union Theological Seminary in Virginia urgently requests the prayerful support of its constituent Synods to the end that a dedicated and discerning ministry may be provided under Christ, for the Church of tomorrow.

Respectfully submitted,

Lewis F. Powell, Jr., *Vice-Chairman of the Board of Trustees*
Jas. A. Jones, *President*

REPORT OF THE PERMANENT COMMITTEE ON INTER-CHURCH RELATIONS

I.

Questions of Cooperation or Union With Other Churches

Communications to the Committee during the year and overtures from various presbyteries coming before the Assembly indicate some misunderstanding of the function and responsibility of the General Assembly's Permanent Committee, and the Committee believes it imperative that, before the General Assembly makes further decisions in the entire field of inter-church relations, it should review the total area, with full knowledge of the areas of discussion and possibilities of cooperation or of union with other churches that have been before the General Assembly and its Permanent Committee since 1960.

Five distinct areas of discussion and concern involving possibilities of cooperation or of union, which are in many respects inter-related, have been considered in the past three years; and they are:

A. The United Presbyterian Church in the U.S.A.
B. The "Consultation on Church Union" growing out of what has been popularly known as the "Blake-Pike" proposal.
C. The Cumberland Presbyterian Church.
D. The Reformed Church in America.
E. The "Reformed" communions generally in North America.

A. *Questions of Cooperation or Union with the UPUSA Church.*

1960 Minutes Page 77

The Assembly instructed its Committee on Inter-Church Relations to enter into conferences with the corresponding body in the UPUSA Church "as to ways in which present tensions, where they exist, may be eased, where cooperation may be extended and made more fruitful . . ."

Two overtures regarding union with the UPUSA Church were answered in the negative.

Minutes Page 78

A communication from the UPUSA Church expressing the "hope of closer fellowship was 'received as information'" and response was ordered to be made by the Moderator.

1961 Minutes Page 106

The Committee reported to the General Assembly that it was in correspondence with the UPUSA Church's Commission on Ecumenical Relations and that arrangements had been made for conferences between representatives of the two bodies.

One overture seeking union with the UPUSA Church was answered in the negative ". . . since it appears that the UPUSA Church will be involved in discussions that attempt to construct a plan of union with some

Minutes Page 72

denominations of different dogma and polity than belong to our understanding of and commitment to the Reformed Heritage, and since it appears that only the most limited benefits could be expected at this time from any explorations dedicated to devising a plan of union with the UPUSA Church . . ."

1962 Minutes Page 117

The Committee reported in 1962 that a conference had been held between representatives of the Committee and the Moderator, Stated Clerk and Chairman of the Department of Relations of the UPUSA Church. This conference resulted in recommendations that the two Assemblies later adopted concerning renegotiation of an agreement between the two churches relative to the exchange of church property. The conference was also beneficial as the representatives of each church were acquainted with denominational procedures and policies of the other in the field of inter-church relations, and further conferences between the two groups were anticipated.

Minutes Page 73

Three overtures concerning problems of relations between lower courts of our Church and the courts of the UPUSA Church were answered by the General Assembly by instructing the Committee to discuss these problems with the Division of Ecumenical Relations in order that greater mutual understanding and coordination might be effected.

Minutes Page 121

The General Assembly affirmed a pattern of proper procedure to be followed in our relationship between the lower courts of the two churches. This was transmitted to the UPUSA General Assembly which in 1962 expressed a positive response to the action of the US General Assembly by referring such matters to its Commission on Ecumenical Mission and Relations for consultation with appropriate boards and judicatories of the UPUSA Church and consultation with the Permanent Committee on Inter-Church Relations of the US Church.

Minutes Page 73

Two overtures seeking union with the UPUSA Church were answered in the negative. The General Assembly repeated its view expressed by the 1960 General Assembly set out hereinabove.

Minutes Page 73

A communication from the General Assembly of the UPUSA Church inviting our Church again to discuss union was answered in the negative.

Oct. 25-26

In order to implement the instructions of the two General Assemblies relative to instructions concerning relations between the lower courts of the two churches, a conference was held between representatives of the Committee on Inter-Church Relations and the Division of Relations of the UPUSA Church. Representatives of the Committee proposed a general discussion of ways and means to implement the action of the two Assemblies. While professing a willingness to respond fully to the initiative taken by the Presbyterian Church, U.S., representatives of the Division of Relations candidly expressed deep concern and the view that further joint conferences between the Permanent Committee and the Division should await clarification on the part of the two groups as to any possible negative effect upon such future conferences as might be caused by the omission of the UPUSA Church from formal conversations presently in progress between the Presbyterian Church, U.S., and the Reformed Church in America. Representatives of the Division expressed on behalf of the UPUSA Church a great desire to have the UPUSA Church included in any discussions or explorations concerning the strengthening of the Reformed and Presbyterian witness in North America. The UPUSA representatives announced their intention of sharing their desire to be included in the Reformed-U.S. talks with appropriate representatives of the Reformed Church in America. Representatives of the Committee on Inter-Church Relations urged that conferences between the Permanent Committee and the Division should proceed under the mandate of the two Assemblies without regard to independent conversations being carried on by a special ad interim com-

mittee of the U.S. Church and representatives of the Reformed Church in America. The representatives of the Committee and the Division of Relations did agree that because of the special and unique closeness of the relationship between the two churches, rising out of our common history and our long record of cooperative enterprise and the wide range presently existing of common work and witness, that the two churches must continue together this common work and its rerpesentatives continue to explore diligently new possibilities of cooperation. It was agreed, therefore, that the representatives present at the meeting would recommend to the full Committee and the entire Division of Relations that a comprehensive list be prepared of the actual cooperative work now going on at all levels, both at home and abroad, between the two churches. It was agreed that such a list, when completed, should be reported to both General Assemblies and plans were made to implement this action, with the hope that it might be accomplished in time for the 1963 reports to the General Assemblies. Both the Division of Relations and the Permanent Committee on Inter-Church Relations have been engaged in preparing such a comprehensive list, and considerable progress has been made. The Committee has determined that the scope and extent of our cooperation with the UPUSA Church is so extensive that it is impossible to report accurately to the 1963 Assembly, and the Committee will continue its activities in cooperation with the Division of Relations in the hope that a joint and comprehensive list of cooperative endeavor may be prepared in time for the 1963 UPUSA General Assembly and for presentation to the US General Assembly in 1964, with the recommendation that the comprehensive list of cooperative endeavor be presented in such form that its widest distribution among the members of the two communions will positively demonstrate the compelling need for our continued common work and cooperative enterprise in existing fields and larger and greater possibilities of cooperation and common witness in the future.

Summary of UPUSA Relations on Cooperation and Union

The Assemblies of 1960, 1961 and 1962, having been asked by six overtures from various presbyteries, and invited directly by the General Assembly of the UPUSA Church to undertake discussions leading toward organic union, have answered in the negative each time. The reasons assigned by the Assemblies of 1961 and 1962 were: ". . . . it appears that only the most limited benefits could be expected at this time from any exploration dedicated to devising a plan of union with the UPUSA Church."

At the same time the Presbyterian Church in the U.S. has consistently and diligently sought to improve communications with the UPUSA Church through conferences with the proper representative body of that Church (The Department of Relations of the Commission on Ecumenical Mission and Relations). These conferences have not thus far proved very rewarding; at first because of differences in structures and authorities between the responsible groups of the two churches, and more recently because of the concern of the UPUSA consultants that the UPUSA Church was not included in the discussions now under way between our Assembly and the Reformed Church in America.

The Permanent Committee on Inter-Church Relations hopes and believes that continued conferences with the Division of Relations and particularly the joint project of listing in detail for the people of our communion the very extensive areas of present cooperation will lead the two groups and the two Assemblies to an increasing awareness of the necessity for continued exploration and consultation and concern for our common cooperative endeavors.

B. *The "Consultation on Church Union."*

This is the formal title of meetings among representatives of the

UPUSA Church, the Protestant Episcopal Church, the Methodist Church, the United Church of Christ and other bodies growing out of a sermon delivered December, 1960 by the Rev. Eugene Carson Blake, Stated Clerk of the UPUSA General Assembly, from the pulpit of Bishop Pike of the Episcopal Church, and concerned with the possibilities of a church both "reformed and catholic". Representatives of these churches met formally in April, 1962 in Washington, D.C. and at Oberlin College in March, 1963.

1961

The Committee discussed the possibilities of our Church being invited to send observers and to participate in such a consultation, and recommended to the 1961 General Assembly that our Church avail itself of any opportunity to be present for the purposes of observing any exploratory discussions held in quest of Evangelical Union.

Minutes Page 72

The Assembly had three overtures asking full participation in the negotiation and consultation and answered all in the negative. One overture asked the Assembly to send observers to such consultation and the Assembly instructed its Committee on Inter-Church Relations to send observers to the Consultation on Union when invited.

1962 Minutes Page 73

The Assembly received an invitation from the General Assembly of the UPUSA Church to participate in the consultation as parties to the negotiation, and the Assembly received one overture to the same effect. The invitation and the overture were simply answered in the negative.

1963 Jan. 7

Formal invitation from the Consultation having come by correspondence requesting the presence of "observer-consultants" at the March, 1963 meeting of the "Consultation on Union", the Committee, pursuant to the instruction of the 1961 Assembly, appointed two of its members to attend as observers. Their report will be made to the next meeting of the Committee and transmitted to the General Assembly, but obviously cannot be included in this printed report to the General Assembly.

C. *The Cumberland Presbyterian Church.*

1962 Minutes Page 117

Discussion of cooperation with the Cumberland Presbyterian Church was reported to the 1962 General Assembly by the Committee on Inter-Church Relations. Efforts have been made by the Committee to place our boards in touch with the agencies of the Cumberland Presbyterian Church to offer cooperation where desired. The Committee understood this to be the maximum action indicated by its informal discussion with representatives from the Cumberland Church.

1963

The Committee has very recently been advised of the creation by the Cumberland Presbyterian Church of a Committee on Inter-Church Relations. The chairmen of the two Committees on Inter-Church Relations of the two churches have been in correspondence and plans are being made for a meeting of the two groups later in the calendar year 1963.

A popular meeting will be held at the First Presbyterian Church in Nashville, in March, 1963, at which the Moderators of the Cumberland Presbyterian Church, the United Presbyterian Church, USA, the Reformed Church in America and the Presbyterian Church, US, will appear and address the group.

D. *The Reformed Church in America*

1961

The General Synod of the Reformed Church in America instructed its Executive Committee to hold conversations with the UPUSA Church and the Presbyterian Church, US, and to report in 1962 the results of their conversations. (See Minutes, General Synod, page 142).

1962

The Executive Committee of the Reformed Church in America invited representatives from our Committee on Inter-Church Relations to meet with their representatives, and a meeting was held in January, 1962, which led to an April, 1962 meeting between the full Executive Committee of the Reformed Church and the Committee of our Church.

From the foregoing meetings came the "Joint Statement" adopted

Minutes Page 71 both by our Assembly and by the General Synod of the Reformed Church in their meetings of 1962. The General Assembly and the General Synod created a "Joint Committee" for the specific and limited purposes set forth in the "Joint Statement".

This "Joint Committee" is made up, from our side, of twelve members appointed by the Moderator. These members constitute an ad interim committee of the General Assembly, reporting directly to the *Minutes Page 89* General Assembly of 1963, and have no responsibility to the Committee on Inter-Church Relations. Two members of the Committee on Inter-Church Relations are members of this ad interim committee, and this fact enables the Committee to keep advised of the progress in this area of inter-church relations.

E. *The "Reformed" Communions Generally in North America.*

1962 Minutes Page 73 An overture to the 1962 General Assembly asked that our Church consider "seizing initiative" toward general "organizational and operational unity" among the Reformed bodies in North America. The Assembly referred this matter to its representatives to the North American Area Council of the World Alliance of the Reformed Churches.

1963 At a January, 1963 meeting, our representatives to the North American Area Council discussed the matter fully and made the report which is found as an appendix to this report to the 1963 Assembly.

It appears North American Area Council, in 1963, has created a new committee responsible for concerns similar to that expressed in the overture mentioned above. Reports from the North American Area Council will doubtless reflect action in this area. Liaison is maintained between the Permanent Committee on Inter-Church Relations and our representatives to the North American Area Council by members of the Committee who also serve as our representatives to the North American Area Council.

The public meeting in Nashville in March, 1963, referred to above in connection with the Cumberland Presbyterian Church, reflects an activity where a number of churches of the Reformed tradition can together express their cooperative witness.

SUMMARY

The General Assembly has clearly assigned to its Permanent Committee on Inter-Church Relations the responsibility of conferring with corresponding bodies in the UPUSA and other Presbyterian churches as to ways in which tensions, where they exist, may be eased, where cooperation may be extended and made more fruitful, and to arrange, where advisable, for meetings of representatives of our boards and agencies for further exploration of ways and means of a greater united effort. (See action 1960 Assembly, Minutes, page 77).

This Committee has an overall responsibility on behalf of the Church to maintain firm relations with all churches holding Biblically founded beliefs, and especially with those churches with whom we share common roots in history.

While attempting to carry out these assigned duties, the Committee would call attention to the very wise provision made by the General Assembly in 1962: "In instances in which discussions relative to full and organic union are to be undertaken, the General Assembly shall appoint an ad hoc committee to carry on negotiations . . ." (Minutes 1962, page 121).

All of the five areas outlined in this report have come within the general interests which are the responsibility of the Committee on Inter-Church Relations. The Committee is deeply concerned at the indications of basic misunderstanding of these matters in certain quarters of the Church. These areas are all interrelated, and an understanding of the activities in each area is necessary to an understanding of the others. Only an informed Assembly can wisely determine our course as a Church.

Therefore: The Permanent Committee on Inter-Church Relations submits this statement of background information to assist its Commissioners to the 1963 General Assembly, and has instructed its Chairman and one other member of the Committee to be present at the meeting of the General Assembly and to answer fully and candidly ques-

tions on these matters addressed to them by the Standing Committee of the Assembly or by the Commissioners from the floor.

II.

Inter-Church Bodies and Agencies

1. World Council of Churches.

It is recommended the Permanent Committee on Inter-Church Relations be allowed to refer to the appropriate Boards and Committees information received by it relative to study conferences conducted by the World Council of Churches in order that such Boards and Committees may select qualified persons to attend such conferences and make budgetary provision for their attendance.

The Committee has communicated with the Division of Christian Action, giving full information on the forthcoming World Conference on Church and Society.

The Committee also is in the process of drafting a communication, directed to the officers of the World Council of Churches, regarding the statement of those officers in connection with the Cuban crisis.

The Committee is greatly concerned at the discrepancy between the actual giving of our Church for World Council purposes and the askings of the World Council, and has communicated this concern to the General Council of our Church.

2. National Council of Churches.

It is recommended that the Permanent Committee on Inter-Church Relations be allowed to refer the naming and providing of expenses for persons appointed to attend conferences under the sponsorship of the National Council of Churches to the appropriate agencies or committees of the Church.

The Committee has communicated with the Division of Christian Action, giving full information concerning the National Study Conference on Church and State to be held February 4, 1964, informing the Division of the foregoing recommendations to the General Assembly of 1963 concerning policy.

It is recommended:

a. That J. G. Patton, J. A. Millard, Miss Evelyn Green, Marion Boggs and J. W. Baldwin be renamed as representatives of the Church to the General Assembly of the National Council of Churches.

b. That R. H. Bullock replace Ferguson Wood and Harvey McGeorge replace James Bullock as representatives to the General Assembly of the National Council of Churches; and that George H. Vick replace Charles J. Currie in the class of 1967.

c. That alternates to the General Assembly of the National Council of Churches be as follows:

John E. Bryan,
Vernon S. Broyes,
Louise McComb, and
C. Eric Mount

d. That both Principals and Alternates to the General Board of the National Council of Churches whose terms expire in 1963 be renamed to terms expiring in 1969.

e. That the General Assembly decline to accept the invitation of the National Council of Churches for additional representation at the General Assembly and on the General Board of the National Council of Churches from State Councils of Churches at this time. The Permanent Committee is of the opinion that six representatives from our Church to the General Board gives the Church adequate representation and that the method of selection of additional representation from State Councils of Churches is not consistent with the General Assembly's policies regarding the responsibilities of representatives to the General Assembly.

The Committee notes that the General Council has recommended to the 1963 General Assembly that our Church participate in the work of the Planning Committee of the National Council of Churches. The Committee believes that if our Church is to make its full influence felt in the National Council of Churches and responsibly participate in the program of the National Council of Churches that we should participate in the work of the National Council of Churches' Planning Committee, and respectfully records its aproval of the recommendation of the General Council on this subject.

The Committee proposes to distribute to each minister in 1963 two pieces of literature relating to the work and function of the National Council of Churches.

The Committee recognizes that the contribution of our Church to the activities of the National Council of Churches is only 15% of the support requested by the National Council, whereas other member communions average nearly 70% of the requested support, and the Committee looks hopefully toward that time when the Presbyterian Church, U.S., will bear its full responsibility in support of this conciliar body.

3. World Alliance of Reformed Churches.

The Committee received and reviewed the report of the General Secretary to the member churches of the World Alliance of Reformed Churches for the year 1962 and the report of the North American Secretary of the World Alliance. These reports (abridged) are submitted as a part of this report.

It is recommended that the following persons be elected:

It is recommended that the Alternates for the World Presbyterian Alliance, set forth above, be considered in the sequence of their being named, rather than person for person; further, that the Alternates be considered in classes rather than overall, as much as possible, and that the General Assembly be requested to grant the Permanent Committee on Inter-Church Relations the authority to name other Alternates as needed.

It is recommended that Dr. Grier Davis and Dr. R. T. L. Liston be reelected to the Board of Managers, Lord's Day Alliance.

Written reports of the activities of the American Bible Society, Religion in American Life and the Lord's Day Alliance were received and reviewed by the Committee. The budgetary requests of these organizations were considered and communicated to the appropriate agency of the General Assembly.

IV.

Special Matters

1. The 1962 General Assembly referred to the Committee a communication from "Protestants and Other Americans United" for separation of church and state regarding endorsement by the General Assembly for study and recommendation by the Permanent Committee to the 103rd General Assembly.

It is recommended that the General Assembly recognize that this organization in many respects advances the historic position of our Church regarding separation of church and state, but since the Assembly has no control over the policies and activities of the organization that the Assembly decline to give the organization a carte blanche endorsement or afford financial support as a Church.

2. The Committee has reviewed its Manual approved by previous General Assemblies and has rearranged the format of the Manual to bring it into conformity with other Manuals for committees and agencies of the Church, and the Committee has transmitted its Manual, as arranged, to the Special Committee of the Assembly whose responsibility is conforming Manuals for Boards and Agencies.

It is recommended that the General Assembly approve the Manual as appended to this report. The only change in substance concerns the membership of the Committee, Article IV.

3. The 1960 General Assembly directed the Committee to enter into conversations with other Reformed communions relative to a Center in the City of Washington, D. C., geographically and judicially independent of any local congregation, where the Presbyterian Alliance in America could advance the cause of Christ, and to bring definite recommendations before succeeding General Assemblies. Representatives of the Committee have met on numerous occasions with representatives from other Reformed churches in the past three years. Rev. William R. Sengel, a member of the Committee from the Synod of Virginia, has been named to represent our Church in continuing conversations concerning this subject. Definite recommendations will be brought at such time as the Committee feels that concrete and specific action may be taken.

4. The report of representatives to the North American Area of the World Alliance of Reformed Churches concerning the overture referred to them by the 1962 General

Assembly was to be made through the Permanent Committee on Inter-Church Relations and is appended hereto (see Appendix 4.).

Respectfully submitted,

JOHN A. FULTON, *Chairman*
Permanent Committee on Inter-Church Relations

Appendix 2

The Alliance of the Reformed Churches Throughout the World Holding the Presbyterian Order

Report of the General Secretary to the Member Churches for the year 1962

1962 was a notable year in several respects. In the first place, there was the success-

ful organization of the *Consultation of Reformed and Presbyterian Churches* in *West Africa*, which took place at University College, Ibadan, in Nigeria from August 18th to 26th. This conference, in which delegates from 15 Churches, 5 Christian Councils along with representatives of various Ecumenical bodies and Mission Boards took part, dealt with the subject: *The Mission of the Church in West Africa Today.* The findings of the 5 Study Groups were passed on to the participant Churches and have been studied closely by many of them. In addition to this, many personal contacts were established and we know that fruitful relationships have already developed between many of the Churches participating in the Ibadan Consultation. We would again express our thanks to the Presbyterian Church of Nigeria, and to the University of Ibadan for the cordial welcome they extended to us, and to the Mission Boards for their financial help.

The Ibadan Consultation was followed by the annual *meeting of the Executive of the Alliance* which also took place at the University of Ibadan, from August 26th to 30th. This first meeting of the Executive on African soil enabled the members to take fuller account of the many problems confronting the young Churches today.

The year 1962 was also noteworthy in a quite different area. The Executive Committee decided to nominate *three delegated observers from the World Alliance of Reformed Churches to the Second Vatican Council* which opened in Rome on October 11th. These were: Pastor Hebert Roux of Paris, the Rev. Douglas W. D. Shaw of Edinburgh, and Professor James H. Nichols of Princeton, U.S.A. In addition to these, Professor Vittorio Subilia, Dean of the Waldensian Faculty of Theology in Rome, has served as substitute observer when necessary. It is of some interest to recall the precise terms of the Executive Committee's appointment of these observers:

"1. The primary purpose of the Alliance in sending observers is to have direct information about the work of the Second Vatican Council.

"2. The observers appointed by the Alliance will not have authority to speak officially for the Alliance or its member Churches or to engage in any negotiations on behalf of the Alliance or its Churches but may informally give explanations of Reformed doctrine and practice as it may bear upon the questions being discussed in the Council."

We have good reason to be pleased with the decision of the Executive Committee. The observers have sent us reports which give us a better understanding of present-day Roman Catholicism. Moreover, they have been able to have many contacts with the Council fathers. It is our hope that these contacts may not be unfruitful in the coming days.

Clearly, a dialogue has now begun between the Roman Church and the Churches of the Reformation and we are confident that the member Churches of the Alliance will wish to participate in this dialogue. This will only be possible, however, if we have a real understanding of present-day Catholicism with its often conflicting tendencies. With a view to closer study of these problems, *the European Area appointed in 1962 a Committee of five members to review the problems which Roman Catholicism presents to our Churches.* This Committee, under the chairmanship of Pastor Hebert Roux, held its first meeting in Rome in November. While we must have an open spirit in relation to the Roman Church, it is also necessary to guard against a certain sentimentalism, very prevalent just now, which tends to think that the major problems have already been solved and that the reunion of Christendom can be achieved without much difficulty in the near future. The fundamental issues which divide the Roman Church from the Churches of the Reformation remain unresolved; indeed in some respects the separation is even greater now than it was at the Reformation. We hope nevertheless that in the new climate prevailing today it will be possible for the representatives of our Churches, when they meet with the Roman theologians, to discuss the many points which still deeply divide us with greater serenity.

We do not forget that even today, despite certain Catholic pronouncements, many Protestant Churches, some of them members of the Alliance, still suffer from Catholic intolerance and in no sense yet enjoy real religious liberty. Certainly no genuine progress can be made in the field of inter-confessional relationships until the Roman Church unequivocally accepts the principle of religious liberty for all minorities.

The second session of the Vatican Council will open on September 8th, 1963. It is the intention of the World Alliance of Reformed Churches to be represented again by three delegated observers at this second session. We pray that God may send His Spirit

abundantly upon the Council so that the Roman Church may undertake the reformation needed, which many of its members desire.

In my 1961 report, I stressed the importance of *ecumenical problems*. These problems have continued to play an important role in 1962. They have not been confined to relations between the Roman Catholic Church and the Churches of the Reformation.

At its meeting in Rotterdam in July, 1962, the *International Congregation Council* passed the following resolution:

"That this Assembly of the International Congregational Council hears with gratitude of the relationship already established with the World Alliance of Reformed Churches and the joint studies that have been initiated. It gives its unqualified approval to the continuance of such studies in the furtherance of mutual understanding between the Council and the Alliance, and it prays for the blessing of God upon the Assembly of the Alliance to be held in Frankfurt in 1964."

The Executive Committee then passed a resolution from which we quote the essential passages:

"The Executive Committee of the Alliance has heard with warm appreciation the resolution adopted and addressed to the Alliance by the Assembly of the International Congregational Council at Rotterdam.

It responds with assurances of equally warm sentiments cherished toward our fellow-Christians in the Congregational family throughout the world. The Alliance bears in mind that the Reformed and Presbyterian Family of Churches on the one hand, and the Congregational family on the other, have enough in common amply to encourage a continuing cultivation of closer relations . . ."

"For the fellowship and consultation we have enjoyed we are grateful. We hold ourselves ready to resume exploration of the will of God for us in relation to each other along lines which the consultations at Mansfield College and at Sevres have so richly opened up to us."

Since then, the General Secretaries of the two organizations have been in close consultation and it is hoped that increasing cooperation will be possible between the International Congregational Council and the World Alliance of Reformed Churches.

Relations between *Lutherans and Reformed* were also taken a step further in 1962 and in this too we rejoice. There too, place in New York on February 16th and 17th the first meeting of North American Lutheran and Reformed theologians. This meeting marks the beginning of serious conversations between the theologians of the two confessions. The initiative for the meeting was taken by the North American Area of the Alliance. Eight Lutheran and eight Reformed representatives took part and it is interesting to note that, in addition to the member Churches of the Alliance, the Christian Reformed Church and the Orthodox Presbyterian Church are also participating in these conversations, while, on the Lutheran side, the Lutheran Church, Missouri Synod, is joining in along with representatives of the member Churches of the Lutheran World Federation.

We are also pleased to report that, under the auspices of the World Council of Churches, and with the joint collaboration of the World Presbyterian Alliance and the Lutheran World Federation, the meetings of European Lutheran and Reformed theologians will be resumed in 1963, with a meeting at the Ecumenical Institute at Bosey on March 15th to 18th.

It is also important to refer in this context of ecumenical relations to the meetings of the secretaries of *world confessional bodies* which was held in Geneva on April 3rd and 4th, 1962. It was at this meeting that agreement was reached in principle by the world confessional bodies to send observers to the Second Vatican Council. The meeting also discussed criticisms which had been directed against the world confessional bodies by the East Asia Christian Conference at Bangalore in November 1961. It was decided to arrange for 1963 a meeting of representatives of the world confessional bodies with representatives of the younger Churches and of the World Council of Churches. This meeting will take place, it is now hoped, in October in Geneva. We hope it will help to eliminate many misunderstandings and make it possible for the confessional bodies to play an increasingly useful role within the Ecumenical Movement. While there are areas in which we believe that these bodies should limit their activities, there are others, the theological field in particular, where they can render valuable service to their

member Churches, especially when many of these are examining the possibility of union with other Churches.

While on the subject of ecumenical problems, I would like to say how happy we have been to see the integration of the World Council of Churches with the International Missionary Council. The presence of a Division of World Mission and Evangelism at the headquarters of the World Council of Churches in Geneva has provided a forceful reminder of the importance of missionary problems and of the work of evangelism for the Christian Church. Our relations with this new Division have been most cordial, for since its foundation in 1875, the Alliance has always taken great interest in missionary problems as well as in the evangelistic work of its minority Churches.

Religious Liberty.

The Alliance cannot forget that in spite of the new spirit in the relationship between the various Churches, the problem of religious liberty is far from being settled. We have already referred to this in speaking of the Roman Church. It is sad to think that some other Churches still have no adequate understanding of minority Churches. At its August meeting in Ibadan, the Executive Committee had to deal with certain difficulties encountered by a congregation of the Greek Evangelical Church and its minister. This Church is very much in a minority position in relation to the large Orthodox Church of that country. The Executive Committee felt obliged to reaffirm the attitude of the Alliance and passed a resolution from which I quote the following extracts:

". . . We must register once again our hope that the great Orthodox and Roman segments of the Body of Christ will, in countries where they respectively hold a favored position, strengthen the cause of that religious freedom which they claim for themselves, by safeguarding its implementation with respect to minority evangelical Churches which also in accord with their distinctive understanding of God, seek to bear faithful witness to Him and to His Son, Jesus Christ.

"We recall that many of our member Churches have at one time or other felt the impact of new groups which have arisen in free response to the Gospel. At first these new groups served only to irritate us or our fathers, evoking a stiffened reaction to these groups. But as the years have passed we have seen that new groups thus arising have been instruments of God compelling us to reexamine our own doctrine and practice and often, as a result, to modify or rectify them in ways we now believe to be more in keeping with God's will for His Church. We believe that such reciprocal respect for one another, and the mutual defense of freedom for each and all, is a major guarantee of the health and renewal of every ecclesiastical family within the household of God."

19th General Council.

The 19th General Council which will be held in Frankfurt-on-Main from August 3rd to 13th, 1964, has naturally been very much in our thoughts and in our work in the course of 1962. The Executive Committee devoted a large portion of its time to it. At the end of September the invitations were sent out to all the member Churches of the World Presbyterian Alliance. If all the Churches send their full complement of delegates their representatives at Frankfurt will number close on 600. The main theme of the council "Come, Creator Spirit," will be studied in four sections:

COME, CREATOR SPIRIT!

1. *For the Remaking of Man* (the new life in Christ, nourished on the fruits of the Spirit; Holy Spirit and human spirit; the full scope of humanity in the light of Christian faith)
2. *For the Renewal of Worship and Witness* (the Holy Spirit given to every community of faith, enabling us to share all the means of grace in the inseparable acts of worship and witness; a fresh look at personal testimony, evangelism and social action)
3. *For the Calling of the Churches Together* (our responsibility under the "one Spirit" for the whole Church: in our relations with councils, in interconfessional conversation, in unity negotiations, and in the various relationships of local congregations)
4. *For the Redemption of the World* (the Spirit "poured out on all flesh"; the sacred and the secular; discerning the signs of God at work in history; reconstruction of society in a technological age; facing world-wide-revolution; openness to the world where we live).

Preparatory commissions have already been appointed and will start work from the beginning of this year.

The Executive Committee has given its blessing to the organization of a youth conference to take place in Germany immediately before the General Council and also to a meeting of Reformed theologians which will also be held in Germany just prior to the Council.

The Secretary of the Department of Theology is engaged in writing a preparatory study guide which will, we hope, be widely used in the congregations of our member Churches. We have already been encouraged by the fact that younger Churches especially in Africa, have placed large orders for copies of this study guide. It is certain that the Council will only be worthwhile to the extent that our member Churches and all their congregations take seriously the prayer "Come, Creator Spirit!" which is the theme of the conference. We pray that God may use the preparations for the Council to open each one of us to the action of His Holy Spirit and thereby to hasten the renewal of the Church.

In the course of this year member Churches will receive several communications about the Frankfurt Council. We count on their cooperation in replying to these quickly so as to facilitate the work of the organizers.

Presidential Visitation.

In the 1961 report, we referred to the fact that the President of the Alliance, the Rev. Dr. Ralph W. Lloyd, had undertaken to make a Presidential Visitation to the greater part of the member Churches of the Alliance. He carried out the visitation during the first six months of 1962, visiting in turn many of the Churches of Asia and Australasia and establishing close and living contact between the Alliance and its member Churches. I would like here, once again, to express to him our gratitude. That applies equally to the American Foundation which made this voyage possible.

Member Churches.

In the course of 1962, the Alliance lost one small member Church, the Reformed Presbyterian Church of Scotland. Although this Church consists of only a few congregations, we regret its decision to withdraw from membership of the Alliance and thus to lose a contact which we believe was enriching for it as well as for us.

On the other hand we had the joy of receiving two new member Churches in 1962, the African Reformed Church in Northern Rhodesia and the Evangelical Presbyterian Church in Ghana, which brings the number of Alliance members to 90. It is of interest to note that of these, 47 are younger Churches and only 43 older Churches, a fact that clearly indicates the world character of our organization.

Secretariat.

The work of the Secretariat has continued to develop in 1962, as is only to be expected in view of the fact that the number of our member Churches has almost doubled in the last fourteen years.

Being an international centre, Geneva is frequently visited by representatives of our churches and it is always a joy for us to have the opportunity of discussing with them problems in which we have a common interest.

The Calvin Auditorium, for which we have been responsible since its restoration in 1959, gives us a fair amount of work, and sometimes anxiety. But it is a great joy for us to see how many people visit it in the summer months and how it is used throughout the year for the work of the Reformed congregations of various languages.

The problems of Interchurch Aid also provide us with much work even though the Alliance is not directly involved in its administration. We are constantly in touch with member Churches who contribute this aid, and encourage them to earmark a portion of their gifts for the aid of minority Reformed Churches. At a time when large scale projects of a humanitarian character have been launched by many Reformed Churches, it is perhaps not out of place to remind ourselves that while it is essential to give bread the Christian Churches have also the duty of giving the bread of life, i.e. of preaching the gospel. This proclamation may be less spectacular than the reconstruction of a village destroyed by an earthquake, but it nonetheless remains an obligation of the whole Christian Church. If we believe that every man needs the gospel of salvation, if we believe that this gospel alone gives human life its meaning and value, we must do all in our power to see that it is proclaimed ever more faithfully throughout the world.

Interchurch Aid presents one delicate problem, which involves spiritual rather than

material aid, namely the assistance we give, in collaboration with several Reformed Churches in Europe, the Reformed Church of France in particular, to former Roman Catholic priests who have been drawn to the Gospel and turn to the Churches of the Reformation. Although they represent only a small proportion of those leaving the Roman Church we are often astonished by their number. We never encourage any priest to leave his Church, but when they come to us after having made a responsible decision on their own, we have an obligation to help them to rehabilitate themselves in an active Christian life. Some of them wish to resume the study of theology and to devote themselves to the work of the ministry, but the majority remain laymen. We would like to express our gratitude to those Churches which by their financial help enable us to perform this service.

In the course of 1962 the General Secretary has been able to visit a number of Churches. It was a special joy to him to be able to attend the General Assemblies of the Presbyterian Churches of Ghana and Mexico, as well as several European Assemblies. A visit to the Presbytery of Cuba was to have been made at the end of October, but had unfortunately to be postponed to this year, communications between Cuba and the neighboring countries having ceased during the crisis at that time.

Department of Theology.

The first secretary of this Department, Dr. Lewis S. Mudge, left us at the end of August to take up an appointment at Amherst College, Amherst, Mass., USA. During the last months of his work here in Geneva, he continued the study he had undertaken on catholicity. The results of his work are to appear in a book which is to be published early in 1963. His was a pioneer work and he had the satisfaction of leaving behind him here a Department fully in being and at work.

Since August we have had as a successor to Dr. Mudge, Dr. Terrence N. Tice, who set to work at once with great energy. During the past year the number of subscribers to the *Bulletin* of the Department of Theology has increased considerably, a result which gives us great satisfaction, since this *Bulletin* is becoming a more and more important medium for exchange of theological concerns around the world.

The Department of Theology is in touch with several Churches which have begun conversations with a view to union with other Churches. It is important here to stress that the Alliance, while not wishing to influence in any way the decisions which these Churches alone can make, is ready to help them to see more clearly the problems raised by particular union plans.

Dr. Tice is collaborating in the preparation for the meeting which is to take place in March, 1963, at the Ecumenical Institute at Bossey between representatives of the Lutheran and Reformed Churches. He has been invited to take part as a consultant in the Third Conference on "Faith and Order" at Montreal from July 15 to 26, 1963. But it is to the 19th General Council of the Alliance that Dr. Tice has for several months now devoted the major part of his time. He hopes to be able to organize several meetings in the United States and Canada on the theme of the 19th General Council during the weeks preceding the Montreal Conference.

Secretariat for Information.

Since the first of July, 1962, the Secretariat has had a full-time secretary, the Rev. A. David Lewis, a minister of the Presbyterian Church of England. In the first months of his activity here, Mr. Lewis has made contact with several Churches to discuss with them the problems of the Information Service.

We hope in the coming months to be able to begin a Bulletin of Information which will appear in English, German and French. The aim of the Bulletin will be to make better known the life and problems of the Reformed Churches. We believe that the Bulletin will be of particular value to our member Churches but for it to be so the close and constant cooperation of our member Churches will be needed, for it is only as we ourselves are kept well informed that we shall be able to provide an up-to-date and relevant information service to all our member Churches.

Reformed and Presbyterian World

The Associate Editor of THE REFORMED AND PRESBYTERIAN WORLD, the Rev. Niall D. Watson, has now become full-time minister of the Scots congregation in Geneva after having worked with us for six years. We have been loth to separate from a colleague, who, over and above his work for the quarterly of the Alliance, has

taken a constant and close interest in all the work of our organization and been a very loyal fellow-laborer.

Mr. Lewis has now taken on the work of Associate Editor.

The Alliance quarterly is printed in 11,000 copies, thanks to the bulk subscriptions which some of our member Churches take for their ministers. We should like to see other Churches following their example.

Department of Women's Work.

We are glad that the President of the Department of Women's Work, Mrs. A. Walton Litz, has been able to resume her work in the Department during this past year, after having to lay it aside in 1961 for health reasons. She was able to attend the Ibadan Consultation where she had the opportunity of making many useful contacts with the women delegates present.

This Department, too, is turning its attention to the Frankfurt Council. The Women's Organizations of several Churches have already decided to include in their programs the study of the preparatory guide for the 19th General Council. We hope that most Churches will be able to include women in their delegations, for the Department of Women's Work desires to help the women in our Churches to integrate themselves more fully in all aspects of the Church's work.

In the course of the year Mrs. Lloyd, who accompanied the President of the Alliance on his visitation, made many contacts with the women's organizations of our Churches. The same applies to Mrs. Whitelaw, the secretary of the Department for Asia and Australasia. We would like to thank them both for the work accomplished in the course of their journeys.

The Alliance and Youth.

Although there is no organized youth work within the Alliance, many young people wish to participate more actively in the life of our organization. During the meeting at Ibadan, the Executive Committee discussed several requests for the organization of a conference of young people in 1964. As we have already mentioned above we hope that this conference will take place before the Frankfurt Assembly.

Throughout 1962 the youth departments of the member Churches of the North American Area of the Alliance have been preparing for the North American Reformed and Presbyterian Youth Assembly which is to take place at the University of Purdue, Lafayette, Indiana, from July 19 to 25, 1963, taking as its theme the main theme of the Frankfurt Council, "Come, Creator Spirit!" Two thousand young people will participate in this Assembly which has been prepared in close collaboration with the World Presbyterian Alliance, and especially with its Department of Theology. Dr. Tice has prepared the Bible Study material and Dr. Mudge is to deliver a lecture each day on the Assembly theme.

Department of Finance.

The work of the leaders of this Department, though quite indispensable, is never spectacular. On their proposal, the Executive Committee at Ibadan approved, for *1962*, a revised budget for an expenditure of Sw.Fr. 229,600 ($53,645; L19,159) and, for *1963*, an expenditure of Sw-Fr. 250,800 ($58,598; L20,928). This budget has been drawn up with great care and includes nothing which is not absolutely indispensable. Other items might well have been added to the budget to enable us to discharge more effectively all the tasks which our Churches expect of us. We are sure that our Churches will appreciate this restraint and provide us with the necessary funds to carry out our normal work.

It is not yet possible to give a summary of the accounts for 1962. We shall do so later in the year following our practice in recent years.

Committees.

Special Committee on the Publication of Calvin's Sermons.

This committee did not meet in 1962, but a meeting is planed for June, 1963, in Geneva. The work of publication is proceeding smoothly. Professor Barrois of Princeton will soon have completed the task assigned to him (66 sermons on Isaiah 13-29). The Rev. T. H. L. Parker of England, Professor Nagy of Budapest, Professor Benoit of Strasbourg, Professor Dankbaar of Groningen, Professor Courvoisier of Geneva, and Professor Stauffer of Paris are all at work and report satisfactory progress. To all these we express the thanks of the Alliance for the work they have so readily undertaken.

Special Committee to supervise the translation of Calvin's Institutes into Portuguese.

After considerable delay due to external difficulties, the Committee has been able to take up its task energetically and Professor McCord has informed the Executive Committee that the translation will shortly be completed. We rejoice in this, believing as we do that the Churches of Brazil will benefit greatly as a result of this work.

Areas.

In 1962 the *North American Area* held its annual meeting in Atlantic City, New Jersey, from January 16-18. The Churches of the North American Area devoted part of their meeting to the problems of the Churches of the Caribbean area. Several of these Churches though coming within the geographical area known as Latin America, are in fact English-speaking Churches and it is only natural that the ties binding them to the Churches of North America should continue to be close. The Churches of Jamaica and Trinidad, moreover, are members of the North American Area and we know that the concern of the North American Churches extends to other Churches as well in particular those of British Guiana.

It may be mentioned here that the 1963 meeting of the North American Area, which will be held at Lancaster, Pa., from January 15-17, will be devoted to the commemoration of the 4th centenary of the Heidelberg Catechism, which has for centuries played an important role in the life of the Reformed Churches of European origin and still does.

The Theological Committee of the North American Area has published a new translation of the Heidelberg Catechism into English. Under its auspices, too, an English translation of a book by Andre Pery has just been published under the title "The Heidelberg Catechism; A Commentary for our Time." This Committee has, like the corresponding Theological Commission of the European Area, devoted much of its time to the preparation of the 19th General Council and will continue to do so in 1963.

In the course of 1962 the only meeting in the *European Area* was that of the Theological Commission at Oegstgeest in the Netherlands at the end of June. But we are hoping that the Area Administrative Committee will be able to meet at Debrecen in Hungary at the beginning of April. This meeting will coincide with the commemoration of the 4th centenary of the Heidelberg Catechism.

Latin America.

Although there has never been an organized Latin American Area in the Alliance, the Commission for Presbyterian Cooperation in Latin America tends increasingly to play the role of such an area. Under the vigorous leadership of its Executive Secretary, Pastor Gonzalo Castillo Cardenas of Bogota, this Commission is organizing a conference for December 1963 which will have as its theme "The Nature and Mission of the Church."

I would not wish to end this report without thanking all those who have helped by their constant cooperation during the past year. I am thinking especially of the President of the Alliance and the members of the Executive Committee, as well as of the chairmen and members of the various Departments and Committees of the Alliance. I would like to mention in particular Dr. McCord who, in addition to his work as North American Secretary and Chairman of the Department of Theology, has also agreed to become General Chairman of the Committee for Program and Arrangements for the 19th General Council of the World Presbyterian Alliance. We can count on him at all times and we would like to express to him our very special thanks.—I wish also to thank my colleagues and the secretaries of the Alliance who work with real joy in the service of our organization. Thanks to their spirit we form a real team and our work is thus made lighter.

Conclusion.

A few days ago we received a letter from a member of one of our Presbyterian Churches who reproached us—and most other Churches and Christian organizations—with too great a preoccupation with unimportant theological problems and a forgetfulness of the great problems with which Christians should be concerned today, such as the question of peace, the atomic bomb, etc. We certainly need to listen to such criticisms, but we believe we can truthfully say that we are not immersed in secondary problems. We know that theology has no meaning if it does not help the Churches and their members to live a more committed life in the service of Jesus Christ. Our concentration on the theme of renewal, which is at the heart of the work of preparation for the great Frankfurt Council, reminds us, however, that it is not by our own efforts but by the power of the Holy Spirit that we shall be enabled to be true witnesses. We pray God

that our Churches will not confine themselves to the study of the Holy Spirit but that, with deep faith, they may make their own the prayer "Come, Creator Spirit!" which is the theme of our Council, in order that the Reformed Churches, instead of boasting of a Reformation which took place in the 16th Century, may be truly renewed today. Then, and only then, will they be equipped to bear a living witness in the midst of our present world.

7. The President of the World Alliance, Dr. Ralph Waldo Lloyd, has returned in June, 1962 from his "Presidential Visitation" that brought him and Mrs. Lloyd to most of the Alliance's member Churches in Africa, Asia, Australasia, and Europe. He will give a detailed report of his journey to this Area Council.
8. Dr. Marcel Pradervand, the General Secretary of the World Alliance, visited the United States in the fall of 1962. He attended a Consultation on Mission of the Presbyterian Church, U.S., in Montreat, North Carolina, visited several churches and attended the General Assembly of the Presbyterian Church in Mexico. It was his intention to visit our brethren in Cuba, but due to the Cuban crisis he was not able to go there.
9. The World Alliance has sent three official observers to the first session of the Second Vatican Council in Rome, the Reverend Douglas W. D. Shaw of Scotland, Pastor Héberet Roux of France, and Professor James Hastings Nichols of the United States of America. The American delegated observer to the second session of the Vatican Council, to be convened next fall, will be Professor Robert McAfee Brown of Stanford University.
10. On February 16 and 17, 1962, the first in a series of theological conversations between Lutheran and Reformed Churchmen was held in New York. Chairman of the Reformed delegation is Professor George S. Hendry and chairman of the Lutheran delegation is President Conrad Bergendoff. The next meeting of the group is scheduled for Chicago, Illinois, in the spring of 1963.
11. A new translation of the Heidelberg Catechism into English has been completed by Professors Allen O. Miller and M. Eugene Osterhaven, and the translation and publication of André Péry's "The Heidelberg Catechism; A Commentary for Our Time" has also been completed. Both Professors Miller and Osterhaven deserve the warm thanks of the North American Area for their excellent work.

Appendix 4

Report of Representatives to the North American Area of the World Alliance of Reformed Churches Concerning the Overture Referred to them by the 1962 General Assembly:

Your representatives in two meetings discussed thoroughly Overture 15 sent by the Presbytery of Southwest Oklahoma to the 1962 General Assembly requesting our General Assembly to seize the initiative in seeking organizational and operational unity of the great Reformed family in North America. We discovered at the North American Area meeting that a new committee of the Area was being recommended by the Area's Administrative Committee. This new committee would be titled "The Committee on Cultivation of Churches" and conceivably would have concerns in the area dealt with in the overture our Assembly had referred to us.

After consulting about this with some of the officers of the North American Area, the U. S. representatives present submitted the following resolution which the North American Area Council received and referred to its new Committee on cultivation of Churches:

"Whereas, the General Assembly of the Presbyterian Church in the United States referred to its representatives in the North American Area Council an overture from one of our presbyteries asking our General Assembly to 'seize the initiative' in movement toward more effective action in common witness among Reformed and Presbyterian churches;

"And whereas, the representatives of the Presbyterian Church in the United States feel the Alliance provides the appropriate point for such action;

"And, whereas, we rejoice in the North American Area's erection of its new 'Committee on Cultivation of Churches' and note especially its instruction '. . . to assure concrete leadership in making the Reformed witness in the ecumenical movement';

"Therefore, we would place before this committee the concern here expressed in the hope that it might report to the next meeting of the North American Area concrete suggestions as to how the member churches may move toward more effective action in common witness."

In the light of the above, We Recommend that the General Assembly answer the overture to the 1962 Assembly from the Presbytery of Southwest Oklahoma (Minutes, 1962, page 73) by pointing to the step taken by the North American Area Council of the World Alliance of Reformed Churches in erecting its Committee on Cultivation of Churches, and by expressing the Assembly's readiness to participate when the opportunity is presented by the Alliance.

Appendix 5

Report of Meeting of Central Committee of World Council of Churches August, 1962

The Central Committee held a full ten-day meeting with complete review of all departments of the World Council.

Our General Assembly's attention needs to be called again to two major areas in the work of the World Council which involve our Board of World Missions. First, the new Division of World Mission and Evangelism which resulted from the merger of the International Missionary Council with the WCC. Under the leadership of Bishop Newbigin the work of the new department has been well begun. Its initial report to the

Central Committee gives indication of enlarged concern by the WCC for the mission of the Church as well as for Christian unity. A statement concerning the major task of the Division of World Mission and Evangelism was received by the Central Committee and called to the attention of member Churches with the request that they interpret the substance of it in the conception of mission applied in it to their congregations. Since our Board of World Missions is the responsible participant of our Church in this department, this paper and the matters in it should become the responsibility of that Board (see "Minutes and Reports of the Sixteenth Meeting of the Central Committee of the World Council of Churches, Paris, France, August 7-16, 1962," pages 19-20, 87 ff.).

Second, the work of the Division of Interchurch Aid, Refugee and World Service, to which our Board of World Missions is related through its department of Overseas Relief and Interchurch Aid. Particular attention was called by the World Council's Division's contribution in assisting the members of churches in newly independent territories and nation-building, to the need for maintaining the service program, to the scholarship and loan fund program, to the urgency of the migration program, to the work of the Division's newly-formed "Committee on Specialized Assistance for Social Projects."

The Central Committee decided to send observers to the Vatican Council so that the World Council may be apprised of the developments there. With very few exceptions the member Churches of the World Council have observation of the Vatican Council only through their participation in the World Council.

The 1963 meeting of the Central Committee will be in the United States at Rochester, New York. The major Conference on Faith and Order will be held in Montreal in the summer of 1963.

GENERAL REPORT OF THE AMERICAN BIBLE SOCIETY 1962

"The unfinished task of the church is to enable all men everywhere to hear and read the wonderful words of God in their own tongues. The Bible may go where men cannot go, and may stay when men are forced to leave. The strategy of world evangelism in our day must use the written Word to make known the Living Word. In this time of crisis, the God of truth calls us to make certain that providing the Word of Truth to all the world will not be 'too little and too late' "—

From the Report of the 1962 Advisory Council

In 1962 some of the most important advances in the entire Christian world mission were made by your Bible Society. This condensed report focuses upon some of the outstanding achievements of the year.

Scripture Distribution Rises to New Record High

The rising worldwide demand for the Holy Scriptures in the languages of the people is dramatically revealed in the number of Bibles, New Testaments, Gospel Portions, and Scripture Selections distributed around the globe in 1962, by the American Bible Society, a remarkable total of 31,523,455 copies. These figures reflect an increase of 7,340,431 volumes over the previous record year, 1961.

The Bible Society Abroad

In 1962 missions and churches overseas called upon the Bible Society for an increase of 48.3% in the number of Scripture volumes required for their work and witness. A total of 17,032,704 copies of Scripture were distributed by the American Bible Society in more than 100 countries, in over 300 languages.

The largest demands came from the rapidly growing Evangelical churches of Latin America, where the Society circulated 10,666,710 Scripture volumes in 1962, a distribution growth of 67.2% or 4,289,975 copies over the previous year. Brazil reports an increase of 2,893,713 volumes for the year, accounting for a total of 4,489,025 copies, and the figures for Argentina show a rise of 960,980 Scriptures, or a total of 3,003,260 volumes.

The evangelistic distribution of the Scriptures has been greatly stimulated throughout Latin America, and in Puerto Rico, Colombia, and Venezuela in particular, by a program of the American Bible Society called "The Penzotti Institute." This program recruits and trains Christian laymen, in evening courses, to visit each home in the community with a "testimony and a Testament." More appeals for such campaigns are being received than can possibly be met in the next two years.

Similar large demands are coming from Asia and Africa where the Scriptures are being used more than ever with new effectiveness. A total of more than 10 million Bibles, New Testaments, Gospel Portions and Scripture Selections were required in Asia in 1962.

India and Ceylon led the countries of Asia with a circulation of 3,609,933 copies. The Bible Society of India and Ceylon is aided by the Special Opportunities Fund of the American Bible Society, which last year provided 2 new Bible Vans, made possible some local production of Bibles, and supplied Scriptures for extensive distribution projects.

In Africa the volume of Scripture distribution rose 66% during the year. Some part or all of the Bible has now been translated into 401 African languages, and publication of Scriptures in several additional languages will be produced as soon as possible. Of prime importance is the production of the New Testament in Uduk (Sudan). Twelve thousand dollars is needed for composition and printing of this edition.

The huge increase in the distribution of the Scriptures overseas is reflected in rises in circulation across the entire range of Bible Society publications, including Bibles, New Testaments, Gospel Portions and Scripture Selections. The number of complete Bibles distributed grew more than 20%, while the wider use of individual books in public witness and personal evangelism is indicated by a rise of about 60% in the volume of Gospel Portions circulated.

In the Society's budget for 1963 the largest single increase ($292,429) is for the distribution of the Scriptures overseas. This is due mainly to the following factors:

1. American Bible Society participation in new Joint Agencies throughout the world.
2. The necessity for "protective" inventories in areas of impending crisis.
3. Unusual emergency requirements for printing presses.
4. Increasing circulation of Scriptures through more vigorous outpush by overseas staff.
5. Increasing cost of materials and personnel.

The Bible Society at Work in the U.S.A.

The need for the work of the American Bible Society on the home front is underscored by the fact that one of every 9 people in the United States is a "language" person who does not know Christ as Savior, one of each of the remaining 8 is destitute or in a hospital or other institution, 2 of the remaining 7 profess no connection with any church, while 2 of the remaining 5 are in no way closely tied to a local church.

The Bible Society circulated a total of 14,590,751 copies of the Scriptures in the United States in 1962, including 537,060 Bibles, 1,206,145 Testaments, 4,276,500 Portions, and 8,571,046 Scripture Selections such as "the Christian Message," "the Easter Story" and "the Sermon on the Mount." The use of small Portions of the Bible and Scripture Selections is a proven method of introducing large numbers of people to the content of the Bible, and of attracting persons who are disinclined to read or possess an entire Bible or Testament.

Among the channels through which Scriptures reached those in need of them were:

Hospitals
Nursing homes
Children's homes
Rest homes and homes for the aged
Veterans' hospitals
Prisons and jails
State schools
Correctional institutions
Waterfront ministries
National Parks Ministry
Institutional Chaplains
Military Chaplains
Rescue Missions
Mission churches and Sunday schools
Inner city projects
Cuban refugees
Migrant workers
Indian Americans

Innumerable families and churches participated in "the Nationwide Reading of the Christmas Message" and hundreds of institutions, hotels, and motels received copies of the Christmas Scripture Selection.

Several American denominations were supplied with specially-imprinted Gospels for extensive visitation and evangelistic programs and foreign-language Scripture Portions were provided for a number of Billy Graham campaigns.

In 1962 the American Bible Society supplied the armed forces of the United States with 977,723 volumes of Scripture free of charge. This total includes 58,325 Bibles, 270,673 New Testaments, and 693,725 Scipture Portions. The requests of the military chaplains for Scriptures continues to exceed the ability of the Society to provide them, due to budget limitations.

The Bible Society is now in its 128th year of service to the blind. Last year 53,655 Braille volumes and Talking Book records were distributed in more than 40 languages and systems and both "the Christmas Message" and the Worldwide Bible Reading Schedule were circulated in Braille in 1962.

Bible Translation and Publication

Each year the Bible Society publishes Scriptures in some languages in which no part of the Bible has previously appeared. During 1962 the Society produced the first Scriptures in six languages of Latin America and the Philippines. In addition, sixty-one other new publications, in as many different languages, were produced by the American Bible Society last year, including 54 Scripture Portions, 6 New Testaments, and 1 Complete Bible.

Missionary translators and translating committees are assisted by Bible Society linguists and experts by consultation on the field, and in Society-sponsored translators' workshops, as well as by regularly published helps. The Society is engaged in a greatly accelerated program of Scripture translation and revision which is providing the Biblical text in the contemporary speech of more and more people throughout the world.

New Formats for a New Age

The Bible Society has found that new cover designs, new colors, new titles (usually taken from the Scriptures themselves), are of great assistance, particularly in overseas areas, in achieving a wider distribution of the Scriptures. We are now engaged in the production of Bible books and Portions in radically new formats designed to attract disinterested readers. This includes the use of new type faces, illustrative materials and new shapes and sizes.

We are in the first stages of a program to prepare "literacy Scriptures" for the millions of people now learning to read. These will be scientifically designed and illustrated to meet the special requirements of the new literate.

The Support of the Churches

The American Bible Society is deeply appreciative of the strong support received from the Presbyterian Church in the U.S. which in 1962 amounted to $47,888.03. We are pleased to report that the Churches of the United States gave $1,191,233.11 in 1962 for the worldwide translation, publication and distribution of the Bible through the American Bible Society. This is an increase of $125,583.12 over the giving of the previous year. Although this amount represents a very small proportion of total contributions for all church work, local and abroad, (2¾ billion) it does reflect a growing interest on the part of the leadership of the churches in making the Bible available to all men, and in using its power to spread the Good News of Christ.

REPORT OF THE PERMANENT JUDICIAL COMMISSION

The Permanent Judicial Commission has met and organized with Dean John W. Wade, Chairman, Rev. Harold J. Dudley, Vice-Chairman, and William F. Winter, Secretary. We report as follows:

I. Matters requiring interpretation of the Book of Church Order.

A. This Commission recommends to the General Assembly in response to the overture of the Presbytery of Red River that Section 27-5(1) of the Book of Church Order be interpreted to require that a presbytery regard as an extraordinary candidate any candidate presenting as an academic qualification a certificate which omits

the required language studies. We believe this to be the clear intent of this Section and also to be the uniform practice of the presbyteries.
(See Handbook, Overture 27.)

B. This Commission recommends that the General Assembly answer the reference of the Presbytery of Kanawha as follows: A presbytery, to facilitate the discharge of its responsibility of examining a Minister or a candidate, as required by Sections 16-5 or 27-5 of the Book of Church Order, may instruct a committee to conduct a preliminary examination and make a report which shall not take the place of an examination by the presbytery itself. The length and detail of the presbytery's examination may be affected by such committee report.
(See Handbook, Reference 29.)

C. This Commission recommends to the General Assembly that the overture of the Presbytery of Appomattox be answered as follows: Section 15-6(5) of the Book of Church Order must be interpreted in the light of Section 8-4.
(See Handbook, Overture 23.)

II. Matters asking amendment of the Constitution.

A. This Commission recommends to the General Assembly that the overture of the Presbytery of Atlanta be answered in the negative for the following reasons:
(1) These provisions having been so recently adopted, this Commission feels that it would be premature to make any changes until and unless further experience indicates that such changes are necessary.
(2) The value to be derived from the present requirement outweighs the advantage to be derived from a change and the possible hardship that may result in an individual case.
(See Handbook, Overture 26.)

B. This Commission recommends to the General Assembly that the overture of the Presbytery of Norfolk concerning proposed Section 202-1 of the Book of Church Order be answered by instructing the Assembly's Stated Clerk, in editing for publication, to change the words "as becometh Christians" of Section 208-1 to "in a manner becoming to Christians."
(See Handbook, Overture 28.)

C. The General Assembly of 1962 having instructed the Commission to prepare the amendments necessary in the Book of Church Order so that women may become ordained officers in the Presbyterian Church in the United States, the Commission submits the following two amendments:
(1) That Section 9-2 of the Book of Church Order be amended by adding the following sentence: "Both men and women shall be eligible to hold Church offices."
(2) That Section 12-7 of the Book of Church Order be amended by substituting for the word "women" the word "persons."
Should these amendments be enacted, the Commission recommends that the General Assembly interpret their effect to be that whenever in the Constitution the masculine term is used with reference to any Church office or officer, the term shall include the feminine as well.

III. No judicial cases have been referred to the Commission by the Stated Clerk as required by Section 20-2 of the Form of Government.

IV. To assure the best handling of requests for interpretation of the Book of Church Order and amendment to the Constiution, we recommend:
That Standing Rule 7.3 of the Standing Rules of the General Assembly be amended by striking out the present rule and substituting the following: "All overtures requiring reference to the Permanent Judicial Commission shall be delivered by February 1 to the Stated Clerk in order to be referred to the Commission. All other overtures shall be delivered by February 25 to the Stated Clerk in order to be included in the Handbook for the next meeting of the General Assembly, with indication of the Standing Committee reference to be suggested. No overture requiring reference to the Permanent Judicial Commission received by the Stated Clerk after Feb. 1 shall be refined to or considered by the General Assembly convening in that year. No other overture received by the Stated Clerk less than two weeks before the opening of the General Assembly's meting shall be referred to or considered by the General Assembly convening in that year."

V. The Commission would express its opinion that revision and republication of the "Assembly's Digest" by the Stated Clerk is desirable. The Commission is also of the opinion that a need exists for the preparation of a topical handbook on the use of the Book of Church Order in Sessions and congregations. This opinion we would call to the attention of the Permanent Committee on Assembly Operation and the Stated Clerk.

Respectfully submitted,

JOHN W. WADE, *Chairman*
WILLIAM F. WINTER, *Secretary*

SUPPLEMENTARY REPORT OF THE PERMANENT JUDICIAL COMMISSION

Since the annual meeting of the Permanent Judicial Commission in Atlanta on February 1, 1963, and the preparation of the formal report, the Stated Clerk of the General Assembly has received five additional overtures which he has mailed to the several members of the Judicial Commission. The members of the Commission have conferred by correspondence and offer the following supplementary report.

As for an overture of the Presbytery of Central Texas regarding the pending amendment to Section 29-11 of the Book of Church Order to permit an inactive Elder to represent his church in a higher court, the Commission recommends to the General Assembly that it declare its interpretation that such amendment of Secion 29-11 if adopted should have the effect of modifying by implication Section 15-6(15) so that it would no longer require that selection of a representative to Presbytery or Synod be confined to the Ruling Elders who are active.

The other four overtures are as follows:

Overture 1:

(1) From the Presbytery of Abingdon: Amend the Book of Church Order and the Confession of Faith to permit Ruling Elders to administer the Sacraments.

Overture 22:

(2) From the Presbytery of Central Texas: Amend Section 15-1 of the Book of Church Order to clarify the position of inactive Elders.

Overture 24:

(3) From the Presbytery of Abingdon: Appoint a Committee to study and clarify the system of rotating Elders.

Overture 38:

(4) From the Presbytery of the Everglades: Interpret Sections 27-5, 27-6, and 202-6 of the Book of Church Order regarding ordination of Ministers.

As to all of these, the Commission requests that they be recommitted to it for its future consideration and report to the next succeeding meeting of the General Assembly. Because of some initial differences of viewpoint regarding some of the overtures and the complexity and importance of others, the Commission feels that it should have an opportunity to meet and discuss the issues in person before making formal report.

No one of the overtures is believed to involve a matter of such immediate and pressing significance as to make necessary a special meeting of the Commission prior to the 1963 meeting of the General Assembly. The Commission itself would be ready to serve as the committee requested by the overture from Abingdon (numbered 3 above). If these matters are recommitted to it, the Commission requests authority to confer and advise with existing committees of the General Assembly.

The Permanent Judicial Commission concludes this supplemental report by calling attention to the fact that if Recommendation No. IV of its formal report is adopted by the General Assembly there will be no future need for the Commission to prepare a supplementary report on overtures which are received after the formal report is prepared.

MODERATOR'S REPORT TO THE 1963 GENERAL ASSEMBLY

Fathers and Brethren,

One does not deserve, and could never earn, the privilege of being Moderator of the General Assembly of the Presbyterian Church, U.S. This honor is the generous gift of a gracious Church to the one it selects for this high office. For this reason mere words do not express my gratitude for the privilege of serving you these past twelve months. I must admit I have never so completely felt my inadequacy. The forebearance of the last General Assembly, and the generosity of our Ministry and laity have put me deeply in your debt and I shall ever be grateful to God for this the most memorable year of my life.

To the Stated Clerk, and to the Secretaries of our Boards and Agencies, I am indebted for their graciousness and cooperation. No Church is richer in the quality of its official staffs than ours, and I commend them to you for your continuing prayers and your warm cooperation.

I am conscious also of the fact that I am not able in this report to measure up to my predecessors in picturing to you with complete accuracy or reliability the state of the Church as I find it today. Therefore I shall do no more than share some observations that have thrust themselves upon me for whatever they may be worth in terms of encouragement, concerns and challenges.

Encouragements

1. The general attitude of our Church appears to be exceedingly wholesome as it relates to the Agencies of our General Assembly. Having served as a Board Secretary for thirty-two years, I think I would recognize an undertone of dissatisfaction if I saw one. I have spoken 69 times in 57 communities within the bounds of 15 Synods and 31 Presbyteries, and in only one small area did I sense any real unhappiness with things as they are. Generally throughout the Assembly I found a higher degree of loyalty to and understanding of our Church and its problems than I have ever heretofore witnessed.

2. The response of our churches to the Presbyterian Development Fund speaks eloquently of their interest in Assembly affairs. Last fall I was concerned because our congregations appeared so unprepared for what was to be presented to them. Obviously I was not aware of the splendid ground work already done, or how well our leadership had laid their plans. I have tremendous pride in my Church as I see the magnificent response that has come in recent months to this effort, and I have every confidence in its

ultimate success. Only a Church wisely led, deeply loyal to its task, and spiritually prepared to move forward unitedly could do so much so quickly and with such apparent satisfaction to all concerned.

3. Our Church's reaction to the Consultation on World Missions last fall has been exceedingly encouraging. Many at first seemed puzzled as to what it was all about. However, the publicizing of the growing problems of the Board of World Missions on the foreign fields has resulted in a better understanding of that Board's needs, and I am confident will result in more confidence in, and increasing support of, World Missions in the days ahead.

4. The Church's apparent readiness to receive and adopt the new Covenant Life Curriculum amazes me, and the degree of enthusiasm engendered locally has gone far beyond my expectations. Never have I seen our local churches better prepared and more completely ready for a major change that will effect every phase of their church activities.

Credit for this goes not to the Board of Christian Education alone but to a large number of leaders in Synods and Presbyteries who have given generously of their time and effort to the difficult task of interpretation.

Concerns

1. In spite of progress in recent years, too many laymen still appear to have joined the "reserves" rather than the "active forces" of our Church. While quite active in community organizations, many are not at all active in church affairs. To all intents and purposes they are in "mothballs" insofar as the Church is concerned. I cannot help feeling part of the reason may be that many Ministers and Sessions have not yet learned how to train and use men in the local church. This may be worthy of prayerful consideration on the part of local pastors and those responsible for training Ministers to serve local churches effectively.

2. The concern just mentioned is closely related to the chronic inactivity of a large number of ordained church officers. To one who has been an Elder for forty years it appears that many Elders have never yet fully accepted Section 11-4 of Chapter 11 of the Book of Church Order as an actual description of what the Presbyterian Church has called and ordained Elders to do for the glory of God. I have a growing feeling, also, that here lies part of the answer to the problems of lagging evangelistic effort and overworked Ministry. We have enough ordained men to do any job the Church wants done, in some churches far more than necessary. But somehow we have not gotten our ordained manpower and the jobs to be done properly together. Could it be that Ministers are too willing to do the work of Ruling Elders themselves instead of concentrating on the essential services that only a Teaching Elder is trained to do?

3. I am genuinely disturbed that our Church papers are not more widely distributed and read throughout our Assembly, and are not too generally regarded as essential instruments for good public relations for our Boards in their efforts to develop Church loyalty and Church support. Whatever help can be given them to improve their usefulness to the Church as a whole will not only increase their circulation but will also make them more essential as instruments for the spiritual development of local congregations. It may be that opening all regular Board and Agency meetings to the editors of our Church papers and encouraging them to attend, would be a first step in helping them to see and understand fully the plans and problems of our Boards. Governmental agencies have found by experience that the presence of the press in official meetings has gone far toward avoiding misunderstandings both on the part of the press itself and on the part of the public. It is true that in government the press sometimes abuses this privilege, but that I believe would not be a problem in our Church. Anything that ties our Church papers more closely into the life stream of our Assembly's work will not only cement their relationship to our Assembly Agencies but will also make them indispensable channels of information to our Presbyterian constituency.

4. I find our churches properly concerned over the slowing up of church growth in relation to population growth. Some refer to this as the "evangelistic lag." Yet one cannot but be impressed with the tremendous expansion of church facilities over the Assembly. This must not be discounted too much, for these buildings are being expanded to serve more people. In some cases it might appear more people could be served at a much less investment, and the phrase on the cornerstone—"to the glory of God"—might

well be expanded to include—"and the pride of the local congregation." Nevertheless, I confidently feel that this strengthening of our base of operations is thoroughly sound, and that constructive results can be produced provided we are able to enlist more church officers actively in the local church program, and get more laymen off the "reserve" list.

5. I have been amazed to discover many Presbyterian Church members, including Elders and Deacons, have formerly been active in other denominations, some even having served as Episcopal Vestrymen, Methodist Stewards, and Baptist Deacons. There is a shifting from Church to Church today that was not true thirty years ago. Some upon moving to new communities select their church on the basis of the quality of preaching, convenience of location, educational equipment, personal friendships, and, on occasion, social prestige. This tends at once to lessen the sense of loyalty to a particular denomination, and presents a problem of reorientation not recognized by every Pastor or Session. Here and yonder I have discovered a church that has recognized and dealt with this problem and has undertaken the task of making effective Presbyterians out of formerly loyal Baptists, Methodists, Episcopalians, and the rest. If there is a conspicuous lack of interest in Presbyterian activities in some of our fast-growing areas, it might be that a suitable approach to this problem by the proper agencies might enlist some of our inactive reserves and bring them back into active service.

Challenges

1. Our Presbyterian Church, U.S., is not the largest nor the most conservative, nor the most liberal of American denominations, but it does have a record of generosity that is the envy of many. Our constituency largely represents the middle and upper-middle levels educationally, economically and politically, and out of our Church should come a disproportionate share of the South's leadership in the days ahead. We must, therefore, accept the accompanying responsibility for training our people for Christian leadership in each of these areas of life in the South. While emphasizing the things of the spirit, we must keep in mind that we are not developing spirituality in a vacuum. Never was there such a crying need of dedicated and vocal Presbyterian leaders in government service in our States and municipalities as at this moment. Not until we can demonstrate that Presbyterians have more than a general Christian concern in public affairs will we be living up to our Reformed tradition, or helping our States and communities to make Christian democracy come alive in the South again. We as Presbyterians must again set ourselves up as models of law-abiding Christian citizenship wherever God in His providence has placed us.

2. The time has come when we must prepare ourselves mentally, emotionally, and spiritually for the tearing down of the fences that have shut us in for a century and have made us a regional Church. It would appear that the choice of the direction we shall go may be upon us sooner than we are prepared for. America's growth, and the swelling migration into the South, will not allow us to postpone the decision too long. It is fast becoming not a question of "whether," but "which." When the time comes that a decision must be made, that choice must not be wrought out of controversy, which leaves deep scars and a spirit of bitterness, but only after long and earnest prayer that we may be able to discern the unmistakable leading of the Holy Spirit in it all. Surely God has not led us to this place only to see us destroy ourselves through discord and useless divisions. When the test comes, may we be found living up to our heritage of loyalty and devotion which has characterized us for a century, fully ready and willing to follow His leading, and determined that our future shall be far greater than our past, and that the glory of God and the strengthening of His Kingdom shall be our only concern.

STANDING RULES OF THE GENERAL ASSEMBLY

SECTION I. THE WORK OF THE GENERAL ASSEMBLY DURING ITS MEETINGS

1. Organization of a General Assembly's Meeting

1.1 The General Assembly shall ordinarily meet on the fourth Thursday in April at 4:00 P.M. at a place selected by the Committee on Assembly Operation. The Committee shall select places in different parts of the Church when circumstances warrant. It is the intention of the General Assembly normally to meet at Montreat in any year after two successive meetings have been held elsewhere.

1.2 The Assembly shall be opened with a sermon by the retiring Moderator. The Lord's Supper shall be observed after the opening sermon. Appropriate services of worship shall begin each morning session.

1.3 After the Stated Clerk has presented the roll of commissioners and a quorum has been declared present, a Moderator shall be elected.

1.4 Nominations for Moderator shall be made. One nominating speech not exceeding ten minutes in length and one seconding speech not exceeding five minutes may be made for each commissioner nominated.

1.5 If more than one commissioner is nominated, election shall be by ballot on blank ballots prepared by the Stated Clerk. Tellers appointed by the Stated Clerk shall gather and count the ballots, and report the tabulation to the Stated Clerk. If no nominee receives a majority of the votes cast, a second ballot shall be called on the two nominees who received the highest number of votes. The Moderator shall declare an election when a nominee shall have received a majority of the votes cast by commissioners present and voting.

1.6 As soon as a Moderator is declared elected, he shall assume his constitutional duties.

2. The Moderator

2.1 As the presiding officer, the Moderator shall preside at all sessions except when he may invite another commissioner temporarily to occupy the chair. He may appoint such assistants as are needed to aid in preserving decorum on the floor and in adjoining halls and to serve in other ways during the meeting as requested by the Moderator.

2.2 The General Assembly approves the Moderator's undertaking itineraries between meetings of the Assembly for the purpose of bringing him before representative gatherings in the Synods and Presbyteries. The congregation or agency in which the Moderator serves is requested to allow him leave of absence totaling not more than three months. Provision for the expense of these itineraries, and for not more than $600 per month compensation for a substitute in the Moderator's regular work, shall be provided in the Assembly's Operating Expense Budget.

2.3 All invitations and arrangements for such itineraries shall be made through the Stated Clerk, who shall strive with the Moderator's approval to use the Moderator's time most economically and to the best interest of the entire Church.

2.4 The Moderator shall be Chairman of the Program and Worship Committees, and a member of the General Council and the Permanent Committee on Inter-Church Relations.

3. The Stated Clerk

3.1 As the continuing officer, the Stated Clerk shall be elected by the General Assembly for a term of three (3) years. The election shall be the first order on the morning of the third day of the meeting. The Permanent Committee on Assembly Operation shall nominate the Stated Clerk to the Assembly with the understanding that further nominations are in order.

3.2 The Stated Clerk shall perform the duties required by the Book of Church Order and by the Standing Rules of the General Assembly, and such other duties as are assigned by action of the Assembly. The Stated Clerk shall administer these duties under policies approved by the Permanent Committee on Assembly Operation.

3.2a The Stated Clerk shall have charge of all arrangements for the meeting and entertainment of the Assembly. (See also Rule 1.1.)

3.2b The Stated Clerk shall prepare and distribute to commissioners in advance of the meeting a handbook containing a proposed Docket, overtures, reports of ad interim committees, permanent committees and the agencies of the Church, and also such information as to the conduct of Assembly meetings as may be useful to the commissioners.

3.2c The Stated Clerk shall prepare the business coming before the Assembly and suggest the proper reference to standing committee or the time for consideration of such business.

3.2d The Stated Clerk shall keep the minutes of the Assembly, publish them annually with statistical reports of the Church and the reports of the agencies of the Assembly, and give certified extracts therefrom when the business of the Assembly requires.

3.2e The Stated Clerk shall receive the official correspondence of the Assembly and answer as instructed by the Assembly; shall be custodian of the official documents and records of the Assembly.

3.2f The Stated Clerk shall maintain and administer the Office of the General Assembly for the service of the court, its committees and its agencies, employing such staff as is necessary.

3.2g The Stated Clerk shall be also the Treasurer of the General Assembly and Treasurer for the General Fund and Inter-Church Agencies. He shall receive all funds, disburse them as ordered by the Assembly, and present full, audited financial statements annually to the Assembly.

3.2h The salaries of the Stated Clerk and all members of the staff in the Office of the General Assembly shall be determined by the Permanent Committee on Assembly Operation.

3.3 The Stated Clerk shall have the privilege of the floor in all matters pertaining to his office, and shall have the privilege of the floor to present necessary information on business before the meeting.

3.4 Should the office of Stated Clerk become vacant for any reason, the Permanent Committee on Assembly Operation shall nominate to the Moderator a person to serve as Acting Stated Clerk. The Moderator, after consideration of such nomination, shall appoint an Acting Stated Clerk to perform the duties of the Stated Clerk until a new Stated Clerk has been elected and begun service.

3.5 The Stated Clerk shall be an ex officio member of the Permanent Committee on Inter-Church Relations and shall serve as an advisory member of such other committees as the General Assembly may direct.

4. Operating Expense Budget

4.1 The Permanent Committee on Assembly Operation shall recommend to the Assembly through the Standing Committee on Assembly Operation a detailed Operating Expense Budget for the next calendar year based upon estimates of expense from the Treasurer of the General Assembly, and shall recommend a per capita base for assessments upon the Presbyteries sufficient to provide for the budget.

4.2 All requests for appropriation within the Operating Expense Budget shall be made to the Permanent Committee on Assembly Operation by its January meeting for inclusion in the current year's budget.

4.3 The adoption of the Operating Expense Budget shall carry the authority for payment by the Treasurer of all items in that budget.

4.4 All requests for appropriation from the Assembly's treasury not included in the Operating Expense Budget recommended by the Permanent Committee on Assembly Operation, whether on recommendation of ad interim, permanent or standing committees, or whether on motion from the floor, shall be referred to the Standing Committee on Assembly Operation. The Standing Committee on Assembly Operation shall not include such items in the budget it recommends unless assured that such expenditures can be made within the treasury's available funds.

4.5 That the Assembly may live within its income, the Permanent Committee on Assembly Operation may make adjustments among items of the year's budget already approved by the Assembly, provided that the total amount of the budget not be increased. The Permanent Committee shall see that a sufficient stabilization of program account is carried to provide for fluctuation in the Assembly's expense, and that a cumulative account is carried to provide for the expense of representatives to the assemblies and executive committees of the World Alliance of Reformed Churches, the World Council of Churches, and the National Council of Churches.

5. Expense of Assembly Meetings

5.1 The Assembly shall ordinarily provide the expense of its own entertainment.

5.2 Each commissioner shall be reimbursed for the following allowable expense items:

5.2a The lowest rail (with Pullman) or scheduled air line fare, round-trip by direct route.

5.2b Automobile travel at six (6) cents per mile by direct route for car owner; two (2) cents per mile payable to a commissioner riding with the owner, which payment the passenger shall transmit to the owner.

5.2c Necessary lodging and meals en route.

5.2d Cost of hotel (in double room) and breakfast during the meeting at rate set for commissioners.

5.2e Taxi fare and incidental transportation.

5.3 The Assembly shall provide for all commissioners luncheon, dinner and necessary transportation between hotel and place of meeting.

5.4 Reimbursement checks to the commissioners shall ordinarily be paid on the last day of the meeting. When a commissioner, in case of emergency, has presented to the Stated Clerk his request for permission to withdraw from the court and such permission has been granted, the Stated Clerk shall be authorized to draw a reimbursement check earlier than the ordinary time.

5.5 The expense of the chairman (or another member) of an ad interim or permanent committee in attending the meeting of the Assembly for the purpose of making report shall be paid by the Assembly when the committee by vote affirms the report of sufficient importance to require such attendance and so notifies the Stated Clerk.

6. The Program Committee and Worship Committee

6.1 The Program Committee shall consist of the Moderator, the Moderator of the preceding meeting, the Stated Clerk, and the pastor of the church entertaining the Assembly (or executive of a host institution).

6.2 All requests for conferences or other meetings anticipating attendance by commissioners, whether prior to the opening session or during hours when the court is recessed, must be presented to the Program Committee and approved by it.

6.3 Any inspirational programs or addresses must be approved by the Program Committee, and shall be docketed only in evening sessions except on Sunday.

6.4 The chief business of an Assembly meeting being the consideration of interests vital to the Assembly's growth and development, the Program Committee should not arrange for more than one speaker from any body not under the Assembly's control.

6.5 The Docket of the Assembly's business, prepared by the Stated Clerk, shall be approved by the Program Committee. The Docket shall be planned for three and one-half or four days, and shall be limited to four hours in a morning, four hours in an afternoon, and one and one-half hours in an evening. In ordinary cases the Stated Clerk shall be authorized to grant the request of a permanent committee or agency for a specific day or hour on the Docket.

6.6 The Worship Committee, composed of the Moderator, the Stated Clerk, and one other member appointed by the Moderator, shall be responsible for planning and directing the occasions of worship at the General Assembly's meeting.

7. Overtures

7.1 An overture is the request, ordinarily of a presbytery or a synod, for action by the General Assembly upon a specific matter.

7.2 Upon receipt, the Stated Clerk shall refer to the Permanent Judicial Commission all overtures requesting amendment of the Book of Church Order or interpretation thereof by the General Assembly.

7.3 All overtures requiring reference to the Permanent Judicial Commission shall be delivered by February 1 to the Stated Clerk in order to be referred to the Commission. All other overtures shall be delivered by February 25 to the Stated Clerk in order to be included in the Handbook for the next meeting of the General Assembly, with indication of the Standing Committee reference to be suggested. No Overture requiring reference to the Permanent Judicial Commission received by the Stated Clerk after February 1 shall be referred to or considered by the General Assembly convening in that year. No other overture received by the Stated Clerk less than two weeks before the opening of the General Assembly's meeting shall be referred to or considered by the General Assembly convening in that year.

7.4 No overture will be considered by the Assembly until it has first been presented to a presbytery or synod. If approved by the presbytery or synod, it will come before the Assembly as the overture of that presbytery or synod. An overture requested by a church member, a Teaching Elder, or Session, but rejected by the presbytery or synod, may be presented to the Assembly provided that the fact of its rejection by the presbytery or synod is clearly stated on the overture.

8. Communications

8.1 A communication to the General Assembly is formal correspondence received by the Stated Clerk from other Churches, from interchurch agencies and councils to which this Church is related, from committees and agencies of this Church on matters which

could not be included in regular reports, and from organized bodies outside the Church properly having business with the General Assembly.

8.2 The Stated Clerk shall, as early as practicable in the sessions, present such communications with suggestion of reference to appropriate standing or special committees.

8.3 Ordinarily communications from individuals shall not be received by the General Assembly or referred to standing committees unless from persons who have no other access to the Assembly.

9. Reports to the General Assembly

9.1 All agencies, permanent committees and ad interim committees shall make annual reports which shall be in the hands of the Stated Clerk by February 1 for inclusion in the handbook, except that the reports of agencies whose work requires a final meeting after that date shall be submitted as soon thereafter as possible.

9.2 Reports from interchurch agencies and from interchurch councils and our representatives thereon shall be made through the Permanent Committee on Inter-Church Relations.

9.3 The Stated Clerk shall, as early as practicable in the sessions, present all reports with suggestion of reference to the appropriate standing committees, or suggestion of a time on the Docket for hearing the report.

9.4 Any full printed report of an Assembly agency presented by the agency's chairman or executive secretary to a standing committee shall replace the synopsis of the report as printed in the handbook, provided that only those recommendations of the agency printed with its handbook report shall be before the standing committee.

9.5 If the chairman or representative of a permanent, ad interim or special committee wishes to be heard in connection with the report, such privilege shall be limited to a five-minute statement. No report printed in the handbook shall be read in full to the Assembly.

9.6 Annual statistical reports from the presbyteries shall be delivered to the Stated Clerk by February 15 of each year.

9.7 Audits of accounts of agencies and committees shall be submitted directly to the Standing Committee on Assembly Operation.

9.8 Minutes of agencies and committees shall be submitted to the standing committee receiving the agency or committee report.

10. Minutes

10.1 The official minutes of the court are the original minutes prepared by the Recording Clerk, adopted by the court and signed by the Stated Clerk.

10.2 In preparing the printed minutes the Stated Clerk is authorized to revise phraseology, spelling, punctuation and enumerations; to correct totals of figures; to abridge reports of theological seminaries, of interchurch councils and representatives thereto. In no case shall he change phraseology so as to alter the meaning. If typographical errors make the printed minutes vary from the original minutes, the Stated Clerk may give notice through the press, which notice shall be authority for those having the printed minutes to make correction therein.

10.3 The printed minutes shall comprise: Part I, Journal with Appendix; Part II, Statistics; and Part III, Bound Reports of Boards and Agencies. Printed copies for binding into Part III shall be supplied by the agencies to the Stated Clerk.

10.4 The Stated Clerk shall send a copy of the entire printed minutes to each Minister, to new Ministers ordained or received, to the Stated Clerk of each presbytery and synod, to the libraries of our Church colleges and theological seminaries. He shall send a copy of Parts I and II to past Moderators, to non-Minister members on committees and agencies, to ruling elder commissioners to the General Assembly, to non-Minister missionaries at the request of the Board of World Missions, in exchange agreements to other Churches and publications, to rising seniors of our theological seminaries, to others as determined by the Committee on Assembly Operation. He shall supply the agencies with reference copies for their necessary use.

11. Standing Committees

11.1 All business shall ordinarily come to the floor for final action through standing committees as follows:

11.2 In the Docket a total of five to six hours shall be set aside for meetings of standing committees.

11.3 Standing Committees shall be named in the following manner:

11.3a The retiring Moderator shall name the chairmen.

11.3b Commissioners shall fill in and return to the Stated Clerk *Preference of Standing Committee Cards* showing first four preferences among standing committees.

11.3c Three weeks before the Assembly meeting, the Stated Clerk shall conduct a drawing of commissioners' names, using the returned Preference Cards plus blank cards for commissioners from whom cards have not been received. The total number of commissioners shall be divided by the number of committees to determine the number on each committee. The first drawing shall be of Ministers' names, the second of ruling elders' names. As each name is drawn a sequence number shall be placed on the card. In that sequence the preference of commissioners shall be observed as far as possible under the following rules: No more than one Minister and one ruling elder from a presbytery on a committee; an equal number of Ministers and ruling elders on a committee, if possible; members or employees of an agency or permanent committee are ineligible to serve on a standing committee reviewing work of such agency or committee. When a commissioner's preference cannot apply because of these rules or because the preferred committee has already reached full membership, the next preference shall be observed. Cards with no useable preference and blank cards shall be held until all possible preferences have been observed, and then used by the Stated Clerk to fill committee quotas as needed.

11.3d Two weeks before the Assembly meeting, the Stated Clerk shall mail back to commissioners the cards indicating drawing sequence number and standing committee assignment.

11.4 During standing committee meetings, executive secretaries and at least one official representative of the policy-making body of an agency, and one representative from a permanent committee (see Standing Rules, 5.5) shall be present, for consultative purposes, except when the committee determines upon an "executive session." Committee reports shall always be adopted in "executive session."

11.5 A report of a standing committee shall be brief and concise. It shall list the items referred to the committee by the Assembly and offer the committee's recommendations thereon. An overture shall be referred to by its number and a brief statement of

substance; a communication by its source and a brief statement of substance; a resolution by the name of the commissioner offering it and a brief statement of substance. No quotation from an agency or permanent committee report shall be included unless necessary to make the report intelligible.

11.6 All nominations made by the Permanent Committee on Nominations shall be reported to the General Assembly by the appropriate Standing Committee; but additional nominations by the appropriate Standing Committee or from the floor of the Assembly shall be in order.

11.7 All reports of standing committees shall be typewritten in three copies by the Assembly's stenographers, and proofread by the committee chairman. The original and first carbon shall be filed with the Stated Clerk until the report is made. The chairman shall read the report from the original typed copy, shall insert on the original each amendment made by the Assembly, shall file the report as finally adopted with the Recording Clerk for the minutes.

11.8 No partial report shall be received from a standing committee without the consent of the Assembly.

11.9 Any recommendation by a standing committee which would affect the Benevolence Budget or the coordination of the program of the Church shall be transmitted to the Standing Committee on the General Council, which shall study the matter in the light of that budget as a whole and make recommendation to the Assembly. Similarly, any recommendation which would affect the Operating Expense Budget shall be handled through the Standing Committee on Assembly Operation.

11.10 A presentation of some aspect of the Assembly's work or interests, requested in connection with a standing committee report, shall be limited if possible to one speaker and fifteen minutes.

12. Other Provisions

12.1 Each recommendation of any committee report shall be considered as a separate question. A commissioner making a committee's report shall move the adoption of the recommendation. If the motion is seconded, the Moderator shall offer the short form of voting. The chairman or member of a committee making a report shall have the right to answer questions properly addressed to him through the Moderator and to conclude the debate on the pending question. No commissioner shall speak more than once on a question until all others who desire to speak have been given opportunity.

12.2 Except when the Assembly orders otherwise, ten minutes shall be the time limit for each speaker in debate, and one hour of debate the time limit on any matter as presented through a main motion and motions subordinate thereto.

12.3 Resolutions ("bills") introducing matters not already before the various committees shall be presented in at least three typewritten copies, ordinarily by the close of the first day's session. They shall be the briefest possible statement adequate for the substance of the matter. The Stated Clerk shall state the main issue of a resolution and suggest the appropriate standing committee for its referral. No resolution shall be in order later than the evening session of the third day except by suspension of this rule; all resolutions prior to this time must be referred to a standing committee. A report by a standing committee on a resolution shall carry the full text of the resolution as referred.

12.4 Any motion which would affect the Benevolence Budget shall be referred to the Standing Committee on the General Council, which shall study the matter in the light of that budget as a whole and make recommendation to the Assembly. Similarly, motions affecting the Operating Expense Budget shall be referred to the Standing Committee on Assembly Operation.

12.5 Executive Secretaries of boards and agencies shall have the privilege of the floor on all matters pertaining to their conduct of their respective responsibilities.

12.6 These Standing Rules may be suspended or amended, except when amendment automatically results from another decision, by a two-thirds vote of the commissioners present and voting. Any motion to suspend is not debatable.

12.7 Robert's *Rules of Order* shall be the standard for parliamentary procedure in cases not provided for in the Assembly's *Rules of Parliamentary Order.*

SECTION II. THE WORK OF THE GENERAL ASSEMBLY BETWEEN ITS MEETINGS

20. Agencies and Committees

20.1 The General Assembly may create the agencies needful for its continuing work of evangelization, nurture and benevolences. Those agencies on which the largest areas of responsibility are placed shall ordinarily be titled "Boards." The Assembly may create the committees, both ad interim and permanent, needful for its work as the highest court of the Church.

20.2 A statement of the area of responsibility assigned to any new agency or permanent committee shall be approved by the General Assembly before the new body is created. This statement shall be incorporated into the manual of such agency or committee.

20.3 Each agency or permanent committee shall operate under a manual approved by the General Assembly. A newly-created agency or permanent committee shall present such a manual to the Assembly within a reasonable time.

20.4 Every amendment to such a manual shall receive the approval of the General Assembly before becoming effective. Any civil charter or amendment thereof needed by an agency or permanent committee shall similarly receive Assembly approval before being presented to the civil authority for recording. The full textual wording of any amendment to such a manual or civil charter approved by the General Assembly shall be printed in the Minutes of the General Assembly.

20.5 Each agency and committee shall submit annually to the General Assembly, in the spirit of faithful trusteeship but with all practicable brevity, a report concerning its area of responsibility and its discharge of that responsibility. Such reports shall include minutes of the proceedings of its policy-making body, audits of all accounts for which it is responsible, and, in conclusion, all of its recommendations.

21. Ad Interim Committees

21.1 Any motion, resolution or overture involving the appointment of an ad interim committee shall be referred to the appropriate standing committee, which shall recommend to the Assembly whether such committee is needed, or whether the matter can be better handled by reference to an existing agency or committee with instruction to study and report; and whether an ad interim committee ordered by the Assembly shall be appointed, and the chairman named, by the Moderator.

21.2 A vacancy occurring on an ad interim committee may be filled by the Moderator's appointment.

21.3 Any recommendation by an ad interim committee which would affect the Benevolence Budget must be presented to the General Council by February 1 preceding the General Assembly meeting. The General Council shall present a specific recommendation on the matter to the General Assembly. Any recommendation by an ad interim committee which would affect the current Operating Expense Budget must be presented to the Permanent Committee on Assembly Operation by January 1 preceding the General Assembly meeting. The Permanent Committee on Assembly Operation shall present a specific recommendation on the matter to the General Assembly.

22. Agencies

22.1 For continuing work toward the fulfillment of the mission of this Church, the General Assembly maintains the following agencies:

The Board of Annuities and Relief
The Board of Christian Education
The Board of Church Extension
The Board of Women's Work
The Board of World Missions
The General Council
The Historical Foundation
The Mountain Retreat Association
The Presbyterian Foundation, Inc. (U.S.)
The Presbyterian School of Christian Education, Inc.

Stillman College

22.2 The Assembly cooperates with other communions in the following interchurch agencies:

The American Bible Society
The Lord's Day Alliance
Religion in American Life

22.3 The foregoing two paragraphs shall be considered amended automatically upon action of the Assembly to create or to discontinue an agency.

22.4 The General Council is the agency of the General Assembly to foster coordination of and planning for the work of the General Assembly as expressed through the various agencies created to perform the several aspects of the Church's witness. The General Council has particular responsibility in the area of immediate and long-range planning for the program of work for the whole Church and in the area of finance for the agencies through which this program is accomplished. It shall be related to the agencies as provided under the Manual of the General Council. Any request for the General Assembly to make adjustments in the division of responsibility among the agencies or to create new agencies shall be referred to the General Council for its recommendation to the General Assembly meeting.

23. Permanent Committees

23.1 For continuing aspects of its work as the highest court of the Church, the General Assembly maintains the Permanent Judicial Commission and the following Permanent Committees:

Assembly Operation
Christian Relations
Christianity and Health
Inter-Church Relations
Minister and His Work
Nominations

23.2 The foregoing paragraph shall be considered amended automatically upon action of the Assembly to create or discontinue a permanent committee.

23.3 Manuals of permanent committees shall be reviewed by the Permanent Committee on Assembly Operation, and proposed amendment of such manuals referred to this Committee for its recommendation to the General Assembly.

Instructions To Stated Clerks

Reports from Presbyteries

The General Assembly instructs the Stated Clerks of Presbyteries as follows:

1. Secure from the Stated Clerk of the General Assembly the latest forms of blanks. Order just enough for the year, allowing a few extras for churches which may lose the set sent them.
2. Make the report in clear, distinct writing, especially the columns of names and figures in the Statistical Tables. Omit all fractions of a dollar in the money columns. If it is $10.50 or less, enter $10.00; if $10.51 or more, enter $11.00. Add *all* columns, if possible, on adding machines. Proofread the adding machine work before mailing. *Attach adding machine slips to the report.* Make the vowels in the names of Ministers, churches and post offices very distinct. Printers have much difficulty with vowels which look very much alike.
3. When a church does not make a report, enter it in the listing according to post office; give number of Ruling Elders, Deacons, and members from the last report.
4. When a Stated Clerk of Presbytery is ready to make out his statistical report to the General Assembly, he is requested to study the report of his Presbytery in the Minutes of the General Assembly for the preceding year. All of the statistical reports are uniform in arrangement and each Stated Clerk should use the report of his Presbytery in Assembly Minutes as a pattern.
5. Fill out the statistical report blank, giving list of churches according to post office. Where there is more than one church at a particular post office, list those bearing

numerical titles first; follow these with other churches alphabetically arranged. If a Minister serves more than one church, the number of churches should be indicated by the figure in parenthesis opposite his name. Ministers who are not serving a church or churches in the Presbytery must be listed at the bottom of the statistical report with occupation and post office. Give number of candidates. The Stated Clerk of the Assembly must have this list to perfect the alphabetical list for the Minutes.

6. At the close of the church year, the Stated Clerk of the Assembly will forward to each Presbytery's Stated Clerk an Official Roll of the Ministers and licentiates as of December 31. This list must be carefully checked as to: degrees, occupation and mailing address. Immediately upon completion of this roll it should be returned to the Stated Clerk of the Assembly.
7. Mail to the Stated Clerk, Rev. James A. Millard, Jr., 341 Ponce de Leon Ave., N.E., Atlanta 8, Georgia, all reports from the Presbytery just as soon as they are prepared. The Standing Rule requires that all these reports shall be in the hands of the Stated Clerk by February 15.
8. Mail overtures and other official correspondence, including a list of Commissioners, at earliest possible date; otherwise, the printing of the Handbook will be delayed. Send each overture upon a separate sheet of paper, written only on one side, duly signed by the Stated Clerk. (Read also Standing Rules 7 and 8.)
9. Notify promptly the Stated Clerk of the Assembly when a change is made in the Stated Clerk of Presbytery.
10. Notify the Stated Clerk of the Assembly on cards supplied by him of the reception and dismission of Ministers within forty-eight hours after the meeting of the Presbytery, or, when dismission is done after action by Commission on the Minister and His Work.
11. Stated Clerks of Presbyteries are instructed to send Sessional statistical reports, along with Presbytery's statistical report, to the Stated Clerk of the General Assembly.

Reports from Synods

The General Assembly hereby instructs the Stated Clerks of Synods as follows:

1. Notify the Stated Clerk of the General Assembly before the meeting of each Assembly of the formation or dissolution of Presbyteries within the bounds of their respective Synods; of the time and places of the next meeting of these bodies; of any changes which may be made in the Stated Clerk of Synod. *These three things* should be attended to immediately on the adjournment of Synod. A *marked* copy of the printed minutes is not an official notification. An official letter should be written covering the items mentioned above.
2. Send an attested copy of Synod minutes to the Stated Clerk of the General Assembly for presentation to the Assembly. Such copy shall be marked on the *cover* "Attested Copy," and the formal attestation shall be placed at the close of the journal minutes. (Minutes of the General Assembly, 1960, pages 61 and 155.)

PRAYER FOR THE GENERAL ASSEMBLY

WHEREAS, The General Assembly of the Presbyterian Church in the United States fully recognizes the efficacy of the prayers of God's people, and the necessity for divine guidance in its own deliberations; therefore,

Resolved, First, That the General Assembly recommend to all the churches under its care to offer special prayer during the devotions of the Sabbath preceding the meeting of the General Assembly in each year, that God would of great mercy so give the Assembly the wisdom that cometh from above, and so direct all its plans, discussions and decisions as to promote His own glory and to advance the kingdom of Jesus in the earth.

Resolved, Second, That the above preamble and resolution be printed annually in the Appendix to the Minutes of the Assembly.

INDEX OF CHURCHES

The General Assembly of 1930 directed that the Alphabetical List of Churches be printed in the Minutes (see page 80 of 1930 Minutes).

Explanatory Note

Churches are alphabetized both by name and by postoffice.

Where the name of the church appears first the Presbytery is then given in parenthesis, followed by the name of the town or city, and the date given indicates year of organization. Street addresses shown under names of towns or cities. Towns or cities are listed first when similar names of churches occur.

The Presbytery is used instead of a page number for reference to Statistical Reports. For the convenience of those who are not familiar with the presbyteries, an alphabetical index, with page number for each presbytery is given on page *iv*-Part II.

This index is as accurate as it could be made by comparing the reports of the presbyteries with the reports from the individual churches. Where any discrepancy occurred as to postoffice, the report of the latter is used. In some instances, therefore, this index will vary as to postoffice from the statistical tables printed in the Minutes.
